CŌSOLARGY INTERNATIONAL
THE SACRED TEACHINGS OF LIGHT

HEAD OVERSEER'S WEEKLY MESSAGE

March 14, 2019

Saturday marks the 60th anniversary of the physical birth of The Child, Jamil, on March 16, 1959. ***This year also marks the 60th anniversary of the founding of The Community – our Diamond Jubilee!*** While we do not celebrate the birth, per se, we do acknowledge it as a special day of remembrance. If you would like to light a candle in remembrance of Jamil, please do so.

While we will be announcing special celebrations and observances throughout the year in celebration of The Community's Diamond Jubilee, especially at this year's annual Convocation in September, I would like to finish our three-part series with these concepts proclaimed by The Child in the *Prophecy of the New Covenant*.

Jamil's purpose in coming into the world was to proclaim the Advent of God manifest in the Heavens through the miraculous Light of the Sun of Righteousness. He withdrew from the Earth back to the Light of God, which was the source of his Being. Jamil has counseled us from that Light and serves as our Guardian, our Protector, and our Patron. He, indeed, ministers from the Abodes of Light with the Beings and the Angels of Light.

Be firm in the knowledge that God does exist and is real. Beings such as Jesus, Jamil, The Buddha, to name a few, come out of the Light of God to visit the Earth from age to age in order to transmit Knowledge of God. Some believe that God is separated from the world and is unapproachable by its peoples. Others propound that priests are the intercessors, God being gained only through them, or through the doctrines they claim to represent. There are those who claim that God sends

Messiahs to atone for the sins of man. Still others elevate these Messiahs to the Godhead, claiming them to be God and, therefore, that they should be worshiped.

Jamil declared that God alone should be the object of adoration. God alone is Redeemer, Savior, Restorer, and Creator. God has revealed His Divine Presence to the world as the Image of Himself, a Great Light that is the True Intercessor, the sole means of approaching Him. Within that Great Light is found God's Intelligible Thought, which communicates with the sentient Soul, giving it a sense of Consciousness and empowering it with perception, remembrance, comprehension, and judgement of Divine Creation, as contrasted with mental reasoning and the sensory perception of the physical organism by which the material world is experienced.

Jamil, God's Divine Messenger, declared the Advent of His Appearance and, as Christ, founded the Second Advent Church. Jamil's mission as the Eternal Child of Light destined to appear in the End Times of the earth in accordance with the Will of God paralleled Jesus' ministry in that Jesus as Christ, inspired by The Image and The Word of God, assumed human form in order to reveal The Way of Righteousness.

The Way to God within The Image and The Word manifest in this Second Advent of His Appearance is of supreme consequence to the human family. God's messengers make divine proclamations. They announce God as the Light of the world who intercedes in the world, indeed the entire Universe, by His visible Immaculacy and Incarnation, first in The Image and The Word, then in the Sun. They declare God's imminent return and direct rule over Creation by **progressive restoration**. They are the first to be anointed by God. They are forerunners who signal God's intention to anoint every human being who accepts His gift of Salvation and Redemption from the world of matter. They are the sons and daughters of Man. They are the sons and daughters of God, obedient to their Father in Heaven, consubstantial in The Image and The Word by which they are

made Eternal.

With God's Appearance in the Spiritual Sun, the human species has access to Creative Powers. These Powers, when put to use by the Spirit, allow humans to transcend the material Universe, which is undergoing change, and to penetrate the Spiritual Universe. As the material Sun that supports all biological life feeds the brain and nervous system, so the Spiritual Sun supports all spiritual Life and feeds the Spirit and its Conscious Life. Man is more than a biological species in contact with mutable life forces. He is the bearer of the human Spirit, and the Spirit has potential to communicate with Divine Intelligence, which shapes and molds spiritual Consciousness.

If the human species on the individual and collective levels is to survive the changes occurring in the world and cosmos, it must transcend its own mortality by a slow process of genetic change that is possible through exposure to, and control over, physical energies emitted from the Sun. In this way, and while at the same time emerging as a new spiritual species under the influence of the Light from the Spiritual Sun, will the human species be able to break away from traditional social and religious customs that have shaped and enslaved it to environmental conditions now mutating. Only by these means will the human race and the world be restored.

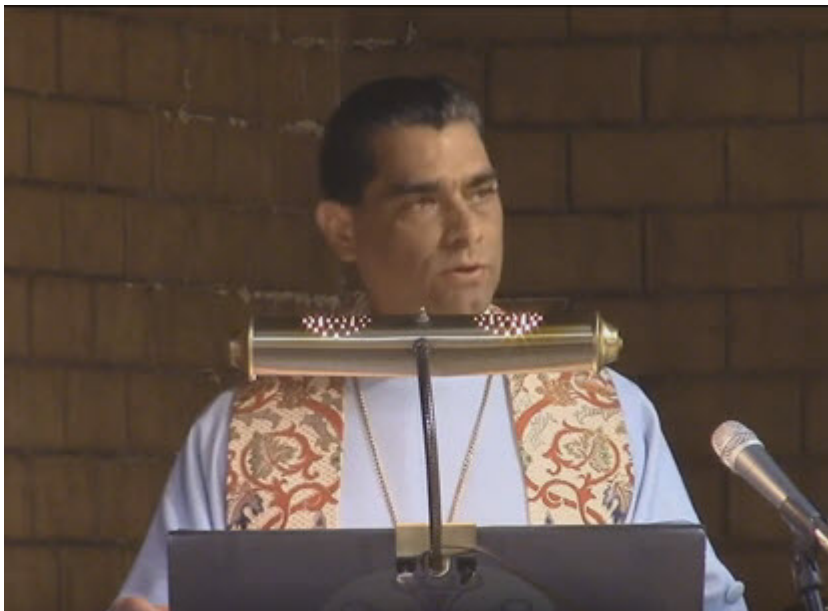

These are very profound words. They comprise, in part, the Teachings of Jamil. Not only are they to be understood by the rational mind; more importantly, they are to be put into practice in everyday life for them to have true meaning. Please read the previous two messages of this series in conjunction with this one. I hope you will find the complete message inspiring as we enjoy the blessings of this Diamond Jubilee.

Once again, if I may be of any personal service to you, please do not hesitate to contact me.

Very truly yours in Light+,

March 9, 2019: Chapel Readings

Each week of the liturgical year, a reading from Second Advent Scripture is delivered as part of the Saturday Communion of Fellowship Service held in the Chapel of the Holy Child. This reading follows the Sacred Calendar of the Church; that is, Prophecies and Revelations that have been received by The Church on sacred dates are recalled in a liturgical context during the appropriate season each year. This reading is delivered just before the final blessings. Each service also includes a reading from the ancient scriptures, prayers, or

wisdom sayings of various world religions past and present and is usually thematically related to the Second Advent Reading. This reading is delivered by the Reader right after the announcements that begin the service and is thus the first reading of the service. An audio recording of the reading from Second Advent Scripture delivered on the date above is provided here below together with a transcript of the first reading of the service that day.

“NASA photonic propulsion: Mars travel in 3 days could become a reality”

“NASA’s photonic propulsion will make it possible to travel to Mars in three days. Instead of six months, NASA researchers are crafting a new laser technology known as photonic propulsion, which will propel a giant sail to Mars in as little as three days.”

“Way of Righteousness Delivers from Darkness”

“Let us therefore prepare ourselves to travel to the Lord with an undivided will and purpose. ... Let us sever ourselves altogether from the love of the world, and attach our souls to Him only, and keep in mind Him only as our business and care and quest. If we have to be somewhat busied also in body, with the business laid upon us, ... let not the mind be parted from the love and quest and longing after the Lord; so that striving in such a mind, and journeying along the way of righteousness with an upright intention, and always taking heed to ourselves, we may obtain the promise of His Spirit, and may through grace be delivered from the perdition of the darkness of the passions.” ~St. Macarius the Egyptian

Way of Righteousness

What exactly constitutes the way of righteousness is a matter of great debate among churches, mystics, and philosophers. It shouldn't be, but it is. That is because most people speaking on the subject are doing so based on something they were told, or something they read, rather than on personal experience. Only one who has truly walked the way of righteousness and knows what it takes can actually answer the question. For those who have actually walked the way, the descriptions vary little. They may use different words because language simply doesn't describe the spiritual very well, but the story is similar.

WEEKLY MESSAGE: March 6, 2019

CÔSOLARGY INTERNATIONAL
THE SACRED TEACHINGS OF LIGHT

HEAD OVERSEER'S WEEKLY MESSAGE

March 6, 2019

Today's message is the second part of three, paraphrased from the *Prophecy of the New Covenant*:

Spiritual Life must begin with the acceptance of order and by turning away from disorder. This can only be realized by means of The Image and The Word ***over a period of spiritual evolution*** and a return to the True State of Life. [Emphasis added]

As a person's life nears its material end and the principal

source of reality – the body and mind – fades, the Spirit glimmers as if touched by the light of another world. But, oftentimes, it is too late. The Spirit has grown old like the body and it is not able to channel the Creative Powers and Forces of Light that reach out to touch it. If the human race could attain this realization while the Spirit is still young and vibrant, Mankind would see that another world does indeed exist, and their Spirits would shine brightly.

God extends the means by which humans everywhere may experience True Life, which He has given as a great gift. That True Life has its beginning in the Spiritual Sun which is the gateway to another world – that world which is a source of Light that reaches out to touch a dying world with its races. God has appeared to father a system of spiritual regeneration from out of the Sun.

The races have a right to life and a right to know of this Teaching. God wills that they begin their evolution back to the Godhead whence they evolved. It begins here on Earth, in their present material form. It will lead them to the Sun and beyond to the stars and other worlds which they cannot presently comprehend because of their magnitude and dimension.

It is the destiny of the human race to inherit Eternal Life, for we are heirs to the Divine World – made without blemish – that God gave us in the beginning of Creation. But if the human family is to be worthy of this inheritance, it must first rid the Creation of all Evil and put down the Powers of Darkness forever. This requires a Knowledge of the Divine and an access to the Powers of Light.

By living The Way under the Spiritual Sun, the Spirit of Light is regenerated into a Living Soul – an Angel of God made as His Likeness and Thought. Humanity's evolution and return back to the Godhead is possible only by the application of the human Spirit within the Creative Powers of God. It is not possible by human efforts within secular institutions. The

evolved Spirit by its use of Creative Powers under The Law and in Community is capable of changing the world, for Spirit is more powerful than matter.

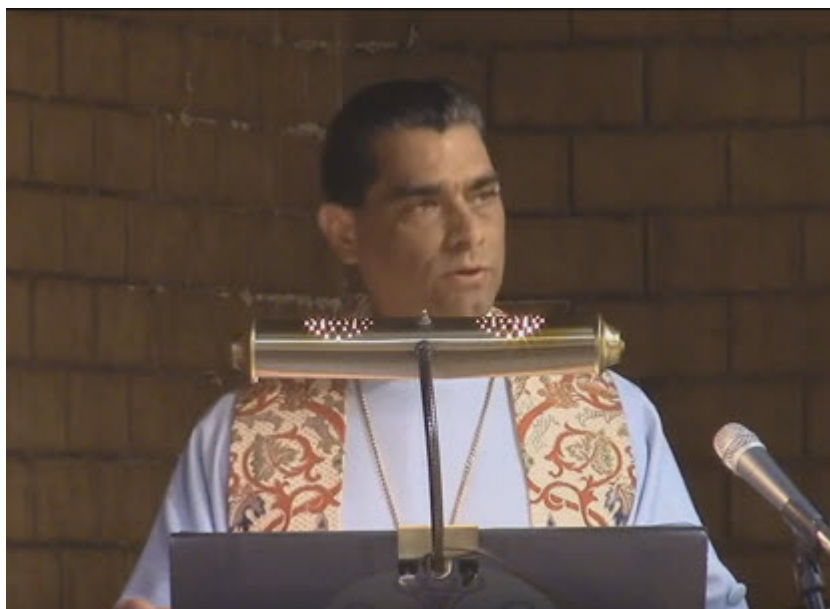

God's chosen people are always those created in His Image – those reborn in Spirit, never those of the Earth, for God speaks not to matter. This is The Way of The Law. It was the same during the ministry of Jesus, and it is the same in this Ministry given afresh under the New Covenant of the Second Advent.

Once again, if I may be of any personal service to you, please do not hesitate to contact me.

Very truly yours in Light+,

Gene

SECOND ADVENT PROPHECY AND REVELATION

A Reading from the *Prophecy on the Golden Age of Light and the Nation of Nations*, Chapter 84: "On the Golden Age of Light and the Nation of Nations" (pp. 704-714).

ANCIENT SCRIPTURE AND WISDOM SAYINGS

A Reading from the First Letter of Peter:

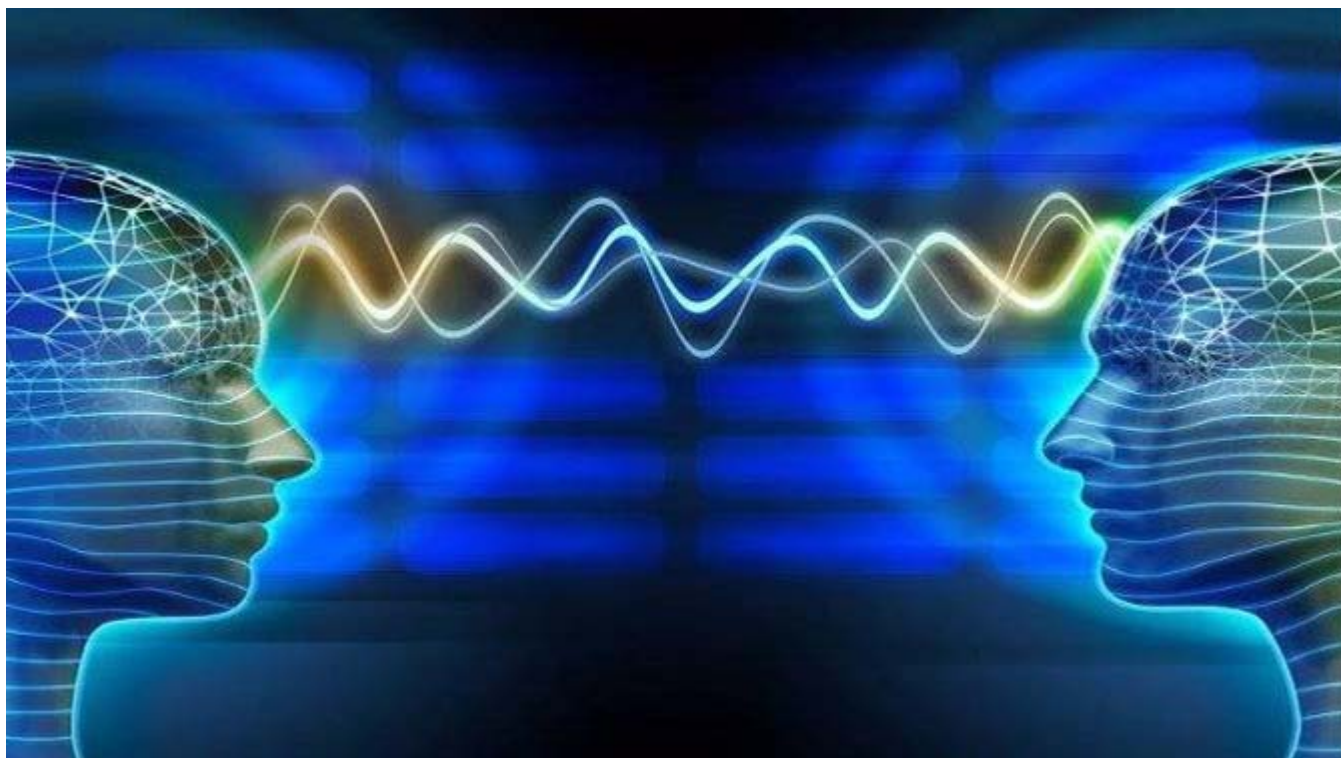

Blessed be the God and Father, who according to his abundant mercy has begotten us again to an inheritance incorruptible and undefiled, and that does not fade away, reserved in heaven for you, who are kept by the power of God unto the salvation ready to be revealed in these last times. Wherefore gird up the loins of your mind and hope to the end for the grace that is to be brought to you when Christ is revealed. As obedient children, not fashioning yourselves according to the former ignorance: But as he who has called you is holy, so be holy yourselves in your behavior, because it is written, "Be ye holy; for I am holy." And if you call on the Father, who without respect of persons judges everyone according to his works, pass the time of your sojourning here in reverence: For you know that you were not redeemed with something corruptible, such as silver and gold, from your vain manner of life that you received as tradition from your fathers; but with Christ. Who verily was foreordained before the foundation of the world, but was manifest in these last times for you. Seeing that you have purified your souls in obeying the truth through the Spirit, have unfeigned love of the brethren; love one another with a pure heart fervently, since you are born again, not of corruptible seed, but of incorruptible seed; that is, by the Word of God, which lives and abides forever. For all flesh is as grass, and all the glory of man as the flower of grass. The grass withers, and the flower falls, but

the Word of the Lord endures forever. And this is the Word you have received.

“Good Character Development Means Forget the Bad”

“To learn to forget is as necessary and useful as to learn to remember. We think of many things every day which it would be more profitable not to think of at all. To be able to forget is to be able to drive away the unseen force (thought) which is injuring us, and change it for a force (or order of thought) to benefit us.”

“Demand imperiously and persistently any quality of character in which you may be lacking, and you attract increase of such quality. Demand more patience or decision or judgment or courage or hopefulness or exactness, and you will increase in those qualities. These qualities are real elements. They belong to the subtler, and as yet unrecognized, chemistry of nature.” ~Prentice Mulford

Learn to Forget

“This is probably contrary to everything you have ever heard. Rarely does someone tell you to forget. Only if it is something terrible like witnessing a murder would they say that. But there are many other times when forgetting is useful.

“Many of us grew up as members of a conventional church that teaches social behavior more than any form of spiritual enlightenment. Such churches teach us to listen and conform. To forget such teachings can benefit us greatly.

“Some of us grew up in poverty. There is nothing wrong with that, nothing to be ashamed of. But when it gives us the belief that we are doomed to live in poverty all of our lives, this is something we need to forget.

“Others, on the other hand, grew up in luxury with servants to do just about everything for them. They had cooks to make meals, tutors to help with school, and so on. When it comes to spiritual growth, however, you can’t get your servants to do it for you. Neither can you buy your way in. You have to forget those ideas and learn to do things yourself. A spiritual awakening is a personal thing.”
