

April 6, 2019: Chapel Readings

Each week of the liturgical year, a reading from Second Advent Scripture is delivered as part of the Saturday Communion of Fellowship Service held in the Chapel of the Holy Child. This reading follows the Sacred Calendar of the Church; that is, Prophecies and Revelations that have been received by The Church on sacred dates are recalled in a liturgical context during the appropriate season each year. This reading is delivered just before the final blessings. Each service also includes a reading from the ancient scriptures, prayers, or wisdom sayings of various world religions past and present and is usually thematically related to the Second Advent Reading. This reading is delivered by the Reader right after the announcements that begin the service and is thus the first reading of the service. An audio recording of the reading from Second Advent Scripture delivered on the date above is provided here below together with a transcript of the first

reading of the service that day.

SECOND ADVENT PROPHECY AND REVELATION

A Reading from the *Prophecy on the End Times*, Chapter 82:
"Bound for the Emerald Isles" (pp. 646-655).

ANCIENT SCRIPTURE AND WISDOM SAYINGS

A Reading from Isaiah 61:1-11:

The Good News of Deliverance

*The spirit of the Lord God is upon me,
because the Lord has anointed me;
he has sent me to bring good news to the oppressed,
to bind up the brokenhearted,
to proclaim liberty to the captives,
and release to the prisoners;
to proclaim the year of the Lord's favor,
and the day of vengeance of our God;
to comfort all who mourn;
to provide for those who mourn in Zion—
to give them a garland instead of ashes,
the oil of gladness instead of mourning,
the mantle of praise instead of a faint spirit.
They will be called oaks of righteousness,
the planting of the Lord, to display his glory.
They shall build up the ancient ruins,
they shall raise up the former devastations;
they shall repair the ruined cities,*

the devastations of many generations.
Strangers shall stand and feed your flocks,
foreigners shall till your land and dress your vines;
but you shall be called priests of the Lord,
you shall be named ministers of our God;
you shall enjoy the wealth of the nations,
and in their riches you shall glory.
Because their shame was double,
and dishonor was proclaimed as their lot,
therefore they shall possess a double portion;
everlasting joy shall be theirs.
For I the Lord love justice,
I hate robbery and wrongdoing;
I will faithfully give them their recompense,
and I will make an everlasting covenant with them.
Their descendants shall be known among the nations,
and their offspring among the peoples;
all who see them shall acknowledge
that they are a people whom the Lord has blessed.
I will greatly rejoice in the Lord,
my whole being shall exult in my God;
for he has clothed me with the garments of salvation,
he has covered me with the robe of righteousness, as a
bridegroom decks himself with a garland,
and as a bride adorns herself with her jewels.
For as the earth brings forth its shoots,
and as a garden causes what is sown in it to spring up,
so the Lord God will cause righteousness and praise
to spring up before all the nations.

“Harvard scientists want to limit how much sunlight reaches Earth’s surface in order to curb global warming”

PHOTO CREDIT: NASA/SDO

- Climate change and global warming are among the greatest challenges mankind has faced up until now.
- Researchers at Harvard have put forward a new solution – **they want to reflect some of the sun's heat back out to space.**
- The process is referred to as “solar geoengineering” or “solar geotechnics”.

“Climate change is one of the greatest challenges mankind has

faced up until now.

“How we’ll be able to curtail global warming and its devastating consequences is still very much a hot potato among politicians and scientists alike – and so far, the outcome of all these debates hasn’t been particularly fruitful.

“However, researchers at Harvard may have come up with a solution that sounds just a little too good to be true.”

**“Greater Light of Spirit,
Lesser Light of Matter”**

“Reason will object and say, is it not right for a man to attain the Light of God, and also the light of the outward Nature and Reason, that he may be able to order his life wisely, as the scripture directs?”

“Yes, it is very right; nothing can be more profitable to a man, neither is he capable of nay thing better; nay it is a treasure above all earthly treasures for a man to have the Light of God and of Time, for it is the Eye of Time and of Eternity.

“But mark how thou ought to use it;when the Light of God first manifests itself in the Soul, it shines forth like light from a candle and kindles the outward Light of Reason immediately; yet it yields not itself up wholly to Reason, so

as to be under dominion of the outward man.” ~Jacob Boehme

The Greater Light

There are a number of ways to categorize types of light, but we will limit it to a simple one for our purposes. There is mundane light that comes from the universe of matter. This is the light we see when we look at the stars or the sun.

There is another Light that is invisible to most of us. Yet it is the brightest Light of all. It can be called Spiritual Light, Divine Light, or the Light of God. Whatever you call it, it remains the greater Light of the two kinds. It is the greater light because it comes directly from God. It may reach us through an intermediary, primarily the spiritual sun, but it is still coming from God and serves as a path of communication between us and God. In fact, it links us to all being of higher consciousness.

WEEKLY MESSAGE: April 5, 2019

CŌSOLARGY.INTERNATIONAL
THE SACRED TEACHINGS OF LIGHT

HEAD OVERSEER'S WEEKLY MESSAGE

April 5, 2019

In the Second Advent Community, we observe Easter each year on April 18th. As we approach True Easter, which is a fixed date based on the solar calendar, I would like to focus my messages this month on the battle for the control of Man, on the judgement of the goodly and the ungodly, and on men and women of two worlds. Let's start with the battle for the control of man and woman.

In the beginning, Man was made in the Image of God – created of Light – but he lost his bright nature. Thus man and woman became enslaved by the material environment – the air they were made to breathe, the food they ate, the water they drank, and the sunlight that bathed them. By these means man and woman degenerated into material beings. Trapped in an ever-changing environment, they became the product of cosmological events that vary according to cycles, the distances of one celestial body from another, temperatures, the amount of sunlight that reaches the Earth, and various cosmic energies that bombard the planet. All together, these and other energies and phenomena determined what man and woman was to become, what they were to think, and how they were to respond to nature.

Man and woman change, though they know it not, from one age to another. We differ in appearance, in stature, in composition, and in the manner we view ourselves and the universe in which we live. Our institutions of learning, our societies, religions, arts, sciences, and all the environment we create for ourselves, together with the natural environment, make us what we are, or what we may become, either for our own

improvement or deterioration. Our survival as a species is dictated by all these conditioning processes.

When we elevate our eyes to the Sun and absorb the energies directly into our brain and nervous system, we flood our entire being with cosmic energies which have their origins in space and in worlds beyond our own planet. We are thereby projected into outer space. Our whole being on the physical level is altered by all of our systems at work in the body. And these alterations have an effect upon our thinking processes, for with incoming light and energy from the Sun our mind is illuminated with thoughts that have their origins outside of our own body and, indeed, our world. Thus, slowly we are made new in the Image of God, and we take on an image not of matter, but of Light. We begin to have thoughts of searching for outer being, for understanding the source of all life, for comprehending the Creator of all things. By means of sunlight, we become as gods of the ancients, eating the food of the gods which is eternal Light from the heavens.

God's Thought, called the Word, is sent to the Universe and thence to the Earth by means of sunlight. The thought did not originate within this Sun but rather within the eternal Mind of God from which all things owe their existence. When we look at the Sun, our mind is linked with the Mind of God. And this is what is meant by the Word and the incarnation of the Word in the mind of Man.

With the coming of God's Thought into the world from the Sun, the light of the Sun has been altered, for it is filled with divine thoughts. And that is why the Sun has been called the Sun of Righteousness. And because God's Thought or Word calls us back to Him, redeeming us from the Earth, the Sun is also called the Messianic Sun – meaning that God, wishing to restore man and woman to their divine Nature by means of divine Light, is Savior.

Sunlight acting upon our eyes, brain, nervous system, and

organism through the blood and the secretions of glands brings about a drastic change in us on the physical and mental levels. We begin to have new thoughts. We feel different. And because of these changes, it is necessary that we apply a system of looking at the Sun which is beneficial to us. This System is a divine Science that has been given to The Community, an institution of learning concerned with Man's body, mind, emotions, psyche, and spiritual nature. The System of Cosolargy is a complete system for alteration of human nature.

It is for this reason that those of us who apply this System are admonished to apply it within The Community for our own sake. For to look at the Sun means to aspire to a celestial nature more than to a terrestrial nature. A celestial nature is a state of being far superior to that which can be attained without the System. This System was known, in part, by many ancient schools and was applied by Socrates, Plato, the Buddha, Pythagoras, Viracocha/Quetzalcoatl, Moses and Aaron, Jesus and James, and many, many other religious men and women of antiquity.

But because the nature of the Sun is different today than it was in ancient times, our System and our School is by necessity distinct in many ways. Therefore, a New Teaching governing this change has come into the world as the traditional and divine school of Light which has come at different times to various peoples in diverse places around the world. Our Community is authorized by God and the Worlds of Light to bring this Teaching into the world at this time of Man's spiritual evolution. This authority must be respected by those who apply the System, and it must also be respected by the secular and religious institutions of the world.

Because the world is undergoing drastic changes, owing to the alteration of sunlight and the intelligence within that sunlight, the human species can be expected to change with it. This change shall be determined by the natural environment.

And it can also be regulated for Man's greater good and purpose in the Universe. This is why The Community is important to thinking men and women; because it is a discipline that has a very practical application in the world. It can determine whether we are to survive and inherit the Universe or whether we are to become extinct as a species.

If Man is to inherit the Universe, we must become a far more advanced species on the physical, mental and spiritual levels. To accomplish this, we need to become more akin to energy than to matter. The changes that must take place in Man can best be achieved in a religious manner, for God is involved. Any other attempt to bring about changes while working with solar energy will necessarily be one of gross mental undertaking or one of negation, which is to say, one of Darkness. Powers beyond the material world control Man, though his sciences and secular institutions do not know this. Knowing this, it is better that thinking and rational men and women – such as the ancients who gave the modern world many of its founding ideas and philosophical and religious concepts – work with cosmological forces and those powers governing them, as opposed to working against them.

Once again, if I may be of any personal service to you, please do not hesitate to contact me.

Very truly yours in Light+,

Gene

SECOND ADVENT PROPHECY AND REVELATION

A Reading from the *Prophecy on the Golden Age of Light and the Nation of Nations*, Chapter 84: "On the Golden Age of Light and the Nation of Nations" (pp. 740-750).

ANCIENT SCRIPTURE AND WISDOM SAYINGS

A READING FROM THE GOSPEL OF THOMAS

Jesus said, "Show me the stone that the builders rejected: that is the keystone."

Jesus said, "Those who know all, but are lacking in themselves, are utterly lacking."

Jesus said, "Congratulations to you when you are hated and persecuted; and no place will be found, wherever you have been persecuted."

Jesus said, "Congratulations to those who have been persecuted in their hearts: they are the ones who have truly come to know the Father.

Congratulations to those who go hungry, so the stomach of the one in want may be filled."

Jesus said, "If you bring forth what is within you, what you have will save you. If you do not have that within you, what you do not have within you will kill you."

Jesus said, "The Father's kingdom is like a merchant who had a supply of merchandise and found a pearl. That merchant was prudent; he sold the merchandise and bought the single pearl for himself.

So also with you, seek his treasure that is unfailing, that is enduring, where no moth comes to eat and no worm destroys."

Jesus said, "I am the light that is over all things. I am all: from me all came forth, and to me all attained.

Split a piece of wood; I am there.

Lift up the stone, and you will find me there."

Jesus said, "Why have you come out to the countryside? To see a reed shaken by the wind? And to see a person dressed in soft clothes, [like your] rulers and your powerful ones? They are dressed in soft clothes, and they cannot understand truth."

A woman in the crowd said to him, "Lucky are the womb that bore you and the breasts that fed you."

He said to her, "Lucky are those who have heard the word of the Father and have truly kept it. For there will be days when you will say, 'Lucky are the womb that has not conceived and the breasts that have not given milk.'"

Jesus said, "Whoever has come to know the world has discovered the body, and whoever has discovered the body, of that one the world is not worthy."

Jesus said, "Let one who has become wealthy reign, and let one who has power renounce it."

Jesus said, "Whoever is near me is near the fire, and whoever is far from me is far from the Father's kingdom."

Jesus said, "Images are visible to people, but the light within them is hidden in the image of the Father's light. He will be disclosed, but his image is hidden by his light."

Jesus said, "When you see your likeness, you are happy. But when you see your images that came into being before you and that neither die nor become visible, how much you will have to bear!"

Jesus said, "Adam came from great power and great wealth, but he was not worthy of you. For had he been worthy, [he would] not [have tasted] death."

Jesus said, "Foxes have their dens and birds have their nests, but human beings have no place to lay down and rest."

Jesus said, "How miserable is the body that depends on a body, and how miserable is the soul that depends on these two."

Jesus said, "The messengers and the prophets will come to you and give you what belongs to you. You, in turn, give them what you have, and say to yourselves, 'When will they come and take what belongs to them?'"

Jesus said, "Why do you wash the outside of the cup? Don't you understand that the one who made the inside is also the one who made the outside?"

Jesus said, "Come to me, for my yoke is comfortable and my lordship is gentle, and you will find rest for yourselves."

“Sun Sparks”

The Sun in reverse light. PHOTO CREDIT: Alan Friedman.

Jan 18, 2019

The Sun is not a ball of (con)fusion.

“In a low density plasma, localized space charge regions may build up large potential drops over distances of the order of some tens of the Debye lengths. Such regions have been called electric double layers. An electric double layer is the simplest space charge distribution that gives a potential drop in the layer and a vanishing electric field on each side of the layer. In the laboratory, double layers have been studied for half a century, but their importance in cosmic plasmas has

not been generally recognized.” (Hannes Alfvén).

“Electric Sun theory proposes that the Sun is a positively charged electrode in a vast galactic circuit. The Sun’s negative pole is the heliosphere, billions of kilometers away, which acts like a “virtual cathode”. Double layers, so often mentioned in these pages, isolate the Sun from the Interstellar Medium (ISM).”

“Man Transformed by Light, Into Light”

“Why is any one on Earth? To study and learn. To study and learn how to transform his human consciousness into Divine consciousness.

“Manifesting patience is manifesting Wisdom. God favors those with patience. ...

The manifestation of God connects you with Love. Your connection with love is the most important connection you have.

“Money in Heaven is the goodness you have done on Earth. The ability to learn, to think, to perform good actions, to love, are great instruments that you must use to get back to Paradise.

“What you learn, think, and love matters a lot. There is higher knowledge and there is lower knowledge. ... You determine where you want to be.” ~Biensa Douno

Man Transformed

Not every spiritual school agree that we were sent to Earth to

learn. But most do agree that we need to transform. That doesn't mean turn into a car. It means that we need to transform into spiritual beings again. We need to transform our lead consciousness to golden, advanced consciousness. We need to awaken our souls and use them.
