The greatest world teachers were solar adepts: Krishna, Buddha, Jesus, and Viracocha. After 50 years of research, the Jamilian University can confirm that the sacred teachings of both East and West were based on working with the sun to enhance spiritual growth and heighten consciousness. All of the advanced ancient cultures across the world worked with the sacred arts and sciences of cosmic-solar energy to maintain health, increase longevity, and expand consciousness.

It is no accident that these ancient teachings are being revealed to the world in a new way during this time of global crisis. By learning how to access the intelligence potential of the sun, we can expand human consciousness and unite the world. Only by working with the sun as a universal community can we resolve the global crisis and heal the world condition.

Presenters will be Sean Savoy, Cardinal Overseer of the International Community of Christ and Chancellor of the Jamilian University in Reno, Nevada, and Dr. William Bartlett, Buddhist and Christian theologian.

The Reverend V. James Jeffery

Rector Emeritus, Trinity Episcopal Church, Reno

The Nevada Prayer Breakfast, a Nevada Tradition, has been revived by the Nevada Clergy Association for the gathering of citizens, as well as civic, business, and community leaders who are devoted to prayer on behalf of our State, and for the sharing of inspiration and ideas on the crucial need to bring the spiritual resources of the faith community to bear on issues that face Nevadans. While each segment of the faith community believes ardently in its approach to the Divine, we gather at the Nevada Prayer Breakfast as equals. Together, we devote our energies to the good of the State of Nevada. Together, we pray.
