COSOLARGY INTERNATIONAL  
THE SACRED TEACHINGS OF LIGHT

## COSOLARGY NEWSLETTER MAY 2026

Greetings!

Welcome to our monthly bulletin with information of interest to friends of Cosology International. In this issue, we bring you up to date with current and future events and provide a little background on our founder, the late Gene Savoy Sr, and his explorations into solar cultures, along with some uplifting words of inspiration.

If you are curious about the solar techniques and activities of our Community, contact us by using the Contact Form on the [Cosology International website](#). It will be forwarded to the appropriate representative for your area.

In these trying times, if you would like to have a prayer said for you or others, click the Prayer Request button at the end of this newsletter.

### The Origins of Cosology

#### *Quotes from Gene Savoy, Sr.*

"From a study of Jung, Savoy reasoned that psychology had not become a real science of the mind and psyche, nor attained such heights as had the natural sciences in matters of physical reality. To do so, it would have to achieve what classical physics had with the discovery of radioactivity. This would entail the framing of a science of soul, all art of spiritual birth, a technology that would put the soul in contact with the creative forces and energy of the

universe."

## There is Only One God

*“There is but one God, the High God, the Designer, the Creator and Ruler of the Earth and the Lord of the Kingdoms of Light and Darkness. Everlasting, All Powerful and beyond the understanding of men. The Great Dweller in Everlasting Pregnant Silence, Unseeable, Unknowable.*

*“By a command He created man, and in His indulgence permitted the gods to be fashioned. He is the Source of all that is, the Father of Fathers, the Mother of Mothers, the One Who preceded the sun. The sun is not God, though His creation, for its brightness bestows light and life upon the Earth. It gives warmth to the aged and quickens the child in its mother’s womb. It nourishes the seed and calls forth the green growth. It is the instrument of the High God, His furnace fire of life. The sun is removed from man at night*

*time, but the True God is always with him. Man never walks alone; he is never unescorted"*

*-The Kolbrin Bible (MPR:2:1-2)*

## **Only One True God**

There is only one true God, and that is the God of Spirit, the God of Light. There are many false gods that are either fallen angels or the creation of men who like to see god in their image since they can't comprehend a god who is so much greater than the physical being of man. Sadly, these false gods have control of the vast majority of humanity, although that is starting to improve.

## **Lord of the Kingdoms of Light and Darkness**

The quote says the true God is Lord of the Kingdoms of Light and Darkness. While in a sense, that is true, it is really Satan who runs the kingdom of Darkness. God cannot descend into darkness, as that would pollute His purity. But he can send his presence into the physical world to aid in helping humans awaken to their true Self, and that is what God has done by creating the Sun of Righteousness.

## **Everlasting and All-powerful**

The true God is indeed everlasting. He has always existed and always will. He is all-powerful as He can create anything simply by thinking about it, and there is no power or being that can stop Him.

## **Father of Fathers and Mother of Mothers**

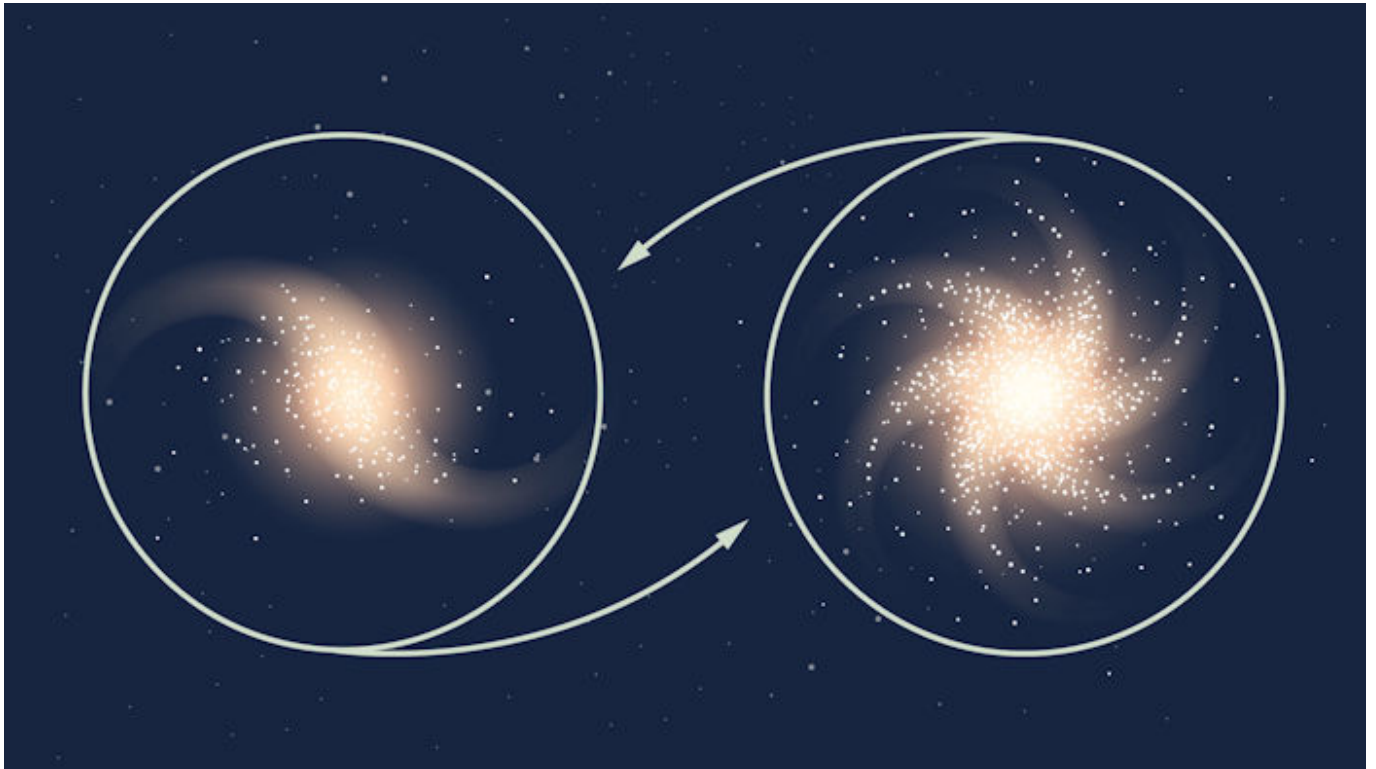

While it is a convention to write about God as "He", God is just as much female as male. God can only create that which He knows, so he must know what it is to be female as well as male.

## **The Sun is Not God**

It is true that the sun is not God, yet it is a creation of God on the Spiritual Level. The Spiritual Sun is, in a sense, much like a human Soul. God created the Sun of Righteousness by embedding His essence in the Spiritual Sun, but not the physical sun. Nonetheless, this change to the Spiritual Sun is resulting in changes to the physical sun. In fact, as the Light of God permeates all of the physical universe, it is being gradually changed back into the spiritual form that God always intended it to be. The quote says that even though the sun is hidden from us at night, the True God is always with us. In fact, even at night and on cloudy days, the spiritual sun still shines down on us and still does the work of God.

**“Scientists reveal the hidden forces shaping how gravity works across the Universe”**

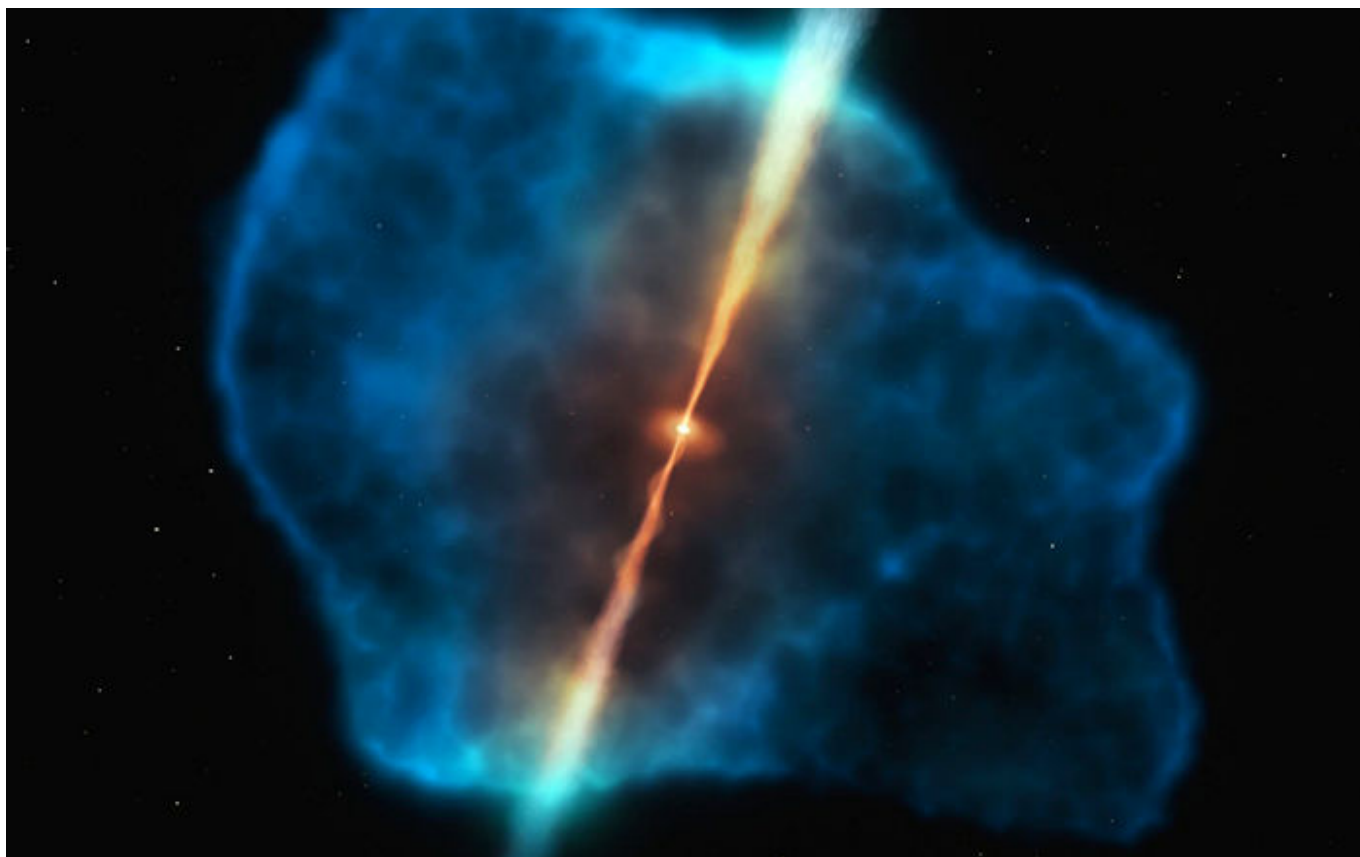

Gravity behaves predictably in your daily life. Drop a ball, and it falls. Planets loop around stars. On paper, the same rules should also govern matter spread across the universe. But the farther astronomers look, the more that certainty gets tested.

**“Early Galaxies Were Surrounded by Huge Clouds of Hydrogen, and Astronomers Found a Whole Bunch!”**

The first stars and galaxies formed out of immense clouds of neutral hydrogen, but it was theorized these clouds were surrounded by even larger “Lyman-alpha nebulae.” But only a few thousand of these clouds have ever been detected. Now, astronomers have discovered tens of thousands of halos that existed 10 to 12 billion years ago, at the time of Cosmic Dawn, when star formation began in the cosmos.

**“Two Monsters, One Galaxy,  
and a Collision 100 Years  
Away!”**

Most galaxies contain supermassive black holes, built up through countless mergers of less massive black holes. This means we should see galactic black holes in all forms of evolution, and occasionally see them coming together. Now, researchers think they've found a close pair of supermassive black holes in the galaxy Markarian 501, located about 450 million light-years away. They're locked in their final spiral, orbiting one another every 121 days, separated by 250-540 times the Earth-Sun distance.

**“Cosmic simulations reveal  
how galaxies formed and  
evolved over billions of  
years”**

Cold gas does not look dramatic at first glance. Neither does dust. Yet those two quiet ingredients sit at the center of a new effort to build a far more realistic picture of how galaxies formed. They help explain how galaxies changed and spread across the universe over billions of years.

## The Traits of a Good Ruler

Abraham Lincoln - W © 2006

*“The good ruler should not speak falsehood; he should be as great as his responsibilities. Each word should be weighed before spoken, for it is accepted as gold and not as thistledown. He should take heed of his own judgments, for the judgments of eternity draw near. He should be, above all, an example to all men. The gardener of wickedness waters his land with deceit, and it brings forth falsehood. The good ruler should be above every deed of meanness; he should be the father of the orphan and the husband of the widow. A true leader of the people should be free from every kind of avarice, a man above every kind of pettiness. He should be a man of wide vision. He should be like the rising waters that feed the fertile fields. He should be swift and sure to execute judgment on him, to whom punishment is due. O where does he sleep today, in what generation will he come forth?”*

*-The Kolbrin Bible (MAN:34:70)*

## **Speaking Lies**

A good leader does not speak lies. That doesn't just mean that he refrains from telling stories that are complete fabrications; it also means he doesn't tell partial truths, which is another way to lie. There are exceptions to this rule, as there are to almost all rules. You don't tell a person they are ugly or stupid, even if it is true. Sometimes, good manners override the need to tell the truth. It is also necessary, especially today, for governments to keep some things secret, as revealing them to the general public can be dangerous. The quote says should weigh every word before it is spoken, “for it is accepted as gold”. In other words, it is assumed that the leader doesn't lie. Once that assumption is proved false, the leader may never be trusted again.

## **Take Heed of His Judgments**

While in a sense, it is only God who can judge us, a leader must judge people who behave poorly, or appoint judges to do

it for him. As the quote indicates, the leader will die one day and be subject to the judgment of God's Law, so he must judge others fairly.

## **Be an Example**

A good ruler doesn't act one way while expecting others to act differently. The good ruler acts as he expects others to act. If a ruler is frequently looking for ways to mistreat certain groups of people because of their religion, race, color, etc., He should not be surprised if people look on him the same way. If a ruler looks for ways to steal the natural resources of other nations, he should not be surprised when other nations try to steal the resources of his nation. If a ruler tries to find reasons to start wars, he should expect others to do the same to his land.

## **Free from Avarice and Pettiness**

There was a time when kings and other leaders did not deal in avarice. In the past century, we have seen several leaders overthrown or assassinated because of their avarice. Yet that has not stopped modern leaders in several countries from being full of avarice. The good leader also avoids all forms of pettiness and does not react with anger when someone disagrees with him or makes a joke about him.

## **Wide Vision**

A good leader should be a man of wide vision. That means more than just a wide vision of what is happening in the world on the physical level, but also he must have vision of the spiritual. This means that the good leader must be spiritually developed, or at least must have trusted advisors who are spiritual leaders.
