*Thoughts presented at University of Reno, Nevada, 2013
Conference on the Spiritual State of the World, “Awakening
Your Light.”*

How does one sum up a lifetime of learning in 10 minutes? It's not really possible. I have read many books by many great authors, visited and experienced the minds of many knowledgeable teachers in over sixty countries and found their spiritual knowledge to be severely lacking in great spiritual truth and, at times, even somewhat boring—like tasting sixty different types of vanilla ice cream and realizing that there must be more than vanilla out there.

Now I make that statement as a student of life and the humble son of Doreen Roy, a woman of simple birth in the land of New Brunswick, Canada, who brought nine children into the world and still had time to heal many around her. What she had,

different from most people, was, I would call, a knowing. She was our mother, our teacher, our healer, as we never went to doctors. She preferred using herbs from her garden to keep our health perfect along with the most gentle love a mother could give. She never had ambitions to write about this gift that she was blessed with, never wanted to teach, instead she put this gift to work every day helping others—with childbirth or with sick children, in a way we call holistic healing today. Our religious background was Roman Catholic, and at the enlightened age of six, I told my parents that I would no longer attend Sunday Mass at our church, and when asked why, I told them simply that God was not there.

After I left home and started my world travels at the age of nineteen, I spent the next twenty years trying to understand this gift my mother had. It was not psychic ability or a mental attribute but best described after all these years as, simply, a Blessing. My travels at one point landed me in Europe with a family of my own still trying to unravel the secrets of what is Spiritual and how to experience perfect health without effort. Fate brought me a magazine with an interesting story of a Community of Mystics in Reno, Nevada, who were bringing forth new teachings using an ancient system. I ordered three of their books, and they arrived just before my departure for India.

The books were fascinating, I had never encountered or experienced information of this nature, along with techniques that were truly new to this world of ours. I spent three months in India, which gave me ample time to experience this new system and apply the techniques outlined in the study portion of the books. By the time I returned home to Europe something had changed inside me; I looked at the world around me in a different way.

I started my correspondence studies with the International Community of Cosolargy with the knowledge that my destiny was with this school and these new teachings. Within two years I

was on my way to Reno and a new life. My first meeting with the Man who was to be my Teacher for the next twenty-seven years was a very powerful moment indeed. My mother's aura came to mind, but this Man's presence was a millionfold greater in every sense. The knowing, that had been passed from my mother to me, helped me understand that I was in the presence of a true Spiritual Teacher and envoy of God.

My spiritual studies started along with an urge to Heal, as the illnesses I saw around me in society seemed simple to remedy, yet people still suffered from these illnesses due to a lack of knowledge and guidance. With the International Community of Cosolargy I learned that although the body suffers needlessly from illness, the cause is situated deeper within consciousness. I followed this cause through the mind into consciousness itself. Now when I speak of consciousness in this context, I do not mean Spiritual Consciousness but more of what in Cosolargy we call 4th-dimensional consciousness—what we know as the psychic realm, a very complicated realm indeed.

Trauma and mental illness seems to affect this psychic consciousness by impression and in time will, by gifting an elevated psychic level to the individual, steer the person into a belief system based on the original experience of the trauma or mental illness. For example, if a person is religious and has a strong belief in the Virgin Mary, and this person suffers a difficult trauma, he or she could in time start to experience visions or communications with an illusion of the Virgin Mary, emanating from psychic consciousness, and with an elevated psychic level could even perform minor healings. Quite harmless until other people start to believe that this person actually communicates with the Virgin Mary. These traumas or mental illnesses can come from a near-death experience or from losing a family member or from being in a car accident.

The positive side of psychic consciousness is that it can be trained to work for you in a constructive way. When I started my studies in Reno in 1980 after leaving Europe and my own serious trauma, I had to work hard to retrain my thoughts with positive affirmations; otherwise, I knew that a serious illness would befall me. At that time I thought I was programming my mind, but later on, with study, I learned that I had been influencing my psychic consciousness in a positive way. As an example, one of my daily mantras was simply that "illness does not exist," and to that effect I have not suffered any type of illness in over thirty years. (Now, of course, some of my friends may argue that I may have left out *mental* illness in that assessment!)

Now, Spiritual Consciousness, not recognized or understood by the lower psychic or mental consciousness, has not been experienced on this earth since the great masters such as Jesus or Buddha and, more recently, one more Enlightened Being, whom I will touch upon later. Spiritual Consciousness is from a Realm of Light far removed from this physical dimension and absolutely not concerned or interested with us in this lower realm of existence, unless we, through a system of Spiritual Healing, can reach out to this realm of Light and appeal to this Light to Heal us of our false beliefs and attachments to this false reality we live in. The International Community of Cosolargy has been given the means, the Spiritual Formula, if you will, to Heal our false sense of reality. The Community, using an ancient Spiritual technique, can teach students to view and experience the Spiritual Sun, which can open an individual to the incredible power of LOVE, only experienced by great teachers of time past. We are as sleepwalkers bouncing off the dreams of the many around us who continue to amaze and dazzle us with new inventions, new lower forms of healing, or the teachings of this or that guru. I, personally, want to wake up completely from this dreamworld. I seek only the One True God. I want to BE like Jesus; I want to BE like Buddha. I want to see and experience what they

experienced. I want to walk through that Cosmic door into a higher, eternal life. I believe this was the message that every enlightened teacher brought to this world and that was only understood by a few.

I would like to leave you with a story concerning the time we are in. Many years ago I had the opportunity to read the books *Power vs. Force* and *The Eye of the I* and other material by Dr. David R. Hawkins, an interesting compilation of tests and experiments in Applied Kinesiology. Dr. Hawkins had done over a million sessions with Applied Kinesiology all over the globe. The sessions that formed the basis of his writings involved working with small groups of people in his office to working with large auditoriums of thousands of people at a time. He devised a method whereby, on a scale of 1 to 1000, he rated historical personages, using Applied Kinesiology according to the power of their existence on this earth, or if you will, the impression they manifested while in this dimension. The part of this experiment that caught my eye was his statement that when enlightened people were on Earth the consciousness of society (people living on Earth) was raised by that enlightened person. The greater the person, the greater society benefited. He pointed to Jesus as one who had the greatest effect on society by His Presence. I believe he mentioned a rise of 25 points on his grand scale of 1000 points for society while Jesus was among us. Then he made a statement that I found most interesting. He stated that he had only recorded one other time in the last two thousand years when there was a similar rise in the consciousness of society, and that was in the year 1960. Now he states that he did not know what happened in the world at that time to create this rise in consciousness, but I felt that I knew the answer. We, in The Community believe that a Christ Being was born into this world at that time. This recognition has been the bedrock of our Community since that time. There isn't time for me to say more on this personage, but there is more on Him in our study material. The Community also has a system of Healing

using Color therapy, Sound therapy, and of course the Spiritual techniques relating to the Sun. Enough to fill a lifetime, for anyone, with treasures from a Higher realm of Truth.

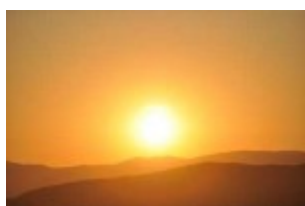

Well, this ten minutes is a “blink of an eye” in my life, but I have enjoyed sharing these thoughts with you and thank you for your kind attention, God Bless you all.

The event coordinator, Francine Petrovich, began the program with a traditional Lighting of Candles at each table followed

by a screening of the 2012 video "Triumphal March: The Spirit of Exploration," featuring The Foundation Orchestra. Scenes depicted recent excursions by Community members to Japan and South Africa.

The two visits to Japan, in 2011 and 2012, were to the Cosolargy International headquarters in Kurume, led by Yukinori Matsushita, and to Shinto and Buddhist shrines of historical and spiritual significance. The trip to Africa took place in October 2011 and included a visit to the Global White Lion Trust in Timbavati and nearby ruins of an ancient civilization known as Great Zimbabwe.

The video march presentation was then followed by the tolling

of the ship's bell in memoriam of Luzmilla Bernales de Ontaneda, Jack Webb, C. Ann Johnson, Eva Walker, and Inge Veith, all past members and supporters of work accomplished by both AEF & OSC and Cosolargy International.

“We are One, 2012”

Jim Eaglesmith. PHOTO: Stephan Fuelling

Storyteller Jim Eaglesmith’s presentation at the 2012 Cosolargy Conference was titled “We are One, 2012” and addressed perceptions of myths from the past, practical solutions for conscious community building, and tools for strengthening resolve in challenging times. His original music, with beautiful images and storytelling, provided the core of his presentation.

He performed for his “friends of Cosolargy” the original song

“I Am . . . the Light” with a slideshow specially prepared for the occasion and showed a few minutes of the film *Black Whole* by Gaia Films to underscore his discussion of the HeartMath & Global Coherence Initiative. He also told his own personal tale of personal salvation under the guidance of a Native American shaman in “Little Flower Eagle,” sang a Mayan song of greeting, and told the prophetic Incan tale of the Condor meeting the Eagle, an event presently under way in the Americas.

“Consciousness Aspects in the Golden Age”

Dr. Rowena Kryder. PHOTO: Stephan Fuelling

Dr. Rowena Pattee Kryder presented at the 2012 Cosolargy Conference on “Consciousness Aspects in the Golden Age.” Her talk addressed the historical perspective of the “four ages,” the geometric matrix and aether, subtle energy “elements,” the twelve archetypes that will be relevant in the Golden Age, and provided a practical, hands-on exercise to enhance consciousness from her recent oracle book and card pack, *Soul Fire*. Dr. Kryder opened with a discussion of the four historical ages of changes in human consciousness since 11,000 BCE, laid out and described by Robert Cox in his book *Pillar of Celestial Fire*, as a review of the large-scale “cycles of civilization” in order to point up the importance of the present quantum shift toward a new Golden Age in consciousness that we are presently participating in, an age in which humans have greater opportunity to know how to be one with the “Source” and cosmic Love acts as a tendency of Aether to vibrate in harmony with Eternal Light.

In line with her talk, Dr. Kryder, an accomplished visual artist, provided intuitive depictions of the four *tattvas* of

Vedic thought and a series of painted archetypal images from her book *Soul Fire* that depict meaningful functions in the Golden Age as part of an exercise with the audience to determine what function each person in the audience most related to intuitively and to help each person answer questions related to that archetype for practical purposes in the future.

Biographical Note:

Dr. Kryder, in addition to being the author of some fifteen books by numerous major publishers, has been an active artist all her life, lecturing and teaching workshops worldwide. The former chairwoman of art and creativity at the California Institute of Integral Studies in San Francisco, she later founded the Creative Harmonics Institute in Mount Shasta, California, where for 12 years she was program director for ten-day intensives. Her PhD is in cross-cultural religious studies from the Union Graduate School and her bachelor's and MFA are from the University of Oregon in symbolism. She has been a teacher at the Subtle Energy Conferences in Boulder, Colorado, Transpersonal Psychology Conferences, and Conferences on Shamanism for several decades and has also been an invited speaker to the Medical and Scientific Network in Great Britain.

“2012: Living in an Electric Universe”

Dr. Karl Maret. PHOTO: Stephan Fuelling

Dr. Karl Maret's magnificent audiovisual presentation at the 2012 Cosolargy Conference was

titled "2012: Living in an Electric Universe." The presentation addressed the new plasma physics as it relates to the sun and astrophysical processes, and how the year 2012 represents a watershed moment in time. In the first portion of his presentation, Dr. Maret used electromagnetic field simulations to discuss the biological influence of toroidal (donut-shaped) magnetic fields, the behavior of water in a high voltage environment to discuss the movement of water within the body and biophoton-structured water, and the sun's motion within the galaxy to discuss the current state of changes in the sun. In the second part of his presentation, he proposed a new model of so-called "dark matter" that considers the anomalies of red shift patterns not considered by conventional physics, dispensed the myth of the "big bang" theory with the suggestion that we live in a much more complex universe, described the sun's photosphere as being made up of myriads of "magnetic cells," and discussed the current and unconventional concepts of plasma as the primary medium making up our galaxy and the effects of the "electric universe" on the human body, including biophoton concepts related to genetics and energy medicine.. Dr. Maret closed with a thought

on the true use of science in our age and notes on the nature of each of the recent astrological ages: Aries (2200–44 BCE), Pisces (44 BCE–2117 CE), and Aquarius (2117–).

Biographical Note:

Dr. Maret earned his medical degree from the University of Toronto and holds a master's degree in biomedical engineering and a bachelor's in electrical engineering. He completed a four-year post-doctoral fellowship in pulmonary physiology at the University of California at San Diego and developed the biomedical instrumentation for the successful 1981 American Medical Research Expedition to Mt. Everest.

Dr. Maret practices Complementary and Alternative Medicine, specializing in nutrition, functional medicine, and energy medicine at the Dove Center for Integrative Medicine in Aptos, California, and is President of the Dove Health Alliance nonprofit foundation. He lectures extensively in Europe and America about electromagnetic healing approaches, new water technologies, the dangers of electrosmog, and new integrative energy medicine therapies. He is also on the Wisdom Council of the International Society for the Study of Subtle Energies and Energy Medicine.

“Stop Looking, Start Seeing”

Dr. Jacob Liberman. PHOTO: Stephan Fuelling

Dr. Jacob Liberman's presentation at the 2012 Cosolargy Conference was titled "Stop Looking, Start Seeing." His talk dealt with the self-regulating universe, how to stop looking and learn how to see, life guidance through higher intelligence and our own choices, and gaining a deeper understanding of life and its many mysteries from the perspective of a vision scientist. Dr. Liberman opened his presentation with the image of the "invisible wind," the "wind behind the wind," and science's interest in finding out what this invisible animating force of life is. Through demonstrations and personal tales, Dr. Liberman discussed "living choicelessly," "being in the flow," and the "sweetness shared between two people that can be so healing." He also discussed his newest research—measuring the light that comes *out* of the eye under certain circumstances.

Biographical Note:

Dr. Liberman is a pioneer in the fields of light, vision, and consciousness and is the author of the books *Light: Medicine of the Future*, *Take Off Your Glasses and See*, and *Wisdom from an Empty Mind*. He earned a Doctor of Optometry degree in 1973,

a Ph.D. in Vision Science in 1986, and was awarded an Honorary Doctorate of Science in 1996. Dr. Liberman has shared his discoveries and insights with more than 2,000 audiences worldwide and has been enthusiastically endorsed by luminaries in the fields of health, science, and spirituality, including Deepak Chopra, Louise Hay, Bruce Lipton, Jean Houston, and Eckhart Tolle. Best-selling spiritual author Gary Zukav has described Dr. Liberman's work as "deeply transformational," Jean Houston calls it "a manual for a whole new order of being," and Louise Hay says, "Jacob Liberman is one of my favorite teachers." Dr. Liberman is the inventor of several light therapy devices, as well as the first FDA-approved medical device that significantly improves visual performance. He is the founder of Exercise Your Eyes, Inc. and EYELIGHT, and the past President of the International Society for the Study of Subtle Energies and Energy Medicine (ISSSEEM).

"Sonatherapy and Cosolargy: The Future of Healing"

Dr. Gary Buchanan. PHOTO: Stephan Fuelling

Dr. Gary Robert Buchanan spoke at the 2012 Cosolargy Conference on "Sonatherapy and Cosolargy: The Future of Healing." His presentation addressed the purpose of Cosolargy and the relation of Cosolargy to ancient Vedic and Buddhist teachings, emphasizing the image of the Heart in these ancient teachings. The presentation also described the important concept of *enantiodromia*, as discussed by Sigmund Freud, Carl Jung, and recently by Manfred Clynes, who defined the process as "sentic response" in reference to the lower force centers.

Dr. Buchanan's talk primarily discussed present research into the physical and psychological applications of the revolutionary new healing modality known as "Sonatherapy," or Wave Front BIOresonance, which combines light, color, sound, water and subtle energies, to assist healing of the body, mind, and psyche, and the future of Sonatherapy and other spiritually based healing therapies.

Biographical Note:

Dr. Buchanan is a composer, orchestra conductor, educator, theologian, therapist, and the Director of Wave Front BIOresonance Research at Steamboat Hot Springs Healing Center in Reno. He is the author of the 2008 landmark publication *SONA: Healing with Wave Front BIOresonance*, which is now being used worldwide in alternative healing clinics as a Sonatherapy training text. With degrees and certificates from institutions where he has both studied and taught around the world, Dr. Buchanan has been with Cosolargy International since 1975, serving on the faculties of the Jamilian University and the Jamilian Parochial School. He is also Vice President of the Andean Explorers Foundation, Founding Conductor of the Foundation Orchestra, editor, sound engineer, and researcher in vibrational healing.
