May 27, 2017: Chapel Readings

Each week of the liturgical year, a reading from Second Advent Scripture is delivered as part of the Saturday Communion of Fellowship Service held in the Chapel of the Holy Child. This reading follows the Sacred Calendar of the Church; that is, Prophecies and Revelations that have been received by The Church on sacred dates are recalled in a liturgical context during the appropriate season each year. This reading is delivered by the Officiant of the Communion Service (that is, Bishop Gene Savoy, or occasionally in his stead, Bishop Sean

Savoy) just before the final blessings. Each service also includes a reading from the ancient scriptures, prayers, or wisdom sayings of various world religions past and present and is usually thematically related to the Second Advent Reading. This reading is delivered by the Reader right after the announcements that begin the service and is thus the first reading of the service. An audio recording of the reading from Second Advent Scripture delivered on the date above is provided here below together with a transcript of the first reading of the service that day.

SECOND ADVENT PROPHECY AND REVELATION

A Reading from the Book of God's Revelation, Book I, "The Opening of the Seven Seals" (pp.92-94).

ANCIENT SCRIPTURE AND WISDOM SAYINGS

A Reading from the Eleventh Ode of Solomon:

My heart was opened and its flower appeared; and grace sprang up in it; and it brought forth fruit to the Lord,

2 For the Most High opened my hear by His Holy Spirit and searched my affection toward Him: and filled me with His love.

3 And His opening of me became my salvation; and I ran in His way, in His peace, even in the way of truth:

4 From the beginning and even to the end I acquired His knowledge:

5 And I was established upon the rock of truth, where He had set me up:

6 And speaking waters touched my lips from the fountain of the Lord plenteously:

7 And I drank and was inebriated with the living water that does not die;

8 And my inebriation was not one of ignorance, but I forsook vanity and turned to the Most High my God,

9 And I was enriched by His bounty, and I let go the folly which is diffused over the earth; and I stripped it off and cast it from me:

10 And the Lord renewed me in His own garment, and possessed me by His light, and from above He gave me rest in incorruption;

11 And I became like the land which blossoms and rejoices in its fruit:

12 And the Lord was like the sun shining on the face of the land;

13 He lightened my eyes, and my face received the dew; and my nostrils enjoyed the pleasant odor of the Lord;

14 And he carried me to His Paradise; where is the abundance of the pleasure of the Lord;

15 And I worshiped the Lord on account of His glory; and I said, Blessed, O Lord, are they who are planted in thy land! And those who have a place in thy Paradise;

16 And they grow by the fruits of the trees. And they have changed from darkness to light.

“Sun’s Impact on Man and the World and Beyond”

“Warmth creates certain forms in people. Light also creates certain forms. Life has certain forms as well. Every flow creates its own particular forms. The warmth and light of the Sun have a big impact first on the religious state of people as well as on science. You shall strive to preserve this warmth and light within yourselves. ...

“Fire is often interpreted as a destructive element, but though it truly destroys, it can be constructive as well. It is the fire descending from above, from the Sun, that builds

our planet and our bodies. It is this fire that imparts thoughts and aspirations in us. Everything gets frozen without fire.” ~Biensa Douno

Forms in People

“While Douno doesn’t say it here, it is implied that if certain forms are created by fire, warmth, and light, very different forms are created by cold and darkness. We, of course, aspire to be those forms that come from warmth and Light.”

HEAD OVERSEER'S WEEKLY MESSAGE

Monday, May 22, 2017

Greetings!

I write to you from Reno having just returned from my travels on behalf of our Community a couple of days ago. The trips, especially to Japan, were quite fruitful.

Last Monday, one week ago, Bishop Yuki and I along with a company of Community members traveled from our Center in Kurume, Japan northwest to a place called Itoshima on the Genkai Gulf on the Korean Strait. The purpose of this trip was to determine a general area to relocate our Japan Community in the coming few years.

While Kurume has served us well, it is time, as the Community expands, to venture nearer to Fukuoka City, a major metropolitan cultural and technological hub. Our plans to relocate 30 minutes away from Fukuoka to the Itoshima area will be further explained in September.

We spent the day there and were pleased to witness two very important and significant signs that reinforced the good work we are doing in that country. At the noon hour, the sun full of light and splendor, was encircled by a giant rainbow. That rainbow-colored sun was graced by a hawk circling above us the entire afternoon as if saluting us on our mission. Needless to say, while the picture will give you a glimpse of what we saw, it will not compare to the actual event. We were all awe-inspired at the manifestation we beheld!

While I will continue updating you from time to time on events, happenings and progress in The Community, next week I will resume a more inspirational tone. I find those kinds of messages to be of significant help to me, as I hope they are for you. Until then, I send you my best thoughts and prayers.

Once again, please feel free to ask me any questions by calling 775-786-7432 or emailing me at messages@cosolargy.org. I am always at your service.

Many blessings in Light+,

Gene

SECOND ADVENT PROPHECY AND REVELATION

A Reading from the Book of God's Revelation, "The Opening of the Seven Seals" (pp.81-85).

ANCIENT SCRIPTURE AND WISDOM SAYINGS

A Reading from the Gospel of Philip:

It is from water and fire that the soul and the spirit came into being. It is from water and fire and light that the son of the bridal chamber (came into being). The fire is the chrism, the light is the fire. I am not referring to that fire which has no form, but to the other fire whose form is white, which is bright and beautiful, and which gives beauty.

Truth did not come into the world naked, but it came in types and images. The world will not receive truth in any other way. There is a rebirth and an image of rebirth. It is certainly necessary to be born again through the image. Resurrection. The image must rise again through the image. The bridal chamber and the image must enter through the image into the truth: this is the restoration. Not only must those who produce the name of the Father and the Son and the Holy Spirit, do so, but they have produced them for you. . . .

The Lord did everything in a mystery, a baptism and a chrism and a eucharist and a redemption and a bridal chamber. . . . he said, "I came to make the things below like the things above, and the things outside like those inside. I came to unite them in the one place."

“The Filamentary Universe | Space News”

“According to a recent press release, ‘... supermassive black holes in a region of the distant universe are all spinning out radio jets in the same direction.’ As Professor Romeel Dave from the University of the Western Cape wrote: ‘This is not obviously expected based on our current understanding of cosmology. It’s a bizarre finding.’

In this adaptation of the Steve Smith Picture of the Day article, Straighten Up, the significance of this finding is explored from the Electric Universe perspective.

[Watch the 7-minute video on this topic posted May 13, 2017 by Thunderbolts.com on YouTube.](#)

link submitted by Robert Petrovich

“Science and Religion: Together for Peace, Separate for Chaos”

“Take what I have said kindly; I wish only to induce your religious part to have more charity for your scientific self, and the reverse. Both religion and science are working towards the good of man, although their devotees are human and by human error, bring privations, sufferings, and sorrows to men. Neither can fill the place of the other; each should extend a helping hand, and have charity for the shortcomings of the other; they are not antagonists, but workers in one field; both must stand the criticisms of mutual antagonists, and both have cause to fear the evils of fanaticism within their own ranks more than the attacks of opponents from without.” ~John Uri Lloyd

Science VS Religion

“Science and religion was once a single thing, but for several centuries, we have operated in much of the world as if science and religion are enemies, and those who are followers of one cannot be true devotees of the other. The result is a world that is a complete mess with both groups blaming the other and accepting no responsibility for it themselves.”

HEAD OVERSEER'S WEEKLY MESSAGE

Monday, May 15, 2017

Ohayo gozaimasu kara Nihon. I send you greetings from Japan.

I write to you this week from The Community's center in Kurume, Japan, which is in the Fukuoka Prefecture on the island of Kyushu. I have been asked by our members here to send you their greetings, which I do.

We are finishing up a very productive and enjoyable week full of many blessings and joyfulness. I arrived last week and gave a two-hour long talk on Thursday, May 11th (the date of my father's birth in 1927) to members and potential new members – about 40 people in all – on the history of The Community, my father's quest for spiritual Truth, our plans for the future not only in Japan but in other parts of the world, including the United States and the Americas, and answered questions from those in attendance. The presentation, which was

translated by our Bishop Yukinori, was well-received.

On Saturday, May 13th, several Ministers and I performed Communion Service of rice cakes and water in preparation for Sunday's Sunrise Service. The Communion service was followed by ordinations for five members to the first and second levels. We then all partook of a common meal which several ladies of The Community had prepared.

On Sunday, May 14th, Bishop Yuki performed a purification rite on the site we have been using outside of Kurume for some time. The place is called Shono-toge. Following the purification or blessing of the place, Sunrise Divine Service in Japanese and English was performed by Bishop Yuki and myself assisted by other Ministers here in Japan.

Later in the day, we visited a Shinto shrine and a Buddhist temple called Naritasan and had a banquet together later in the evening. I am including with this communication a collage of photos of our weekend which should give you an idea of our experiences this week.

Today, Monday, I travel with Bishop Yuki to the coast to discuss our next plans in Japan. Next week, I will be back in Reno for the duration of the Summer. I hope to see you at The Community's annual convocation on September. Your invitation to attend will be on its way to you this week. Please contact the Chancellery at [775-786-7431](tel:775-786-7431) if you have any questions.

I hope you enjoy the photos, and I look forward to sharing with you next week.

Gene

"Do you need proof of God? Does one light a torch to see the Sun?" [Japanese Proverb]

Once again, please feel free to ask me any questions by calling [775-786-7432](tel:775-786-7432) or emailing me at messages@cosolargy.org. I am always at your service.

Many blessings in Light+,

Gene
