Project X - Chapter 9

Looking into the dawn, I felt something like that - a sense of unity with the sun. I felt connected to it. My heart beat in harmony with the sun and my whole being pulsed with it in a unified rhythm. It seemed that my mind was expanding to embrace the external universe, the stars of the heavens, then contracting to embrace the inner world, the atoms comprising all living things. I was part of all life, vibrating with the sun in a cosmic dance in which I was a participant, not an observer. I began to experience other dimensions of being, as if I were actually part of celestial realms, transported to the sun and beyond through a gate to the realm of higher intelligence. I entered a world beyond space and time, a world not experienced by the normal mental faculties, and I participated in thoughts never experienced by my mind. Ninety-three million miles did not separate my being from the sun - in that very instant I was one with it. For the first time the sun as the eye of God looking into the depths of my soul.

My eyes were doing more than just seeing or experiencing the electromagnetic radiation of the visible spectrum, which causes light and color perception in material space and time. With my new sense of vision I was seeing points of solar illumination the many areas of the sky. I saw multitudes of suns, not just one, and energy seemed to be streaming into my being from all of them. The nerve cells in my eyes and brain tingled I felt aglow, radiant. I was also seeing the light of the invisible sun, and it to me. More astounding, the sun was responding to my projected thoughts as a living organism would. As I transmitted telepathically to the sun, it was transmitting telepathically to me.

A Big Heart and an Open Mind Aids Spiritual Growth

"Let me urge you, my child, to enlarge your heart; or rather, suffer it to become enlarged by grace. This contraction shuts you up in yourself, and hinders an agreeable openness which we should ever maintain, even towards those who have no particular affinity with ourselves. An open, frank exterior wins confidence. Let it not appear that you have so much relish for yourself as not to think of others. What seems to be a virtue is sometimes regarded by God as a fault; and which we shall so perceive when we have clearer light.

...

"I entreat you, pass beyond the narrow bounds of self; suffer yourself to be led out of self into the will and way of God. Thus you will be much more happy and useful." ~Madam

Project X - Chapter 2 At the Sun Temples

"Leaning my head back against the rock, I closed my eyes, wondering about the significance of the golden image and where I had gone wrong. While I was deep in contemplation, the rays of the sun penetrated the foliage canopy and fell on my eyelids. Instinctively, I opened my eyes and looked into the sun. At that instant, a ringing sound penetrated the depth of my being, and I could not move. Every nerve fought to control my form, but I was unable to call out or even blink my eyes; yet my

mind remained perfectly alert. Then I was totally paralyzed, having lost control over my body entirely. I was unaware that the second hand of my watch had begun to speed up. A pulse of energy coursed through my being.

Suddenly, the golden image reappeared, this time out of the sun itself. I became aware that I had stopped breathing, that I could no longer hear my heart beating. I felt suspended in space and time. The eyes of the golden image gazed into the center of my being and when its form drew closer, I felt myself wanting to merge with its radiance.

Was this to be my final transition? Was I transcending the earth to a higher dimension of reality? Perhaps this was what it was like to die. If that was true, at least there was no pain in the exit from the world; I felt no fear either, only the sensation of being unable to move my body. Was it catalepsy? My mind was clear; there seemed to be no loss of sensibility. It couldn't be an epileptic attack, for my body was unconvulsed and I was not in a trance-like state. These and other thoughts rushed through my mind, which seemed clearer than ever before in my life.

Gary Buchanan presents on Cosolargy at LumiCeuticals Conference

Hyatt Place Salt Lake City/Farmington/Station Park, venue of the 2019 LumiCeuticals Conference

The Shine With Light company's Annual Conference was held in Salt Lake City/Farmington Station, Utah, October 10-12, 2019. About 200 healing light practitioners and researchers were in attendance.

Following a guided Sunset Ceremony led by Rev. Canon Dr. Gary Buchanan on October 10, the evening's keynote presenter was Buchanan's longtime colleague, Jacob Liberman, OD, PhD. The essence of Dr. Liberman's talk, "The Eyes are the Windows of the Soul," was this: "The medicine of the future is light. We are healing ourselves with that which is our essence."

On the morning of October 11, Dr. Buchanan gave a two-hour presentation on Cosolargy, the International Community of Christ, sun-gazing, and new developments in Sonatherapy. Video clips from the documentary film "Eat the Sun," featuring ministers of the Second Advent Church at a Divine Sunrise Service held at the Cathedral Church of the Americas in Nevada, were very well received by all those in attendance.

As a follow-up, on the afternoon of October 12, Dr. Buchanan hosted a workshop in which he demonstrated the therapeutic applications of sound, light, color, water, and subtle energies while treating a conference member who had suffered a fall on the ice earlier that morning. The Sonatherapy applications, using sound applicators with specially developed Sonations, were administered in synchrony with the Color-Light-Sound pads marketed by Shine With Light and its parent company Lumiceuticals, part of the Kaiyan Medical Equipment Company, Ltd., located in Shenzhen, China.

The founder of Kaiyan Medical, Dutch physicist Alain Dijkstra, was at the conference along with his research team and equipment designers. Dijkstra and Buchanan conferred extensively during the three days in Salt Lake City.

Dijkstra and his colleagues recognize that the research and

development accomplished since 1975 by Dr. Buchanan and Cosolargy International in sound and color/light healing are indispensable in the proper design and manufacture of future instrumentation and therapeutic applications by Kaiyan Medical.

As a result, Dijkstra and his team, along with Shine With Light's founder Marta DeBerard, will be visiting Dr. Buchanan at Steamboat Healing Center in January 2020 to experience geothermal hot tubs, massage and Sonotherapy treatments, and local skiing while undertaking extensive discussions concerning the technologies, potential designs, manufacture, and marketing of Sonotherapy related instruments.

Reno Spiritual Wellness Expo

Cosolargy had a table at the annual Reno Spiritual Wellness Expo held October 18th to 20th. The table was divided into two sections: one for Steamboat Healing Center and Spa, and one for Cosolargy. It would be difficult to gauge how effective our participation in this event was for getting the word out about Cosolargy, but more Light Body Profiles were requested over the weekend than during a typical month. Below are some photos from the event.

A Modern Spiritual Community whose members engage in advanced Sun Gazing

There has been much interest in recent years on the practice of solar light absorption or what is popularly known as "sun gazing." But not all sun-gazing methods are the same. Having knowledge of the System and understanding it, new students of Cosolargy can accomplish on the human level what the ancient practitioners accomplished with the spiritual sun.

We invite you to take a look at the new site and let us know what you think. Above is an image from the Sun Gazing page and the button below will take you right there.

A Modern Spiritual Community who engage in a solar practice

The Second Advent Community is the modern representative of the One Great Religion of antiquity. Having knowledge of the System and understanding it, new students of Cosolargy can accomplish on the human level what the ancient practitioners accomplished. Community members have the obligation to present an entirely new religion to the world and to make a place for it so that the System is accepted and acknowledged in society.

New Cosolargy Web Site Up and Running

[Follow this link to visit the new Cosolargy web site:](http://cosolargy.org/)
<http://cosolargy.org/>

For the past several months the Jamilian University staff has been working with local marketing and design agency Rhinohub to produce an integrated image of the International Community of Christ Church, Cosolargy practice, Project X exploration and research, and Jamilian University educational and training programs for the world wide web accessible to anyone in the world with an internet connection.

In May 2019 the new web site was up and running. The site still needs some tweaking, but it represents the first stage of Cosolargy's web presence. The next stage of future development will further enhance the site's blog and

discussion of solar techniques.

Further in the future, the site will have pages on all its manifold projects and principles as well as a members section with access to educational materials and the online newsletter Community Communique. We'll be sending you more messages about the web site, what it does, and how we use it in upcoming weeks.
