Travel Nevada to Steamboat

Sydney Martinez, Content Manager at the Department of Tourism and Cultural Affairs, has produced some beautiful articles that give exclusive coverage the the Steamboat Healing Center and Spa online at the department's web site *Travel Nevada* (travelnevada.com) for sharing with their audience.

Well written, well researched, and well received, the articles are now available for viewing on the Department of Tourism's web site:

Gary Buchanan Speaks on Archetypal Images of Sound & Light

Archetypal Imagery:

An archetype can be defined as a communication, pattern or behavior, or prototype (model) which may be emulated – that is, an active form or function that is replicated, imitated, mirrored, or that engenders similar patterns of form and/or function. Such replications are said to be “canonic” in that they occur with mathematical regularity and often in “chains.”

The 2017 international Sound Healing Forum was hosted by Cosolargy International in Reno, Nevada, September 8-10. The main presenters included Dr. Karl Maret, Bruce Kanzelmeyer, Master Yukinori Matsushita, and Dr. Gary Robert Buchanan.

Dr. Buchanan, Director of Wave Front BIOresonance Research & Development at Steamboat Healing Center, presented this lecture on “Cymatics, Sonotherapy, and Cosolargy: Archetypal Images of Sound & Light.” The presentation was a reprise of the same talk given to the International Light Association at the Annual Conference in Fort Lauderdale, during May, 2017.

**A Thank you from Steamboat
Hot Springs**

STEAMBOAT HOT SPRINGS HEALING CENTER AND SPA

We thank you for such a wonderful year!

Our staff remains enthusiastic and energized through the holiday season, and we are so excited to see what 2017 will bring!

2016 has been a great year for Steamboat

We have had a wonderful year, and we could not have done it without you! We have created partnerships that are doing nothing but good, like our Garden Project with the Volunteers of America, or our Wellness Initiative with the Reno Bighorns and Sacramento Kings. We are also working with Urban Roots and the Polygrarian institute to create education programs, as well as

a 'Save and Share' seed program. We were even fortunate enough to participate in a baby sea turtle release down on the Baja Peninsula in Mexico!

And we're not slowing down!

As wonderful as this year was, we've got our eyes forward to 2017, and everything that we've got planned. Keep your eyes peeled for our medicinal herb garden being planted in the spring time, the opening of our Sound and Color relaxation tub, breaking ground in the Greenhouse Project, and revamping our yoga studio! We are a non-profit wellness center, and we are so lucky to have wonderful guests like you to make it possible to accomplish our goals, and get our projects off the ground to support the wellness of our community.

A Thank You from Us

We appreciate our guests, and as a thank you, we would like to extend an offer of 10% through the month of January to all of our returning customers, for continuing to support us in supporting our community.
