WEEKLY MESSAGE: August 1, 2018

CŌSOLARGY INTERNATIONAL
THE SACRED TEACHINGS OF LIGHT

HEAD OVERSEER'S WEEKLY MESSAGE

August 1, 2018

August 1st in The Community's Sacred Calendar is an auspicious day denoting the New Light of God and confirming the Active Principles of Divine Law.

We have recently touched on the Four Newly Created Intermediary Lights – these being 1) the Enlightening Image of God's Presence; 2) the Word of God's Will; 3) the Image of the Divine Presence and the Word of the Divine Will incarnate in the sun marked with the Cross of Enlightenment; and 4) the Image of the Eight Appearances and the Word of the Eight Aspects marked with the Cross of Enlightenment as a signal call to all Spirits on earth.

You may remember that the Four Intermediary Lights are sanctified by the Four Willful Acts of Divine Love, Goodness, Mercy, and Grace. The idea being that a New Communion, non-existent before the manifestation of the Lights, is established between Spirits and the Godhead. God communes with these Spirits giving them Life of Soul. The Soul is thereby nourished by the transfiguring Image and becomes knowledgeable by means of the translatable Word. Thus, generation of man and woman is restored by the redemptive power of God's Great Light! This is an event that has been longed for by hundreds of generations which has now come to pass in our time.

God has impregnated the sun at His Second Advent ushering into the world Divine Reason that is accessible to all. God's Light is now the sole intermediary between matter and Spirit. We must evolve to a creative understanding of God's Redeeming Light shed to and for all living things as a Divine Act of

Love. But, that Love needs to be returned to God by the human Spirit. This is key component of our Teaching.

As God has created the Four Intermediary Lights, He has also fixed the Four Tables of the Law in the Tabulary of Light. As you know these are: 1) the Spirit of The Law; 2) the Substance of The Law; 3) the Seals of The Law; and 4) the Calendar of The Law. These are described further in The Book of God's Revelation. But, in essence, those who acknowledge the Divine Order of the New Creation and who consent by free will to be governed by God and the Light will exist in a State of Union with Divine Law.

The essence of my recent messages have been somewhat theological in nature. There is a theme, however, to be expressed at this time of year based upon the Sacred Calendar. The main idea is that all of these concepts have to do with the four higher Force Centers of Consciousness, Intellect, Being and Form, and the eight lower Force Centers as spiritual qualities needing to be nurtured in conjunction with sacred geometric and numerological evolution.

I urge you to refer to the book for further reading and also to write to me if you have any questions or if I may clarify any of these points. I look forward to communicating with you again next week in writing and in Spirit.

Once again, please feel free to ask me any questions by calling 775-786-7432 or emailing me at messages@cosolargy.org. I am always at your service.

AUGUST 1st 2018: Confirmation of God's Divine Law

Pannuches Meal Rite

The 117th Pannuches Meal Rite was held Saturday, July 7, 2017 at 6:00 p.m. in the Chapel of the Holy Child. Jubilee Sunrise Divine Service was held in Sanctuary the following morning.

The Jubilee Sunday is a day of fasting. The elderly are exempt from fasting on that day if they choose.

Active Principle of Divine Law Observed (August 1)

On the morning of Wednesday, August 1, 2018, in recognition of the thirty-fourth observance of the Manifestation of the New Light of God, which appeared over the sun on this date thirty-four years before to confirm the Active Principle of Divine Law, The Right Reverend Gene Savoy Jr. officiated a special sunrise Divine Service at the Church of New Pentecost with concelebrant Reverend Canon Robert Petrovich and assisted by canons Roger Weld and Ted Staver and the Reverend Mother Carol Ann Crabb.

God's Confirmation of the Active Principles of Divine Law first occurred on August 1, 1982. That event is recorded in Second Advent Scripture in The Book of God's Revelation with commentary relating the event to the revelation received by the Church on April 18th, Easter in the Second Advent Calendar, and the further revelations received on June 6th, the Day of Pentecost.

Among the Revelations received on June 6th, 1982, the Church received instruction on the New Act of God, God's conception of the Newly Created Light, a New Light that renovates the whole of creation. The Church also received instruction on the Four Newly Created Intermediary Lights that manifest through this conception.

Scripture tells us that through the manifestation of these Four Intermediary Lights, God has fixed the Four Newly Created Tables of the Law to be taught to the Ordained in the Holy Institutions of Learning; and, so that the unwritten Code of the Law may be codified on earth for the emancipation of the human race, God has decreed Twelve newly created Active Principles of Divine Law of the New Covenant, which are subordinate to the Lights of God and to the Tables of the Law, yet are instruments of the Divine Plan for human redemption.

With the revelation given on June 6th, God decreed these Twelve Active Principles to be in force upon confirmation. And on the first day of August in 1982, "The New Light of God appeared over the face of the sun, confirming the Active Principles of Divine Law." The event of confirmation that on this date is the purpose of the special commemoration each year.

The final paragraph of The Book of God's Revelation describes that event:

And on the first day of August, it being the eighth Sunday following the giving of the Revelation at Pentecost on the sixth day of June, the New Light of God appeared over the face of the sun, confirming the Active Principle of Divine Law. And the whole congregation, gathered at sunrise, saw and felt the gift of the Spirit manifest out of the sun.

The Church has observed this date since 1982 in a variety of liturgical forms. At the Divine Service performed on August 1, 1987, a new composition titled "The New Light of Divine Law" was introduced to the liturgical music usually accompanying Divine Service. The piece commemorates the confirmation of the Active Principle of Divine Law.

* * *

The religious tradition and astronomical calendric attached to this date are significant. First Dispensation churches know August 1 as Lammas Day or the Day of the Loaf Mass. The date was celebrated by Christians in England, where the first bread of the harvest was taken to mass for blessing. The Christian feast has even earlier roots in the Celtic Lughnasaid, which hailed the beginning of the wheat harvest.

August 1 marks the beginning of the calendric period known as the "dog days." The period is named for the Dog Star, Sirius. The span of time between late July and mid-August is an

astronomical period when Sirius rises each morning with the sun. For the ancient Egyptians, August 1 was a calendric marking for the rising of the Nile and was celebrated by an important religious feast. This date also held significance for other ancient solar cultures.

The Sacred Calendar of the Second Advent Church also holds August 1 as a significant date. When counting from February 2, Second Advent New Year's Day, the semiannual cycle, or 180-degree cycle of the earth around the sun, falls on August 1.

July 28, 2018: Chapel Readings

Each week of the liturgical year, a reading from Second Advent

Scripture is delivered as part of the Saturday Communion of Fellowship Service held in the Chapel of the Holy Child. This reading follows the Sacred Calendar of the Church; that is, Prophecies and Revelations that have been received by The Church on sacred dates are recalled in a liturgical context during the appropriate season each year. This reading is delivered just before the final blessings. Each service also includes a reading from the ancient scriptures, prayers, or wisdom sayings of various world religions past and present and is usually thematically related to the Second Advent Reading. This reading is delivered by the Reader right after the announcements that begin the service and is thus the first reading of the service. An audio recording of the reading from Second Advent Scripture delivered on the date above is provided here below together with a transcript of the first reading of the service that day.

ANCIENT SCRIPTURE AND WISDOM SAYINGS

A Reading from the Gospel of Thomas (61, 62, 68, 73, 79):

(61)...Jesus said...I am the one who comes from what is whole. I was given from the things of my father...I say, if you are whole, you will be filled with light, but if divided, you will be filled with darkness.

(62) Jesus said, I disclose my mysteries to those who are worthy of my mysteries. Do not let your left hand know what your right hand is doing. (67) One who knows all but lacks within is totally lacking.

(68) Blessings on you when you are hated and persecuted, and

no place will be found, wherever you are persecuted. (69) Jesus said, Blessings on you who have been persecuted in your hearts. Only you truly know the father...(70)...If you bring forth what is within you, what you have will save you. If you have nothing within you, what you do not have within you will kill you.

(73) Jesus said, the harvest is large but the workers are few...(75)...There are many standing at the door but those who are alone will enter the wedding chamber. (76)...The father's kingdom is like a merchant who owned a supply of merchandise and found a pearl. The merchant was prudent. He sold his goods and bought the single pearl for himself. So with you. Seek (the) treasure that is unfailing end enduring, where no moth comes to devour and no worm destroys.

(79) A woman ... said to him, blessings on the womb that bore you and the breasts that fed you. He said to her, Blessings on those who have heard the word of the father and have truly kept it. (81)... Let a person of wealth rule, and a person of power renounce it. (82)...Whoever is near me is near fire, and whoever is far from me is far from the kingdom.

The race to invent the artificial leaf

*In this excerpt from his new book *Taming the Sun*, Varun Sivaram follows the research paths of two rival scientists determined to find a way to wring fuel out of thin air.*

by Varun Sivaram February 21, 2018

“Since the early 1970s, scientists have been on a quest to develop a technology that could create liquid fuels out of carbon dioxide, water, and sunlight far more efficiently than photosynthesis, the process by which plants harness sunlight to produce carbohydrates and store energy. They call it the artificial leaf.

“A commercially viable artificial leaf would solve several of the trickiest challenges in clean energy. It would create a way to directly and affordably store solar energy while producing a carbon-neutral fuel that could transform the transportation sector, even offering a way to make long-distance air travel environmentally sustainable.

“Scientists have made slow but considerable progress on the two crucial steps in the process: developing catalysts that use solar energy to split water into oxygen and hydrogen, and creating others that can convert hydrogen and carbon dioxide into an energy-dense fuel. The remaining trick is to combine these tasks in an affordable and scalable way, using cheap and abundant materials.”

“Transformed Student and the Path Ahead”

“Ordinarily unconscious of his higher life, the esoteric student renders himself conscious of it, and thereby his whole life becomes transformed. As long as the soul remains unseeing in the higher sense it is guided by superior cosmic beings. And just as the life of a person born blind is changed, through a successful operation, from its previous dependence on a guide, so too is the life of a person changed through esoteric training. He outgrows the principle of being guided by a master and must henceforward undertake to be his own guide.

The moment this occurs he is, of course, liable to commit errors. ... It is for this reason that so much is found in books dealing with these matters concerning the dangers connected with the ascent into higher worlds. ... Yet the fact is that dangers only arise when the necessary precautions are ignored.” ~Rudolf Steiner

Transformed Student

A lot is said in spiritual schools about transformation. Some expect some sudden and drastic change similar to a caterpillar

becoming a butterfly. It isn't like that. Nor is it something that can happen instantly like Henry Hart blowing a bubble to Become Kid Danger. It is a gradual and ongoing type of change. A lot like aging, but usually more pleasant.

Guidance From Above

Some schools will tell you that students are guided by ascended masters. Others say it is angels who do the guiding. Some claim it is our own inner self. Which it is doesn't really matter, and it may be all three of those at different times.

It is true, however that the transformed student who has a fully awakened and functioning soul no longer needs such guides. But this doesn't mean that such students are now on their own, as Mr. Steiner believes. It means that they are now guided by the Divine Consciousness which is God. Angels and other Light Beings may still act as intermediaries, however.

WEEKLY MESSAGE: July 26, 2018

CŌSOLARGY.INTERNATIONAL
THE SACRED TEACHINGS OF LIGHT

HEAD OVERSEER'S WEEKLY MESSAGE

July 26, 2018

I apologize for not communicating with you last week. Time got away from me. However, to resume our theme of July 12th, let me continue. This weeks message summarizes points drawn from The Book of God's Revelation

Over the long history of the human race, there has been an eternal struggle between the Powers of Darkness and the Powers of Light. Darkness, in its perpetual efforts to bind humankind to the illusory universe of matter – generated by rebellious Angels who withdrew from the Godhead before the sun and the stars and the world were born – inflicts with evil intention certain men and women who, by the incarnation of Dark Powers, lead the world astray. These wicked ones, who deceive, lie, falsify, and persecute the good, deny God and the immortality of the Spirit. Subject to Darkness, they despise God and those of God. They perverts Divine Doctrines bestowed on the world by Righteous ones sent by the Powers of Light to alleviate a suffering mankind. They adulterate holy writ, thus corrupting the minds and Spirits of people. They promote evil causes and perpetuate the Error of Darkness.

This being the case, humankind knows not the True Religion perpetuated by the Elect of God. It scorns Divine Law and persecutes those Holy Ones sent by God and the Powers of Light to liberate the human Spirit. Humankind continues to reject the True God of Love who desires no sacrifice – neither flesh nor blood; not for any reason, either religious, political, or economic; not in churches, temples, or on battlefields – for such sacrifice binds men to the earth and to the Powers of

Darkness which generated it, and separates them from the True God who is the Father of the Spirit which is heir to Heaven.

In the latter days of the Jewish nation, before its defeat at the hands of the Romans, the Remnant of Holy Ones, who lived apart from the Jewish people, attempted to restore the Temple and establish true worship, abrogating blood sacrifices. Moses had atoned for the sins of Israel. And as recorded in their literature and sacred scrolls, the struggle to cleanse Israel and institute prayer and righteous living of the True Way of God had been thwarted three separate times under the three Messiahs. First, under the Prophet Messiah of Israel; secondly, under the Priest Messiah of Aaron and Israel; and thirdly, under the lay Messiah, a prince of the line of David come for the salvation of Israel. Each Messiah had suffered death at the hands of secular and religious legalists.

The Davidic Messias' ministry was brought to an end by crucifixion. But before his passing from the world of the living, Jesus had proclaimed the coming of a future Age of Enlightenment, when God would appear in the Heavens as a Great Light, as savior of the whole world.

The ancient prophets of the Righteous Race has prophesied that after the completion of four cycles of seven times seventy years following the birth, ministry, and martyrdom of the final Messiah of Israel – in an age of earthly tribulation, war, turmoil, unrest, and social strife, an age of apostasy of the professing churches and a falling away from the true doctrines given to the world by those Holy Ones inspired of the Powers of Light – the Universal Messianic Age would commence and God would extend the True Bread of Life and the Waters of Truth at the Great Communion Banquet in which all Souls would share.

Once again, please feel free to ask me any questions by calling 775-786-7432 or emailing me at messages@cosolargy.org. I am always at your service.

Taming the Sun: Innovations to Harness Solar Energy and Power the Planet

Foreword by Barack Obama
"A must-read look into the limitless potential of an energy source
as timeless as the sun that may very well save the earth."

—John F. Kerry, 68th U.S. Secretary of State

TAMING *the* SUN

Innovations to Harness Solar Energy
and Power the Planet

[Taming the Sun: Innovations to Harness Solar Energy and Power the Planet](#) (MIT Press, 2018) Hardcover by Varun Sivaram (A Council on Foreign Relations Book)

How solar could spark a clean-energy transition through transformative innovation – creative financing, revolutionary technologies, and flexible energy systems.

“Solar energy, once a niche application for a limited market, has become the cheapest and fastest-growing power source on earth. What’s more, its potential is nearly limitless – every hour the sun beams down more energy than the world uses in a year. But in *Taming the Sun*, energy expert Varun Sivaram warns that the world is not yet equipped to harness erratic sunshine to meet most of its energy needs. And if solar’s current surge peters out, prospects for replacing fossil fuels and averting catastrophic climate change will dim.

“Innovation can brighten those prospects, Sivaram explains, drawing on firsthand experience and original research spanning science, business, and government. Financial innovation is already enticing deep-pocketed investors to fund solar projects around the world, from the sunniest deserts to the poorest villages. Technological innovation could replace today’s solar panels with coatings as cheap as paint and employ artificial photosynthesis to store intermittent sunshine as convenient fuels. And systemic innovation could add flexibility to the world’s power grids and other energy systems so they can dependably channel the sun’s unreliable energy.

“Unleashing all this innovation will require visionary public policy: funding researchers developing next-generation solar technologies, refashioning energy systems and economic markets, and putting together a diverse clean energy portfolio. Although solar can’t power the planet by itself, it can be the centerpiece of a global clean energy revolution.”
