# The Physical Body cannot Ascend into Heaven

*“Some are afraid that they will ascend from death naked, and they want to climb back to life in their flesh. They are unaware that those who wear their flesh are naked, and those who strip are not naked. ‘Flesh and blood cannot inherit the kingdom of god.’ What will we not inherit? The flesh we wear on us. Then both are wrong. You say the flesh won’t ascend. Tell me, what will rise so I can honor you? You say spirit in the flesh and light in the flesh. What is the flesh? You say there is nothing outside the flesh. Then rise in the flesh, since everything exists in it. In this world those wearing garments are better than garments. In heaven the garments are better than the wearers.*

*“Through water and fire this wide realm is purified, and the visible cleaned by the visible, and the hidden by the hidden, but there are elements concealed in the visible. ...*

*“The heavenly man has more children than a man on earth. If the offspring of Adam are many and die, how many more are the offspring of perfect beings who do not die and are born each second? The father makes a child. The child cannot make a son. He has not the power to make children. One recently born is not a parent. The son has brothers and sisters, not children. In this world there is a natural order to birth, and one is nourished by ordinary means. We are nourished by the promise of heaven, from the mouth of the word. If the word emanated from the mouth, it is perfect. By a kiss the perfect conceive and give birth. That is why we kiss. From the grace in others we conceive. ...*

*“It is impossible to see anything in the real realm unless you become it. Not so in the world. You see the sun without being the sun, see sky and earth but are not them. This is the truth of the world. In the other truth you are what you see. If you see spirit, you are spirit. If you look at the anointed, you are the anointed. If you see the father, you will be father. In this world you see everything but yourself, but there, you look at yourself and are what you*

see.”

*-The Gospel of Philip*

## **Ascending Naked**

You have to read and understand the entire sentence here to realize that what it means by “naked” is without the physical body. Those who believe they can ascend while still in the physical body need to read scripture more closely.

## **Nothing Outside the Flesh**

Some people believe their physical body is all they have, so it must be able to ascend into Heaven, but they are wrong. Only the Soul ascends into Heaven, and then only if it has been properly prepared and nurtured.

## **Purified by Water and Fire**

Yes, we are purified by water and fire, but not the physical elements bearing those names. This is an allegorical reference. We are purified by God’s Word and God’s Light. That is the water and fire that purifies the Soul.

## **More Children**

How can a person in heaven have more children than a person on Earth? How can they have any children with no physical body? It is because when you have succeeded in ascending to Heaven, you become one with God, one with the All, therefore, all souls are your brothers and sisters, all are your children, all are your spouses because all are in the One.

## **Impossible to See**

Philip says it is impossible to see anything in the real realm of spirit unless you become it. I think that may be an exaggeration. We can see spirits at times when we practice spiritual development techniques. Perhaps what Philip means is

that we cannot really understand the spiritual until we are part of it. It's like a primitive person seeing a car for the first time. They do see it in a limited way, but they don't understand it.

## **“Why won't the Blaze Star explode?”**

Have you ever heard of the Blaze Star? It's a star in the constellation Corona Borealis, the Northern Crown, that was supposed to go *nova* last year. Well, we're still waiting.

But when it finally does erupt, it'll be a once-in-a-lifetime show in our night sky.

The eagerly awaited Blaze Star nova is a real opportunity for keen night sky observers to witness a "new star" in the sky ... but only for a few days before it fades away again.

## **"A Supermassive Black Hole Is on a Collision Course With The Milky Way"**

A Milky Way collision with a supermassive black hole might be closer than we thought.

Hidden deep in the Large Magellanic Cloud dwarf galaxy that

orbits the Milky Way on an ever-closing loop, signs of a massive invisible object clocking in at around 600,000 times the mass of the Sun have been detected.

Since the Large Magellanic Cloud will one day collide with our own galaxy, that means the black hole is also destined to come crashing in.

**“ ‘It’s almost science fiction’: Scientists say the shape of Earth’s inner core is changing”**

Scientists who just months ago confirmed that Earth's inner core recently reversed its spin have a new revelation about our planet's deepest secrets – they identified changes to the inner core's shape.

Earth's innermost layer is a hot, solid ball of metal surrounded by a liquid metal outer core. For decades, planetary scientists suspected that the solid inner core deformed over time as it spun. Now, researchers have found the first evidence of changes taking place over the past 20 years in the shape of the inner core.

**Share Knowledge and Truth  
with Those Who Seek it**

*already destroyed him. Do not strengthen your last obstacles, because that is reprehensible. For the lawless one is nothing. He harms himself more than the law. For that one does his works because he is a lawless person. But this one, because he is a righteous person, does his works among others. Do the will of the father, then, for you are from him. For the father is sweet and his will is good. He knows the things that are yours, so that you may rest yourselves in them."*

*-The Gospel of Peace*

## **Speak to Those Who Seek**

We should share our spiritual knowledge with others, but only to a point. Some spiritual knowledge can be shared with all, but some must be reserved only for those who are ready to comprehend the true meaning and who will use the knowledge to do God's Will and not just whatever they want. As for those who have "committed sins," we all have at some time so it applies to everyone.

## **Stretch Forth your Hands to the Sick**

There are three kinds of illnesses: physical, mental, and spiritual. When people are physically sick, they may not be able to practice spiritual development. The same is true for the mentally sick. Most of all, however, those who are spiritually sick will not want to engage in spiritual development or may be engaging in a sort of spiritual development with the wrong kind of spirits. As a popular meme being shared on social media says, demons and devils are spirits too. So to stretch forth our hands to the sick primarily means that we should try to awaken them to the need for spiritual development and to have the proper attitude so they are communicating with Angels, not demons.

## **Awaken Those Who Sleep**

This is similar to the sickness problem. Those who sleep are the ones who have the potential for significant spiritual growth but don't know it. It would also include those who think the time for spiritual development is after the death of the physical body. We need to awaken them to the fact that spiritual development needs to be done now and always. It isn't something you can do for a week or two and then you are done.

**“A Strange New Cosmic  
Explosion May Have Just Been  
Discovered”**

A bizarre cosmic explosion has puzzled astronomers. It's either a very rare case of the stars aligning just right (literally) – or something powerful never seen before.

The event is designated EP240408a, as it was first detected by the Einstein Probe, an X-ray space telescope, on 8 April 2024. At a glance, it appeared to be a run-of-the-mill gamma ray burst, which typically emits bright X-rays too.

**“An Amazing JWST Image of a**

# Protostar”

The James Webb Space Telescope (JWST) has been giving us a fabulous new view on the universe since its launch. This new image of the protostar HH30 is in amazing new detail thanks to the JWST. It was first discovered using the Hubble Space Telescope but this Herbig-Haro object, which is a dark molecular cloud, is a perfect object for JWST. The image shows the protoplanetary disk seen edge on with a conical outflow of gas and dust with a narrow jet blasting out into space.
