CÔSOLARGY INTERNATIONAL
THE SACRED TEACHINGS OF LIGHT

HEAD OVERSEER'S WEEKLY MESSAGE

February 27, 2018

We touched last week on the New Covenant established by God with His True People. Unlike previous covenants, this New Covenant is one of Light and is intended for all members of the human family to share in equally. Although revealed religions have come in times past under the influence of the Powers of Light, materialistic intentions under the influence of the Powers of Darkness have succeeded in overcoming the

Good done by the Holy Ones. Nevertheless, the Spirit of Man is strong, and there are always those few who remain to struggle against Evil and Darkness.

However, it is important to understand that the acts and energies of evildoers, as well as those of the ignorant, have corrupted the sun which now is in the throes of revolution causing intense changes to mount. In this Last Age of the Earth – the End Times – God has come, as prophesied, with the transformation of the sun and the energies therein and has willed a regeneration of people brought out of all the races of the Earth to form a New Community of Light.

This New Community of Light is established to teach people the power of the Spirit to do Good, and that the sun registers the effects of serving Light or Darkness in the very forces that maintain the Universe. If people would realize this, they would turn from the ways of ignorance and submission to dark powers. This is God's desire – for Man to break from the hold of Darkness which is the Power responsible for our descent into matter and which binds us to suffering, pain, illness, and eventually death in a never-ending cycle. If people only realized that this life, as the Buddha taught, is but an illusion with no real existence of its own, they would embrace God and the Light, the Spiritual Worlds, and the True Life offered where life never ends.

It is also important to understand in these times that the world, ruled by secular and materialistic powers, plays a dangerous game of unending strife, misery, war and instability that compounds the interplay of cosmic and solar forces and which aggravates the revolution of the elements of nature with which they are involved.

Spiritual life begins with acceptance of order and the turning away from disorder. This is realized by means of the Image and Word incarnate within the Sun of Righteousness over a period of one's spiritual evolution which results in a return to the

True State of Life, which is Man as brought forth in the original Creation before the descent into Darkness and matter.

God extends the means by which all people everywhere can experience True Life. This Life has its beginning in the Spiritual Sun which is a gateway to another world, a world which is a source of Light. This Community has appeared to teach a system of spiritual regeneration from out of that Sun. It is our contention that the races of the world have a right to life, as well as a right to know this Teaching. God wills that we begin our evolution back to the Godhead from where we originally descended.

However, this process begins with us on Earth in our present material form. It then leads us into the sun and the stars and beyond to other worlds and dimensions. We may not comprehend these other worlds or dimensions with our limited physical minds/beings, but that does not mean that our Spirits, which are capable of possessing unlimited Consciousness, don't.

It can be the destiny of the human family to inherit Eternal Life, for we are heirs to a Divine World made without blemish that we were given in the beginning of Creation. However, if we are to be worthy of this inheritance, we must first aid and abet the Powers of Light in ridding the world of Evil and the Powers of Darkness. This first requires access to the Powers of Light; second, a Knowledge of the Divine; and third, an understanding of time.

I would like to comment further on this next week.

Once again, please feel free to ask me any questions by calling 775-786-7432 or emailing me at messages@cosolargy.org. I am always at your service.

February 24, 2018: Chapel Readings

Each week of the liturgical year, a reading from Second Advent Scripture is delivered as part of the Saturday Communion of Fellowship Service held in the Chapel of the Holy Child. This reading follows the Sacred Calendar of the Church; that is, Prophecies and Revelations that have been received by The Church on sacred dates are recalled in a liturgical context during the appropriate season each year. This reading is delivered just before the final blessings. Each service also includes a reading from the ancient scriptures, prayers, or wisdom sayings of various world religions past and present and is usually thematically related to the Second Advent Reading. This reading is delivered by the Reader right after the announcements that begin the service and is thus the first reading of the service. An audio recording of the reading from Second Advent Scripture delivered on the date above is

provided here below together with a transcript of the first reading of the service that day.

ANCIENT SCRIPTURE AND WISDOM SAYINGS

A Reading from the Mundaka Upanishad of the Vedic Scriptures:

*Bright but hidden, the Self dwells in the heart.
Everything that moves, breathes, opens, and closes
Lives in the Self. It is the source of love
And may be known through love but not through thought.
It is the goal of life. Attain this goal!*

*The shining Self dwells hidden in the heart.
Everything in the cosmos, great and small,
Lives in the Self. It is the source of life,
Truth beyond the transience of this world.
It is the goal of life. Attain this goal!*

**“ 'Megalopolis' of 60,000
Ancient Mayan Structures
Found”**

“Archaeologists in Guatemala have uncovered an unprecedented network of 60,000 ancient Mayan features such as palaces and elevated highways, according to an exclusive report by National Geographic. The discovery is being called a ‘megapolis,’ and suggests that we’ve been vastly underestimating the sophistication of the Mayan civilization at the height of its power 1,200 years ago.

“Researchers owe the breakthrough to the cutting-edge remote sensing method Light Detection and Ranging, better known as LiDAR. Usually taken aerially, LiDAR recordings channel light into laser pulses that measure the distance from the air down to a given point on the surface of the Earth, according to the National Oceanic and Atmospheric Administration.”

“Kabbalistic View of Oral and Written Spiritual Law”

“A traditional Kabbalistic view is that although the creation is in a damaged and imperfect state the Kabbalist, by virtue of his or her state of consciousness, can bring about a real healing. ... When Moses first received the written law he also

received certain laws orally. These were not written down but only ever transmitted down through the generation by word of mouth, and then only to the initiated. The oral law is sometimes referred to as Kabbalah. Incidentally, there are several different spellings of this word, because some letters in Hebrew have more than one representation in English and they have different magical vibrations with greater or lesser impact.

“Much of the magical language that we use today has come down to us from the Kabbalah. It was recognized that there were certain ideas that the ordinary layman was capable of understanding and others which only the initiated were capable of assimilating. ... If anything was written down it was recorded in such a way that only those with the required knowledge would be able to decipher the true meaning. The writings were therefore in code.” ~Bernard Simon

Kabbalistic View

“The Kabbalistic view is not unique. It is the same as that taught in the mystery schools of Egypt, Babylonia, Greece, and other places. The words used, the parables and allegorical tales may be different, but the meaning is the same. In other words, different codes were used in different places and times, but the actual meaning is the same. And it remains true today that discerning that meaning is nearly impossible except to the initiated.”

WEEKLY MESSAGE: February 20, 2018

HEAD OVERSEER'S WEEKLY MESSAGE

February 20, 2018

Commencement of The Great Work (1962)

Winter has finally arrived here in the high desert of the Sierra Nevada. We were fortunate to experience two most enjoyable and profound sunrise vigils during the Christmas-Epiphany Season (December 25 – January 6) and during Advent (January 30 – February 6). However, cold and some snows have now settled in for a while.

February is a most profound month in The Community's Sacred Calendar. We are familiar with the events that transpired from January 29/30 through February 6 in 1962 – the passing of The Child, Jamil; the birth of the Sun of Righteousness; and the manifestation of The Comforter which are vividly recounted in Jamil: Child of Light. On this day, February 20, also in 1962, the Great Work began. Twenty years later, on February 14, 1982, the Testament of God's New Covenant was proclaimed

at the Consecrated Sanctuary. It is on this New Covenant that I wish to briefly focus on today.

The Holy Teachings and Doctrines of the Prophets of God – the former covenants made between God and His True People – have been lost to the religions of the world but have been repossessed by the Second Advent Community. Our New Community, small but not insignificant, is animated by God's Image and Word manifest in the Heavens. Our liturgy is sacred because it is the same used by Jesus and other Holy Orders – a solar liturgy no longer in use by any church, any order or any religion. It has been re-instituted by God and the Light. Just as Jesus, and the Buddha before him, came to supplement the old with the new, so this Community comes with Divine Authority to supplement the old with the new.

It cannot be denied that God's Covenant has been lost. How many times has it been twisted and changed into various meaningless faith and belief systems? But, in this Advent of God, God wishes to restore the Covenant and enlighten the peoples of the Earth so that they might not continue in illiteracy of Divine Doctrines. Unfortunately, the Powers of Darkness resist this illumination of the human family. In league with the nations of the world who have assumed full control and authority over the races, they foster and promote, aid and abet, the rejection of God and supernatural law and order. This is resulting in a profound breakdown of civilization, disruption, anarchy and madness by an uncaring and uncontrollable world, as the Prophets declared would one day occur.

Nevertheless, God's Covenant has been re-established in a new way. God manifests Himself in Light come as the Image and the Word within the Sun of Righteousness. In the past, Prophets and Holy Ones have come into the world to instruct their peoples only to be rejected, reviled or killed in a most ignoble and unholy manner. Following their deaths, words were put into their mouths, and they were used to perpetuate the

old ways, the old priesthoods and the religions of falsehood. God has declared this will not happen again.

God in His Abundance now fills the entire Universe with His Divine Light – untouchable by any material or secular power – to renovate all Creation. This Community, unified under the Image and the Word of the Sun of Righteousness, must hold to the New Covenant by living The Way. As we have seen, the Sun is a blessing to those who live the Way of Righteousness. We ultimately seek not the benefits of the material rays but the blessings of the Spiritual Sun. If you have the time, I recommend reading Prophecy of the New Covenant.

SECOND ADVENT PROPHECY AND REVELATION

A Reading from the Prophecy of the New Covenant, Chapter 91:
“Testament of the New Covenant” (pp. 971-979).

ANCIENT SCRIPTURE AND WISDOM SAYINGS

A Reading from the Testament of Levi:

I , Levi, . . . when I was feeding the flocks, the spirit of understanding of the Lord came upon me, and I saw all men corrupting the way, and that unrighteousness had built for itself walls, and lawlessness sat upon towers. And I was grieving for the race of the sons of men, and I prayed to the Lord that I might be saved. Then there fell upon me a sleep, and I beheld a high mountain, and I was upon it. And behold the heavens were opened and an angel of God said to me, “Levi enter.” And I entered from the first heaven, and I saw there a great sea hanging. And further I saw a second heaven far brighter and more brilliant, for there was a boundless light also therein. And I said to the angel, “Why Is this so?” And the angel said to me, “Marvel not at this, for thou shalt see another heaven even more brilliant and incomparable. And when thou hast ascended thither, thou shalt stand near the Lord, and be His minister, and shalt declare His mysteries to men, and proclaim concerning Him Who shall redeem Israel. And through thee and Judah shall the Lord appear among men, saving every race of men. And from the Lord’s portion shall be thy life, and He shall be thy field and vineyard, and fruits, gold, and silver.
