

2015 Community Calendar Available

As a special gift for this time of year, the Church has sent out to all active Community members the Community Calendar for 2015.

For practical purposes, the calendar follows the traditional monthly format beginning with January, but it contains all the significant dates of The Community's Sacred Calendar, which begins on February 2nd (refer to Jamil: Child of Light, chapter 27).

In addition to dates for liturgical observance or remembrance, the moon phases for the year are also included. In relation to these moon phases are indicated days to view sunrise or sunset according to the important Lunar/Solar Cycles Generative

Technique familiar to Cosolargists who have advanced through The Cosolargy Papers.

Once again, thanks go to Deacon Dr. Stephan Fuelling for compiling and designing the calendar in consultation with the Publishing, Editing and Liturgical departments and with Bishop Gene. Thanks also go to the Reverend Ben Hubbard, who prints the calendar using our printing system at our production facilities located at the Steamboat Hot Springs.

A suggested donation of \$20.00 by active Community members would be greatly appreciated to help defray costs for producing the calendar. Corresponding members may contact the Church offices to request a calendar for the same suggested donation.

Gene Savoy Jr. Interviewed on “Uncommon Awareness”

GCN Radio

On February 6, 2015 Bishop Gene Savoy Jr. appeared on Dr. Lorraine Hurley's radio program "Uncommon Awareness" on Genesis Communications Network (GCN) Radio in a live broadcast from 5:00-7:00 PM Central Time. Dr. Hurley co-hosted the show with Dr. Dean Lloyd.

The show description reads: "Our guest is Gene Savoy Jr. Gene Savoy, Jr. describes the System of Cosolargy and the solar techniques that are taught by the Jamilian University. This practice leads to development of the spiritual Light Body and plays a powerful role in transcending into higher dimensional existence. Practiced as sun-gazing by many, Savoy is establishing schools through out the world that teach the

techniques of Cosolargy.”

Dr. Hurley said to Gene of her interview with him: “I’m pretty fascinated by what you have shared so far about the sun transmitting information outside what we see and feel. I have been wrestling with the ‘truth’ of what has taken over our world and beginning to see larger cracks in the matrix as evidenced by their escalating lunacy and recklessness.”

Lorraine Hurley is a medical doctor who grew increasingly distressed by the failure of medicine to provide health care. Her show presents guests who share fascinating experiences and evidence that we can be cured. From scientists to practitioners, activists, physicists, metaphysicists, spiritualists, esoteric teachers and healers, they show that natural and alternative practices work and that we are living in a new reality paradigm. Dr. Hurley hopes that what she and her guests share will help launch listeners into a profound understanding of human nature, potential and evolution.

Dean is a life-long professional musician who has been practicing holistic healing for more than twenty years. A board certified acupuncturist, naturopath, radio show host, author, professor, inventor, and philosopher, Dean teaches Acutone to Acupuncturists and health practitioners and has invented numerous musical healing devices, including the Resonance Bell, which he employs in his busy clinical practices.

Comments on the World Peace Conference in Korea

The World Alliance of Religions Peace Summit in South Korea that Bishop Gene Savoy and I attended in October was quite impressive. That so many people were gathering in one place with the intention of finding a solution for peace among nations created an atmosphere of tolerance and acceptance between all the various religious faiths that were represented there.

The second day of the conference was the round table discussion. There were five different groups. And it wasn't really a discussion. It wasn't a question and answer interaction among those attending. Several of the guest speakers expressed their thoughts as to what might be a solution. But nothing really solid came out of it. In the session that I attended, all the speakers said the same thing and that is: It is going to take a long time.

One of the religious leaders we were introduced to was Dr.

Hamid Slimi, a Muslim cleric from Canada. I mention him because he posted a video of the conference on his web site. The footage he took gives a good idea of what it was like there during those days at the summit. I also liked his commentary.

Some very positive things happened as a result of attending this conference. The Bishop has reserved his commentary on that topic for the Counsels lectures during the 2014 Convocation.

I am really grateful for having been given the opportunity to attend the conference and to visit Korea. I was there 40 years ago. The Korean people are just as beautiful now as they were then. I think Dr Hamid expressed it very well in his video.

Cosolargy Online Pilot Program Ready to Launch December 23, 2013

Dear Community Member,

At the General Assembly of Cosolargy meeting on October 2 our technology and business consultants, Empower Consulting Group, introduced those in attendance to the idea of online learning as part of our new global community outreach plan, and at the 4th Annual Conference on the Spiritual State of the World held October 4-6 in Reno, University Chancellor Sean Savoy announced the upcoming launch of the pilot for the first online educational program: *Project "X" Course on Ancient Solar Cultures–Level 1*.

"This program is being planned to involve not only new methods of teaching Cosolargy and presenting our learning materials online but also new ways of reaching out to the world via the Community's web sites. Global outreach and online learning will be a new focus as we take our Community further into the digital communication and information age," said Sean Savoy.

"For The Community, reaching new levels of global outreach is

paramount to our future success as an organization with a universal, global Teaching to impart. It is within our mandate to reach people, to take the news of the New Light with its inherent intelligence and information to greater numbers. Using the internet for Community services and programs as well as for our educational programs is quite a complex proposition—but an exciting one.

“We have much work to do as we convert our vast library of educational services and programs, including The Academy, Project ‘X’, and advanced sacred programs in Theology, Divinity and Liturgics.”

Since July, members of the Jamilian University staff have been on the path of creating a test program—our **“Pilot Project”**—to see how best to present some of the basic solar techniques and theory to new students of Cosolargy. Over the next few weeks, a test group will be introduced to “Week 1” of the online program, based on Project “X” research into ancient Solar Cultures, specifically, the Solar Teachings of the Americas, and will give us their feedback on its design and function.

In the meantime, we would like to share with you a short presentation that is intended to provide background to the undertaking of the Pilot Project— to give you an understanding of the how and why online education will help us deliver and evolve the Teachings and the body of work of The Community and our founder, Gene Savoy Sr., for the global community. The presentation is delivered by one of our consultants from Empower Consulting Group, Carol Vickers.

NOTE: You will be asked to download the presentation, which may take several minutes (depending upon your internet speed). Or you may save it to your Drop Box if you use that program and then watch it from there.
