

WEEKLY MESSAGE: March 29, 2019

CŌSOLARGY INTERNATIONAL
THE SACRED TEACHINGS OF LIGHT

HEAD OVERSEER'S WEEKLY MESSAGE

March 29, 2019

For today's message, I would like to focus a little on the existence of Divine Reason. It has been asked in scripture, "What shall it profit a man if he shall gain the whole world and lose his own soul?" We can see in our world today that people seek material gain above all else, rejecting the true gain which is immortality of Spirit and Soul. This is primarily true in the Western world where people generally reject the benefits of that state of spiritual immortality – gained while we live in the material world – which is a sharing of Divine Reason that fills the Universe as the sea fills the floor of the ocean.

In the Americas, especially North America, men and women from all over the world have come to the shores of this hemisphere over many centuries seeking a new and free life of plenty. Although this was not true for some who came, for the most part they found more than their dreams foretold. We have an abundance of all things, and it is not fitting that we reject the greater abundance which God extends.

But the greater gain is at hand, for God has brought forth the Light of His Righteousness and has filled America with a greater good still. And that greater good is the birth of the Religion of Light come into existence by the Hand of God. And would men and women of intelligence and plenty reject such a gift? All reasoning individuals know that material things are of little good without freedom, love and spiritual values. And if they do not know this, they are, above all people in the world, most miserable. For without embracing the spiritual, all that which is acquired shall be taken away as it was given. To understand spiritual values, Man needs to comprehend

Divine Reason. And in order to comprehend Divine Reason, man and woman must be divine.

God has filled the Sun and the ether, which from ancient times teachers have said was the heavens and the sky outside the realm of the earth's atmosphere, with a Divine Intelligence which has its origins in the Consciousness of God. And this is the fruit of the Sun of Righteousness. And this Reason, streaming forth out of the Sun as a thought streaming forth out of the Consciousness of God, acts upon the consciousness of man and woman.

As a flower comes forth from the seed upon the impact of the Sun's seasonal rays, Man's reason blossoms upon the impact of God's Consciousness. And the Divine Reason filling the ether is as a seed that impregnates the Spirit giving it individual life. For the Spirit of Man is as a sleeping Soul that must be awakened. Once awakened, the individual Spirit reasons. In ancient times, Holy Ones spoke of the Word of God which was Divine Reason manifesting within nature. And herein dwelt the truth.

The ancient Greeks called the True Reason of nature *Logos*. And the Logos was the Light that created the First Man. And they compared this Light to the beam of God's Eye which was in the image of the Sun. And within the beam was God's Thought. And people had but to look at the Eye of God to see into the Soul of Creation. And Divine Religion instructed men and women how to look into the Soul of God through His Eye.

For the Light of God is a radiant beam that sees all things in Creation, meting out Divine Justice. And Divine Religion taught men and women how to be strong to withstand that Light and of the nature of the Word called Logos. For all weak things wither and melt under the rays of God's Light. And the nature of God was explained in this manner and Man did understand and experience God as a friend. And the Sun was the door to Heaven. And men and women did enter with awe and

wonder. And the Holy Ones, having entered God's realm through the Sun, became the mouthpiece of God speaking divine oracles. For their minds were filled with God's Word.

Today's world, under the influence of temporal science, technology and social materialism, has lost sight of the value of spirituality. Please don't misunderstand. These things unto themselves are not bad. However, materialists, technicians and natural scientists have become leaders of a dark religion – a religion of unbridled materialism and commerce. They have assumed the role of priests whose words and theories are believed by the unsuspecting masses. They see the Sun merely as a ball of fire, or an atomic furnace, only sending out light and heat into the solar system. They cannot understand that it is a living thing – the center of Intelligence and Divine Reason!

To them, God has no existence and all things are to be explained by their concepts, which are limited to physical nature. Priests of the old churches and religions scoff at those who regard the Sun as an instrument of enlightenment. They speak of God as a supreme being beyond all material things. But they have not seen God nor communed with Him for they know not how to attain an understanding of God, having shut themselves up in dark buildings and temples away from the glory of God's Image. Because of limited reasoning, scientists, materialists and even the so-called ministers of God have separated themselves from the true religion of God.

A Religion of Light is not of this low and limited order. Nor are the scientists of Divine Religion (who are we) content to study only the material things which perish. Instead, we look to the cause, to origins and to permanence, seeking the divine and the spiritual. For we know that the ancients who knew of the Logos – the Divine Reason pervading all things – gave the world teachings that have laid the foundation for the world's social orders, religions, and sciences. But the human race collectively has set itself up as an insolent child,

disobeying the supernatural reason of nature that comes with the rays of the Sun.

Because America is a great nation of many peoples, representing all the races and religions of the world, God has ordained that the new Religion Light be born in America – not Jerusalem or Rome or some other place. He ordains that all people everywhere should know of the existence of the Word, which is God's Divine Reason manifest in all of Creation. And this Divine Reason enlightens those who seek it. And the Divine Reason generated within the spirit of the peoples of America shall bring forth a New People. And the material shall be wedded to the spiritual for a great Nation of God. This state of being is the destiny of America. And from America, the Light shall be spread to all the world. And that is the mission of this Community.

Once again, if I may be of any personal service to you, please do not hesitate to contact me.

Very truly yours in Light+,

Gene

March 23, 2019: Chapel Readings

Each week of the liturgical year, a reading from Second Advent Scripture is delivered as part of the Saturday Communion of Fellowship Service held in the Chapel of the Holy Child. This reading follows the Sacred Calendar of the Church; that is, Prophecies and Revelations that have been received by The Church on sacred dates are recalled in a liturgical context during the appropriate season each year. This reading is delivered just before the final blessings. Each service also includes a reading from the ancient scriptures, prayers, or wisdom sayings of various world religions past and present and is usually thematically related to the Second Advent Reading. This reading is delivered by the Reader right after the announcements that begin the service and is thus the first reading of the service. An audio recording of the reading from Second Advent Scripture delivered on the date above is provided here below together with a transcript of the first reading of the service that day.

SECOND ADVENT PROPHECY AND REVELATION

A Reading from the *Prophecy on the Golden Age of Light and the Nation of Nations*, Chapter 84: "On the Golden Age of Light and the Nation of Nations" (pp. 732-740).

ANCIENT SCRIPTURE AND WISDOM SAYINGS

A Reading from the 4th-century BC Daoist Writings of the Sage Chuang-Tzu:

How complete was [the operation of the Tâo] in the people of old! It made them the equals of spiritual beings, and subtle and all-embracing as heaven and earth. They nourished all things, and produced harmony under heaven. Their beneficent influence reached to all classes of the people. . . . Great and small, fine and coarse—all felt their presence and operation. Their intelligence, as seen in all their regulations, was handed down from age to age in their old laws, and much of it was still to be found in the [writings of the] Historians.

But there ensued great disorder in the world, and sages and worthies no longer shed their light on it. The Tâo and its characteristics ceased to be regarded as uniform. Many in different places got one glimpse of it, and congratulated themselves on possessing it as a whole. They might be compared to the ear, the eye, the nose, or the mouth. Each sense has its own faculty, but their different faculties cannot be interchanged. So it was with the many branches of the various schools. Each had its peculiar excellence, and there was a time for it; but notwithstanding no one covered or extended over the whole [range of truth]. . . . Thus it was that the Tâo, which inwardly forms the sage and outwardly the king, became obscured and lost its clearness, became

repressed and lost its development. Every one in the world did whatever he wished and was the rule to himself. Alas! the various schools held on to their several ways, and could not come back to the same point, nor agree together. The students of that later age unfortunately did not see the undivided purity of heaven and earth, and the great scheme of truth held by the ancients. The system of the Tão was about to be torn into fragments under all of heaven.

“Russia’s Roscosmos Space Agency published a video on YouTube revealing sounds of the cosmos.”

“Various sounds such as those emitted by pulsars, the Sun, Jupiter and its moon Ganymede, black holes, the Aurora Borealis and interstellar space have been recorded by Roscosmos with the help of special radio telescopes.

“Russian experts said that these sounds can’t be heard in the conditions of the space vacuum. For example, solar flares, the collision of asteroids and explosions of stars occur in complete silence.

“However, using a radio telescope, they were able to decipher

the sound waves and transform them into sounds.”

“God’s Will and the Pure Soul”

“You ask how one who desires to follow the movements of God’s Spirit may distinguish these movements, from the natural operations of the mind. There is not, at all times, a

positive certainty regarding divine movements. If it were so, we should become infallible as the angels, that is, if we were pure in intentions. We must walk with God, in entire abandonment and uncertainty, at the risk of sometimes making mistakes, which in the infancy of experience is unavoidable.

...

“A pure soul acts in simplicity, and without certainty, being persuaded that what is good comes from God, and what is not good from self. ... The soul in this state is only a simple instrument that the Word, which is in her, moves, so that it is the Word which speaks and not herself. ... I have an experience of many years, that God often makes known His Will, only in the time of action.” ~Madam Guyon

God's Will

It is always a good idea to follow the Will of God. Especially if you are trying to develop your spiritual side. The most obvious reason for this is that no being knows better than God Himself which is the best, most direct, and least dangerous path to follow. There is a reason why people who are successful in a field often write self-help books about it. They know the path that works. Sadly, when it comes to spiritual development, there are many who will insist on following the philosophy that there is no correct path. Each of us, they say, must follow his own path. Twenty years later, those people will still be going around in circles and making no real progress. Sure, there are many paths you can take. God knows which is best.

HEARTS UNITED WITH
CHRISTCHURCH
AND THE MUSLIM COMMUNITY

Wednesday, March 20, 2019

6:00pm-7:15pm

NNMC Center
1857 Oddie Blvd.
Sparks, NV 89431

"THE SIMILITUDE OF BELIEVERS IN REGARD TO MUTUAL LOVE, AFFECTION, FELLOW-
FEELING IS THAT OF ONE BODY; WHEN ANY LIMB OF IT ACHES, THE WHOLE BODY ACHES"
-SAHIH MUSLIM

In light of the horrific events that took the lives of 50 Muslims in two mosques in Christchurch, the Northern Nevada

Muslim Center hosted an event to remember them and to show solidarity. The event, called "Hearts United with Christchurch and the Muslim Community," was held Wednesday, March 29, 2019 at the center on Oddie Blvd in Sparks.

The President of the Center, Sherif Elfass, said the event "intended to show solidarity through action. In 2015, nine of our African American brothers were killed in their place of worship, few months ago, ten of our Jewish brothers and sisters were killed in their place of worship and now 50 Muslims. Time of action is now. In my remarks, I plan to talk about actions we will be taking to combat hate and I hope you will consider the same."

Bishop Gene Savoy Jr addressing the assembly
at Northern Nevada Muslim Center

Mr. Elfass invited Bishop Gene Savoy Jr to speak with other clergy at the program. Bishop Savoy delivered the closing address:

On behalf of the International Community of Christ, let me express my sincere condolences to all of my Muslim brothers and sisters. I am very honored to be here at this service of prayer, solidarity and coming together in the face of violence against people of faith and in the name of religion.

But I am also very sad. I'm upset. I am sad, of course, about why we are gathered here today. But I am even sadder at what I see happening in our world today.

It seems that no place on earth, save Antarctica, is safe any longer from this creed of hate which has achieved a new life on social media. Muslims were attacked and killed last week in New Zealand. Four days before that, 52 Christians were attacked and killed in Nigeria and 153 of Christian homes burned to the ground. Last October, Jews were attacked and killed in Pittsburgh. And it goes on and on.

We should all be outraged. Let me say that again: we should all be outraged! Because the key to understanding today's terrorist threats are not merely to be found in the online underground, which has become a breeding ground for contemporary extremists of all kinds, but to understand the profound and blatant evil and darkness manifesting in today's world in great magnitude. Let's make no mistake about it: What we are witnessing the world over is evil and Darkness.

Is this the world in which we want to live? Is this the kind of place we want to bequeath to our children? It will be, as long as we turn a blind eye to the vast amount of pain and suffering that goes on in the world around us. We can no longer choose to remain silent or be oblivious to this profound evil and darkness that is permeating the world. And that is what this is. Let's make no mistake about it. This simply is profound evil and darkness. And it is now targeting people as they go into their places of worship – their sacred and quiet places. There will be no place for refuge any longer if we continue along this path. What is next? Our homes?

But, we come together to offer hope. We come together to say that we will not be driven from our places of worship – none of us. Let us be reminded that the spirit is strong in the human race and sometimes we, each and every one of us, needs

to be reminded of the immense power we have to do good or to do evil. If the peoples of the earth were to realize this, they would turn from the ways of ignorance and submission to evil and darkness and embrace the good and the light with all of their might.

And that, perhaps, is what we are here to do: to encourage people to break from the hold of evil and darkness. If we see it, don't turn a blind eye. If you hear it, don't be silent. Life is too precious and time is too short for the human family to play this deadly game of unending strife, war, instability, and hate.

The peoples of the earth cry out for peace. But peace begins with the individual who lives god's way. When we collect together in peace, of whatever religion or spiritual community, we then become people of peace and fellowship with one another.

My heart, my thoughts, and my prayers go out to everyone who has suffered from this evil and darkness. Thank you for having me.

Community Celebrates Diamond Jubilee

2019 marks the 60th anniversary of the founding of The Community in 1959. It also marks the 60th observance of The Child Jamil's physical birth on March 16, 1959 in New Smyrna Beach, Florida.

Bishop Gene Savoy, Jr. had this to say about the anniversary, "We know from our studies that after receiving three omens in 1948, 1955 and finally in 1956, The Man – Gene Savoy, Sr. – also known in our Community as the First Apostle and Prophet, journeyed to Peru to begin his ministry in 1957. Later that year, in October after a grave illness, he experienced a

visitation from an Angelic Being who announced the coming of the Wondrous Child into the world. My father later would realize that the Angelic Being was none other than Jamil himself in angelic form. Nevertheless, while The Man's ministry began in 1957, the Community was founded with the birth of The Child in 1959. The full story is recounted in Jamil: Child of Light."

On Saturday, March 16, Bishop Savoy read from The Prophecies of Jamil: Prophecy on the Golden Age of Light and the Nation of Nations. The Candle of Remembrance was also lit during the Communion of Fellowship Service on that day.

Additional celebrations and observances will be held throughout the year, specifically during this year's Annual Convocation (September 3rd-8th, 2019), which will include readings of the 25th, 26th and 27th Sayings of Jamil – never before published . Discussion of these Sayings will be recorded and compiled in order to help complete the seventh and final volume of The Secret Sayings of Jamil , which is planned to be published later this year.

SECOND ADVENT PROPHECY AND REVELATION

A Reading from the *Prophecy on the Golden Age of Light and the Nation of Nations*, Chapter 84: "On the Golden Age of Light and the Nation of Nations" (pp. 723-732).

ANCIENT SCRIPTURE AND WISDOM SAYINGS

A Reading from the Gospel According to Matthew:

And seeing the multitudes, Jesus went up onto a mountain: and when he was set, his disciples came unto him: And he opened his mouth, and taught them, saying, Blessed are the poor in spirit: for theirs is the kingdom of heaven. [Blessed [are] they that mourn: for they shall be comforted. Blessed are the meek: for they shall inherit the earth. Blessed are they which do hunger and thirst after righteousness: for they shall be filled. Blessed are the merciful: for they shall obtain mercy. Blessed are the pure in heart: for they shall see God. Blessed are the peacemakers: for they shall be called the children of God. Blessed are they which are persecuted for righteousness sake: for theirs is the kingdom

of heaven. Blessed are you, when people shall revile you, and persecute you, and shall say all manner of evil against you falsely, for my sake. Rejoice, and be very glad: for great is your reward in heaven: for so did they persecute the prophets before you.

You are the salt of the earth: but if the salt has lost its flavor, with what shall it be salted? It is then good for nothing but to be thrown out and trodden under foot.

You are the light of the world. A city that is set on an hill cannot be hidden. Neither does someone light a candle and put it under a basket, but on a candlestick, that it may give light to all that are in the house. Let your light so shine that people may see your good works, and glorify your Father in heaven.

“Sun of Life Brings Knowledge and Understanding”

Woman stands in praise before a beautiful night sky.

“What is the most sublime of concerts? The sunrise. God is the Sun of Life When this Sun awakens, you will see and understand the world in the right way.” If you wish to remain free, be like light. Light is free. If you wish to be strong think of light. Light is strong and alive. Love light and be

free.

“For those who are able to see, everything in living nature is light. Everything on earth, all minerals, plants, animals, as well as the bodies of men, are nothing more than light. ...

“When we say that people should lead pure, sacred and wise lives, we have in mind that they should tap the appropriate energies of the Sun.” ~Biensa Douno

Concert of the Sun

It may seem strange to refer to the sunrise as a concert, but it isn't. Many who practice spiritual sun-gazing (not the same as gazing at the physical sun) hear divine sounds while doing so. We could also say that a concert is about hearing pleasant frequencies, frequencies that help us vibrate higher. Such frequencies come to us from the spiritual sun, even when we don't hear them.
