

“2012: Living in an Electric Universe”

Dr. Karl Maret's magnificent audiovisual presentation at the 2012 Cosolargy Conference was

titled “2012: Living in an Electric Universe.” The presentation addressed the new plasma physics as it relates to the sun and astrophysical processes, and how the year 2012 represents a watershed moment in time. In the first portion of his presentation, Dr. Maret used electromagnetic field simulations to discuss the biological influence of toroidal (donut-shaped) magnetic fields, the behavior of water in a high voltage environment to discuss the movement of water within the body and biophoton-structured water, and the sun's motion within the galaxy to discuss the current state of changes in the sun. In the second part of his presentation, he proposed a new model of so-called “dark matter” that considers the anomalies of red shift patterns not considered by conventional physics, dispensed the myth of the “big bang” theory with the suggestion that we live in a much more complex universe, described the sun's photosphere as being made up of

myriads of “magnetic cells,” and discussed the current and unconventional concepts of plasma as the primary medium making up our galaxy and the effects of the “electric universe” on the human body, including biophoton concepts related to genetics and energy medicine.. Dr. Maret closed with a thought on the true use of science in our age and notes on the nature of each of the recent astrological ages: Aries (2200–44 BCE), Pisces (44 BCE–2117 CE), and Aquarius (2117–).

Biographical Note:

Dr. Maret earned his medical degree from the University of Toronto and holds a master’s degree in biomedical engineering and a bachelor’s in electrical engineering. He completed a four-year post-doctoral fellowship in pulmonary physiology at the University of California at San Diego and developed the biomedical instrumentation for the successful 1981 American Medical Research Expedition to Mt. Everest.

Dr. Maret practices Complementary and Alternative Medicine, specializing in nutrition, functional medicine, and energy medicine at the Dove Center for Integrative Medicine in Aptos, California, and is President of the Dove Health Alliance nonprofit foundation. He lectures extensively in Europe and America about electromagnetic healing approaches, new water technologies, the dangers of electrosmog, and new integrative energy medicine therapies. He is also on the Wisdom Council of the International Society for the Study of Subtle Energies and Energy Medicine.

“Stop Looking, Start Seeing”

Dr. Jacob Liberman. PHOTO: Stephan Fuelling

Dr. Jacob Liberman's presentation at the 2012 Cosolargy Conference was titled "Stop Looking, Start Seeing." His talk dealt with the self-regulating universe, how to stop looking and learn how to see, life guidance through higher intelligence and our own choices, and gaining a deeper understanding of life and its many mysteries from the perspective of a vision scientist. Dr. Liberman opened his presentation with the image of the "invisible wind," the "wind behind the wind," and science's interest in finding out what this invisible animating force of life is. Through demonstrations and personal tales, Dr. Liberman discussed "living choicelessly," "being in the flow," and the "sweetness shared between two people that can be so healing." He also discussed his newest research—measuring the light that comes *out* of the eye under certain circumstances.

Biographical Note:

Dr. Liberman is a pioneer in the fields of light, vision, and consciousness and is the author of the books *Light: Medicine of the Future*, *Take Off Your Glasses and See*, and *Wisdom from an Empty Mind*. He earned a Doctor of Optometry degree in 1973,

a Ph.D. in Vision Science in 1986, and was awarded an Honorary Doctorate of Science in 1996. Dr. Liberman has shared his discoveries and insights with more than 2,000 audiences worldwide and has been enthusiastically endorsed by luminaries in the fields of health, science, and spirituality, including Deepak Chopra, Louise Hay, Bruce Lipton, Jean Houston, and Eckhart Tolle. Best-selling spiritual author Gary Zukav has described Dr. Liberman's work as "deeply transformational," Jean Houston calls it "a manual for a whole new order of being," and Louise Hay says, "Jacob Liberman is one of my favorite teachers." Dr. Liberman is the inventor of several light therapy devices, as well as the first FDA-approved medical device that significantly improves visual performance. He is the founder of Exercise Your Eyes, Inc. and EYELIGHT, and the past President of the International Society for the Study of Subtle Energies and Energy Medicine (ISSSEEM).

"Sonatherapy and Cosolargy: The Future of Healing"

Dr. Gary Buchanan. PHOTO: Stephan Fuelling

Dr. Gary Robert Buchanan spoke at the 2012 Cosolargy Conference on "Sonatherapy and Cosolargy: The Future of Healing." His presentation addressed the purpose of Cosolargy and the relation of Cosolargy to ancient Vedic and Buddhist teachings, emphasizing the image of the Heart in these ancient teachings. The presentation also described the important concept of *enantiodromia*, as discussed by Sigmund Freud, Carl Jung, and recently by Manfred Clynes, who defined the process as "sentic response" in reference to the lower force centers.

Dr. Buchanan's talk primarily discussed present research into the physical and psychological applications of the revolutionary new healing modality known as "Sonatherapy," or Wave Front BIOresonance, which combines light, color, sound, water and subtle energies, to assist healing of the body, mind, and psyche, and the future of Sonatherapy and other spiritually based healing therapies.

Biographical Note:

Dr. Buchanan is a composer, orchestra conductor, educator, theologian, therapist, and the Director of Wave Front BIOresonance Research at Steamboat Hot Springs Healing Center in Reno. He is the author of the 2008 landmark publication *SONA: Healing with Wave Front BIOresonance*, which is now being used worldwide in alternative healing clinics as a Sonatherapy training text. With degrees and certificates from institutions where he has both studied and taught around the world, Dr. Buchanan has been with Cosolargy International since 1975, serving on the faculties of the Jamilian University and the Jamilian Parochial School. He is also Vice President of the Andean Explorers Foundation, Founding Conductor of the Foundation Orchestra, editor, sound engineer, and researcher in vibrational healing.

Dr. Stephan Fuelling's presentation at the 2012 Cosolargy

Conference was titled “Synchronicity, Intent, and Conscious Creation.” Dr. Fuelling addressed synchronicity, or “meaningful coincidence,” through a series of personal experiences as well as through the use of the I Ching and other ancient arts of divination from the perspective of modern physics and to bring about changes. He also described how our inner personal world connects to the outer world from the perspective of modern physics, how Carl Jung’s concept of synchronicity relates to the alchemical concept of *Unus Mundus* (One World), how the physicist’s tale “Schrodinger’s cat” explains the workings of quantum being, and how the “Copenhagen concept” explains the fact that if something can’t be seen it doesn’t exist. His talk closed with a plug for the global consciousness project at Princeton (<http://noosphere.princeton.edu/>).

Biographical Note:

Dr. Fuelling is a Research Assistant Professor in Physics at the University of Nevada, Reno. His areas of interest include atomic physics, plasma physics, experimental designs and applications, investigation of current and laser-driven plasmas for fusion energy, radiation production, and materials. His background includes electrical engineering, and he has served as a scientific advisor in private industry. He has been a coauthor of numerous research publications on topics ranging from X-ray spectroscopy to atomic collisions. Dr. Fuelling has been a resident member of the Academy of the Jamilian University for many years.

Stephan Fuelling

Puran and Susanna Bair spoke at the 2012 Cosolargy Conference on "The Coming Times and the Culture of the Heart." Their presentation addressed the coming cataclysms (natural, political, economic, and social), the new awakening of humanity to divinity, the concept of the sun as a broadcasting system of new information, and changes from the present culture of mind to one of the heart. Their presentation also provided practical tools for each person's contribution to the transformation that is taking place in our time and a basic sense of the practice of their "I Am You" experience and its effects as a purification process. Central to their teaching and practice is their technique of Heart Rhythm Meditation, which they identify as an ancient technique that they have updated using modern science, biofeedback, Heart Math instruments of measurement, and the concept of a "responsive heart."

Biographical Note:

The Bairs are cofounders of the Institute for Applied Meditation (IAM) in Tucson, Arizona, and coauthors of *Energize Your Heart in 4 Dimensions*. They have taught meditation throughout the world to tens of thousands of people over the last 35 years and have been called pioneers in the development

of heart-rhythm meditation. Puran is known for his development of the scientific instrumentation used to measure the physiological effects of this type of meditation and has a background in computer science, electrical engineering, environmental energy, and finance. Susanna is a psychotherapist with a background in theater. Both were students of Sufi master Pir Vilayat Khan, whose teachings are the foundation of IAM.

“Cosmic Thinking and Being”

Dr. James Oschman. PHOTO: Stephan Fuelling

Dr. James L. Oschman's presentation at the 2012 Cosolargy Conference was titled "Cosmic Thinking and Being" and addressed the themes of how to think cosmically; what goes on in the Unconscious; Cosolargy and energy medicine; human interconnectedness with the living cosmos; the convergence of quantum physics, quantum biology, cosmology and Cosolargy; and the relationship of the human heart and the solar heart. Oschman addressed these topics by taking the audience through a sequence of his "meetings with remarkable people": Edgar

Mitchell, the Apollo 14 astronaut who founded the Institute of Noetic Sciences; Rudolph Schild, the Arizona-based astrophysicist who tells us to forget about the “Big Bang” and to understand that so-called “Dark Matter” is Consciousness (see his book of collected essays, *Consciousness and the Universe*); Buckminster Fuller and his “bucky balls”; Neil Tyson, author of the 1957 article on stellar physics “Synthesis of the Elements in the Stars,” who tells us “the universe is in us”; G. I. Gurdjieff, who told us of the cosmic clock and man’s stolen spiritual birthright; Duane Elgin and his concept of the creation of the universe and its waves of creation; Vladimir Ginzburg, author of [*Prime Elements of Ordinary Matter, Dark Matter & Dark Energy*](#), who conceived of the living universe; [Aiden Dwyer, the 13-year-old who designed the solar tree](#); the Filipino villagers who used plastic water bottles filled with water and planted in ceiling holes to serve as light bulbs; and the “mundane angel” who had once informed Oschman that angelic entities are interested in the work he is doing.

Biographical Note:

Doctor Oschman is a biophysicist and biologist. He is an internationally known author and one of the first scientists to investigate the basis for complementary and alternative medical therapies. Recently he has become a member of the Academy of the Jamilian University as a student of Cosolargy.

He has published more than 30 full-length scientific articles in some of the world’s leading academic journals and 50 articles in alternative and complementary therapy journals. Dr. Oschman has done research in major laboratories around the world, including at Cambridge University, Case-Western Reserve University, and the University of Copenhagen. He has also been on the faculty of Northwestern University in Evanston, Illinois, and a staff scientist at the Marine Biological Laboratory at Woods Hole in Massachusetts.

Dr. Oschman has also served as Acting President of the New

England School of Acupuncture and as President of the International Society for the Study of Subtle Energies and Energy Medicine.

He continues his research and writing in Dover, New Hampshire, where he is President of Nature's Own Research Association, while presenting lectures and workshops on energy medicine around the world.

MONDAY–TUESDAY 9/24–25/2012

The 2012 Annual Convocation of Consociates of the International Community of Christ/Cosolargy began on Monday September 24, with, as usual, two days of marathon residence training classes for those Consociates who needed to fulfill these requirements. These were held in the Chapel of the Holy Child.

WEDNESDAY 9/26

All Consociates gathered on Wednesday morning at the

Chancellery vestibule for registration and orientation and then proceeded to Red Rock Consecrated Sanctuary for Counsels Lectures on liturgical theology and liturgical training techniques by the Right Reverend Gene Savoy Jr. at the Sanctuary's Monastery Gardens. The weather was inviting, and a refreshment tent had been set up adjacent to the lecture area.

Following Rt. Rev. Savoy's morning lecture, attendees made their way over to the outdoor refectory for a wonderful luncheon prepared by Convocation Coordinator Francine Petrovich and aides. After a relaxing lunch break, attendees reassembled at the Monastery Gardens for the afternoon lecture and an introduction to some advanced solar techniques.

Following the conclusion of Counsels lectures (around 3 p.m.), an optional [tour of the Sanctuary's newly completed water project was given by the Reverends Ted Staver and Herman Aggenbach](#), who have coordinated the project over its development over the last several years. The water distribution system that has been installed makes both water and electrical power available at most locations in the Sanctuary Southland, thus allowing for the building of homes for those Consociates who choose to live on the property in the future. The tour lasted about three hours, after which

Consociates returned to their homes or hotels. The evening was free for scheduled visits to the Steamboat Hot Springs Spa.

Thursday morning found Convocation Consociates and members of the public gathering at the Emerald Room of the Atlantis Casino Resort and Spa in south Reno for the Third Annual [Spiritual State of the World Conference](#) hosted by Cosolargy International. The theme of this year's conference was the Dawn of the Golden Age of Light: Transformation through Cosmic Solar Intelligence. At 9 a.m. the conference was opened by Master of Ceremonies Francine Petrovich, who gave a welcome and introduced the keynote speaker, world-renowned biophysicist [Dr. James Oschman](#), who gave a multimedia presentation on "Cosmic Thinking and Being."

The second presentation of the morning was given by the husband-and-wife team of [Puran and Susanna Bair](#), founders of the Institute for Applied Meditation and the University of the Heart. Their theme was the coming times and the culture of the heart. Time was then taken for a lunch break.

After a luncheon in the Napa Bistro on the premises, which the hotel opened just for the conferees' convenience, the afternoon session began with [Dr. Stephan Fuelling's](#) presentation on synchronicity, intent, and conscious creation. It was followed by [Dr. Gary Buchanan's](#) take on the future of healing, and how his Sonatherapy® and Cosolargy will play a part. The first day's presentations were concluded with [Dr. Jacob Liberman's](#) presentation, titled "Stop Looking and Start Seeing." Thus ended the first day of the conference, and the evening was free for spa visits, socializing, reflecting on the day, or whatever one felt moved to do.

Friday morning began at 9 a.m. with [Dr. Karl Maret's](#) multimedia presentation on living in an electric universe. It was, as usual, packed with information and quite fascinatingly presented.

Next came a hands-on presentation by artist [Dr. Rowena Kryder](#), who talked about consciousness aspects of the new Golden Age of Light and gave the participants some exercises to do to help focus consciousness, including the use of a new set of "consciousness cards" that she designed and makes available in book form under the title *Soul Fire*.

After another pleasant luncheon in the Napa Bistro, the final presentations were delivered by [Sean Savoy](#), who spoke on linking oneself with the New Sun to activate Consciousness; singer/songwriter, storyteller, and native culture enthusiast [Jim Eaglesmith](#), who shared some of his music and chants, including one in Aramaic in which the audience participated, along the theme of "we are one in 2012"; and finally, the concluding presentation by [Gene Savoy Jr.](#) on the Golden Age of Light.

On Friday evening, after a break, Consociates had the option (which most took) to attend the [annual banquet of the Andean Exploration Foundation and Ocean Sailing Club](#), held at the Atlantis Hotel's Paradise Room. The evening included a bagpipe memorial tribute to members who had died; slide presentations of Project X expeditions to South Africa, Zimbabwe, Korea, and Japan; and the awarding of medals of participation and support for foundation members. During the meal, attendees were treated to Indian sarod music and Japanese traditional dance.

Saturday was a full day, beginning with Communion Service in the Chapel of the Holy Child at 10 a.m., followed by [first- and second-degree ordinations in bishop's chambers](#), followed by a reception in the vestibule. Lee Ann Baum, Frank Gadsen, Humberto Garcia, Scott Ripke, and Saeno Tokuaga received first-degree ordination, while John Bowd (who, in his seventies traveled from Australia), was ordained a deacon (second-degree ordination).

Almost right afterward, from 1 p.m. to 5 p.m., was the annual health fair and open house at Steamboat Hot Springs Healing

Center, followed at 6 p.m. by the Pannuches Meal Rite (celebrated every fifty days) held at the Chapel of the Holy Child with a special extended celebration at the Rectory-Abbey on Carmel.

The day began before dawn with [Jubilee Sunrise Divine Service](#) (the “Jubilee” referring to the concluding celebration of the Pannuches rite), a concelebrated service wherein all ordained members were vested. The service was also an interfaith service and held at the Cathedral Church of the Americas, as is customary during Convocation. [After the service the Reverend Diana Carragher received third-level ordination \(to the presbyterate\).](#) The services were followed by a grand breakfast buffet at the open-air Refectory.

At 1 p.m., the annual Spiritual State of the World Conference was concluded back at the Atlantis Hotel with a roundtable discussion with the conference presenters and invited guests, after which a brief closing reception was held. Thus ended

another successful, inspiring Convocation and World Conference marking the auspicious year of 2012.

The Sun is the Central Heart

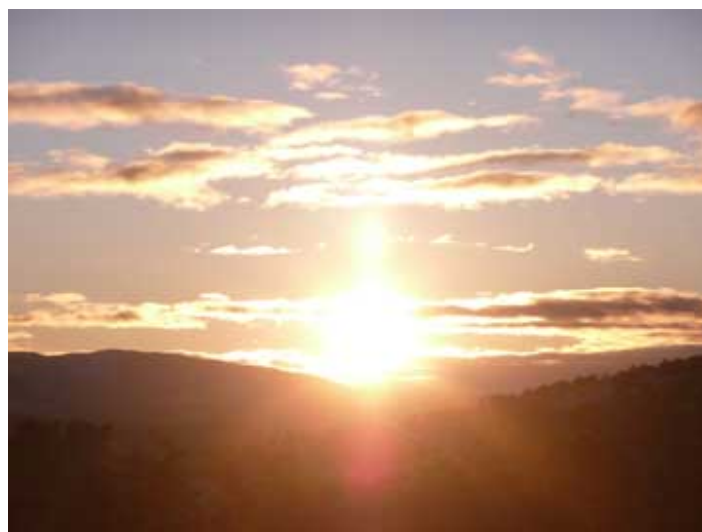

PHOTO: Stephan Fuelling

The psychic fair held at the Reno Convention Center on

Saturday October 13 and Sunday October 14 provided a venue to use for outreach. The Right Reverend Sean Savoy presented a free workshop each of those days from 2:00 to 3:00 PM called “The Sun is the Central Heart.” Here are some of the questions and comments proposed in the invitation and the advertisement:

How can we work with the light/energy of the Sun? How do we put ourselves in tune with higher intelligence and with our own spiritual self? We can activate our inner light and participate in cosmic Consciousness by working with solar techniques that allow us to transcend the physical dimension. Can you see your golden, fully charged light body? Can you experience its Consciousness? Learn how to start the process of activating your solar body and expanding yourself—the mind as well as the heart—for union with the cosmos.

The Sun is the beating, living center of our solar system, and the connecting point between our personal spiritual natures and cosmic spiritual energy, also known as God-Consciousness. It is the Sun, the Christ Force, that mediates between humankind and God.
