Gary Buchanan to Speak on

Cosolargy at 2017 International Light Association Conference

The Reverend Canon Gary Buchanan has been invited to speak at the 2017 conference of the International Light Association, to be held in Fort Lauderdale, Florida from April 29th through

May 3rd. Cosolargy International President Gene Savoy Jr and his wife Radheka will also be attending the conference.

Gary was invited to speak by the president of the organization, Anadi Martel, whom Gary met in Bulgaria at the 11th Annual Water Conference held in Sofia October 6-9, 2016. Mr. Martel offered Gary space to talk about any and all aspects of light, including "higher sciences," but advised him to create a bridge with more mainstream science through clinical and case studies when possible and asked Gary to devote a bit of time to Cymatics and the wonderful images and videos of sound resonance which he saw Gary present in Bulgaria. Gary's time slot is for 75 minutes, including a questions period. His talk, the final presentation on the final day of the conference, will serve as final summation and conclusion to the week-long gathering.

Members of the board of the International Light Association include internationally situated physicists and many others. Dr. Jacob Liberman, who spoke at the 2012 "Spiritual State of the World Conference" in Reno is also on the board and will evidently be presenting this year. Dr. Jim Oschman, also a speaker at a number of the "Spiritual State of the World" conferences sponsored by Cosolargy International, has presented at the International Light Association conference in the past. Other presenters will include Gerald Pollack, director of the EZ water conference in Bulgaria, and Fritz Albert Popp, pioneer in biophotons. There will also be numerous individuals involved in sun-gazing and photosyntonics, light medicine and related technologies, and the study of ancient religions of the east. More can be reviewed on the board at <http://www.international-light-association.org/board>.

The 2017 conference of the International Light Association promises to be a good meet-up with people who may be interested in the principles taught by Cosolargy International. This conference may also establish inroads to

other conferences and the groups that sponsor them.

The ILA's purpose is to create a bridge between the scientific and the energy aspects of light, and participants include people working with both mainstream light medicine and more esoteric traditions. The web site of the International Light Association, which has the conference up front, may be viewed at <http://www.international-light-association.org/>.

Be sure to view Gary Buchanan's front-page preview on the web site [as well](http://www.international-light-association.org/event/conf-2017/presenter/gary-buchanan) (<http://www.international-light-association.org/event/conf-2017/presenter/gary-buchanan>).

Church to Purchase Beachfront Property in Mexico for Cosolargy Center

Satellite image of proposed site for healing center in Baja, Mexico PHOTO: Google Maps

The Church recently made arrangements to purchase 9223 square meters of beachfront property in Baja California Sur, Mexico to establish a Cosolargy Center there to serve as the headquarters for Cosolargy International in the Spanish-speaking world. Plans and photos will be forthcoming.

The property is located in the beautiful area of El Cardonal,

a 25-minute drive north of Los Barriles on the east coast of the peninsula on the Gulf of California (Sea of Cortez). (See the satellite image above.)

You can locate the property yourself on Google maps. (1) Search for “El Cardonal, Baja California Sur, Mexico.” (2) Switch to the satellite map. (3) Magnify the area indicated by the red arrow until you can make out the trees. (4) Move to the vacant seaside lot two lots down from the lot marked by the red arrow with a big Cardinal cactus in the center. That is the location.

The lot is bordered on the north by an estate. On the south by an elementary school. And on the west by the sea and 100 meters of beachfront.

Keep all this in mind when you read the letter that is already in the mail to you asking for your help to make the dream of a center in Mexico come true.
