HEAD OVERSEER'S WEEKLY MESSAGE

April 11, 2025

Remembrance of the 40-day Vigil (1981)

Dear Harold,

I hope this letter finds you healthy, well and blessed. I can't believe it's been more than four years since I've communicated with you in this way. That was for our successful

project to repair, renovate and save the Cathedral Church of the Americas at the Red Rock Consecrated Sanctuary from its serious state of deterioration. You should be proud of the fact that between 2019 and 2021, we raised \$70,000 for the extensive repairs. Because of your dedication and the dedication of your fellow Brothers and Sisters in The Community, the Cathedral and Monument to Human Spiritual Rights stands strong today and will continue to be a beacon at the Sanctuary for many decades to come.

Over the past few years since the Cathedral Church renovations were completed, we have been busy with several other capital projects. They include a wonderful makeover in late 2021 of the guest apartment in the Chapter House at the Sanctuary, which members of The Community love to use and do so regularly when they visit us. This was a worthwhile investment of about \$10,000, which we promised to do after the passing into the Light of our beloved Reverend Mother Carol Ann Crabb; and it has turned out to be a very positive addition to the Sanctuary.

In the Fall of 2023, the old roof at Steamboat Hot Springs was completely replaced with a brand new one to the tune of just under \$103,000. (The Winter of 2022/2023 was so extreme, the old roof was leaking like a sieve.) And this year, also at the hot springs, we are renovating a new events space which will be used for both public and private functions. However, the largest projects over the past three years (2022 – 2024) have been at the Rectory-Abbey and the Rectory-Abbey East Wing. Major improvements included an entire exterior reconstruction of the East Wing, including tear down and rebuilding of both the east and west sunrooms – quite an undertaking! In addition, the main kitchen of the Rectory-Abbey, which has served The Community so well over the past 50 years for so many auspicious and happy events, underwent a complete remodel, as well. The investment at these two important Church properties was \$440,000.

As you can see, we have been making significant investments to our buildings and facilities. However, it is important for me to emphasize to you that all of these major projects and improvements were able to be made due to the very generous donations of only three individual persons – one, an outside donor; the other, a patron of the hot springs; and finally, one of the Church's very important guilds. Without this support, these endeavors would have been much harder to accomplish and may not have been able to be realized at all at this time. We certainly are grateful to them.

The next phase of improvement and investment is the Chancellery and Chapel of the Holy Child. Over the past several years, multiple repairs have been made to the Chapel roof, including the replacement of several skylights. This has cost us in the neighborhood of \$18,000. Last year, we purchased and installed a new air conditioning unit for the Chapel; and this Winter, we were forced to replace the old furnace for the main Chancellery offices. These two items cost approximately \$16,000. You also may remember that in 2020, we experienced a major plumbing issue that affected the entire 1940s era building costing about \$20,000. As these show, upkeep on aging buildings is a major task.

Now I need to ask for your help as our funding sources have been exhausted. The Community purchased the Chancellery building in 1979. That was the last time upgrades were made to the ladies' and men's restrooms – 46 years ago! It's definitely time to remodel these two facilities, especially the ladies' room. It is also important to make one of them ADA compliant (handicapped accessible). Additionally, we also need to repair the concrete steps at the front of the building which date from the 1960s. These three renovations – the two restrooms and the front steps – will cost about \$50,000. And that's what we need to raise. (A fourth renovation to the upstairs kitchen will have to wait.) I am enclosing a photo sheet, so you can see the need to remodel the areas I've

mentioned.

Once again, I am asking everyone in The Community to make a pledge towards this project. On the enclosed pledge form, you will see several ways to spread your contribution out over time – even over 18 months if necessary. I am personally asking you to make as generous a contribution as you can. If you will do that, I am confident we will be able to meet our goal. (Work on the front steps has already been completed.) Please remember that the Chancellery and the Chapel of the Holy Child are the public face of our Church Community in downtown Reno, and that our beautiful Chapel conveys something very special and unique to all who visit it, including blessings.

If I may answer any questions or concerns of yours, or if you'd like to personally discuss your pledge or these improvements to the Chancellery with me directly, please do not hesitate to reach out to me. I thank you always for your support, and I look forward to completing these meaningful improvements this year with your help. They will make a wonderful addition in time for next year's Community Convocation.

COSOLARGY NEWSLETTER APRIL 2025

Hello Gene,

Welcome to our monthly bulletin with information of interest to friends of Cosolargy International. In this issue, we bring you up to date with current and future events and provide a little background on our founder, the late Gene Savoy Sr, and his explorations into solar cultures, along with some uplifting words of inspiration.

If you are curious about the solar techniques and activities of our Community, contact us by using the Contact Form on the [Cosolargy International website](https://www.cosolargy.org). It will be forwarded to the appropriate representative for your area.

In these trying times, if you would like to have a prayer said for you or others, click the Prayer Request button at the end of this newsletter.

The Origins of Cosolargy

Quotes from Gene Savoy, Sr.

"The Man [Gene Savoy, Sr.] and The Youth, who bore the casket, fell to their knees three times, and their strength did ebb. During life, Jamil+ had been light as the wind; in death, his fragile remains had become heavy as stone. And they were mystified.

"They reached the burial ground at the summit, and sat down to rest at the base of a great rock hewn by the stone masons to form a receptacle for The Child.+ Few precincts of the world could equal the natural beauty of the hill which, from earliest times, had been a holy shrine to the people. Situated in a time-honored spot, known as the spacious land between the four rivers, with the towering snow-capped Andes visible to the north and the spreading fertile valleys lying to the south, the pinnacle caught the first rays of the rising sun as it came up over a green height to the east, and it remained illuminated while the sun inclined toward the west disappearing behind the purple heights of the Cordilleras. And when the moon arched through the sky, it could be seen clearly day or night from one end of the horizon to the other. No king could claim a more venerable resting place for his earthly remains."

The Origins of Cosolargy

Quotes from Gene Savoy, Sr.

"An aroma of azahares, roses, and gardenias perfumed the ether. And when the remains of the Lustrous One+ were brought down, a radiant Light+ shone about his figure, golden like the sun, and they believed his soul had returned. And they likened him unto a saint, for none had seen such beauty before. Lovingly, they wrapped him in cloth and covered his yellow ringlets of hair with a headpiece, placing his remains in a wooden casket lined with soft material of perfect white. And they placed therein offerings of perfume, incense, and flowers. Having done these things they covered the box with glass, for they could not bring themselves to hide his loving face that reflected the benevolent rays of the sun.

"At high noon, the mourners set off on foot toward the high hill overlooking the city, followed by a delegation of villagers. There they would entomb the earthly remains of Jamil+ in an unmarked tomb prepared by stone masons. The Man [Gene Savoy, Sr.] had selected the hill, so often frequented by Jamil+ in life, where the eucalyptus grew. Arriving at the foot of the hill, the procession stopped. The villagers treated them with consideration and left The Man, The Woman, The Youth, The Nurse, the rest of the Companions, and a single stone mason to continue on; for they respected their grief".
