

# **“How giant galaxies could form just 1.4 billion years after the Big Bang”**

When the Hubble Space Telescope did its deep field surveys of the Universe, it discovered that galaxy formation was surprisingly mature, even within the first few billion years after the Big Bang. Webb and powerful radio telescopes have confirmed this mystery, with fully-formed galaxies appearing even earlier. How could they exist so soon after the Big Bang? Researchers discovered that early galaxies have insane rates of star formation: 1 every 40 minutes or so, compared to the Milky Way's rate of one new star a year or so.

# Darkness Descended on Egypt

*“Then, there was peace throughout the land, and the two priesthoods dwelt together in tolerance; but, behold, the day came when the hearts of men turned again to strife. Then, the land was rent in twain, and the forces of the Red Reed Crown strove against those of the White Lily Crown. Once, again the dark mists of ignorance descended to envelop the hearts of men. Again, the sacred shrines of Truth were closed, and those who served Truth withdrew behind the veil and were hidden from the eyes of those who would profane her. The whole land was torn apart, from upstream to downstream; from the right hand to the left of Egypt, there was strife.*

*“Then came one who was mighty among men, one who also knew Truth and saw the wickedness of the people. He was a Declared One, for unless a man be such, he has no value among the chosen. He carried the sword among the striving peoples, and in his day, the might of Mantethrop prevailed. The spirit of Hori, who took the land from Namah, and of Minis, who united it, were with him. Then, the lands of the North and the lands of the South were delivered into the hands of the king, and they became one. They were united, though they remained two. They were even as they had been before. Yet, the multitude declared themselves for the ways of the multitude, and the light of Truth remained obscured behind the dust raised by their dancing feet. Though peace and plenty reigned throughout the land, righteousness did not attend the throne of later kings. They ruled as kings, but the days of their rule were dark days of sorrow for the followers of Truth. For they became few and feeble in deed. They were lost in the land. Again, as in other days, the High Servant of the Sacred Mysteries, who held the key, commanded that the sacred shrines be closed. This was so that any knowledge of the Great Secrets should not pass into the possession of the unworthy multitude, which would profane them. Again, as has happened many times, the Great Light was removed from the midst of men.”*

## **Two Priesthoods, Two Lands**

There was a time in the distant past when Egypt was divided into two areas, one ruled by the forces of the Red Reed Crown, the other ruled by the White Lily Crown. As should be expected, when a land is divided, peace between the areas will not exist for long. The forces of Darkness see to it that they soon turn on each other, thereby bringing darkness to all.

## **Sacred Shrines Closed**

Those who ran the Sacred Shrines of Truth and Light closed those schools and hid truth from those who would profane such knowledge by using it for material purposes, or for the material benefit of themselves. This resulted in much strife in Egypt, much as we are seeing in the world today, where it is country against country, region against region.

## **A Holy Man Came**

God does not tolerate for long the fall of truth and wisdom and sends holy men to bring the teachings back. Jesus and Buddha were such Messiahs. There were several others. Such Holy Men are declared as such by God, not men. In times when truth is hidden, men will declare holy men and women based on false criteria, but they are not real holy people. Simply doing good deeds in the material world is not enough to make one a true holy person.

## **Righteousness did not attend later Kings**

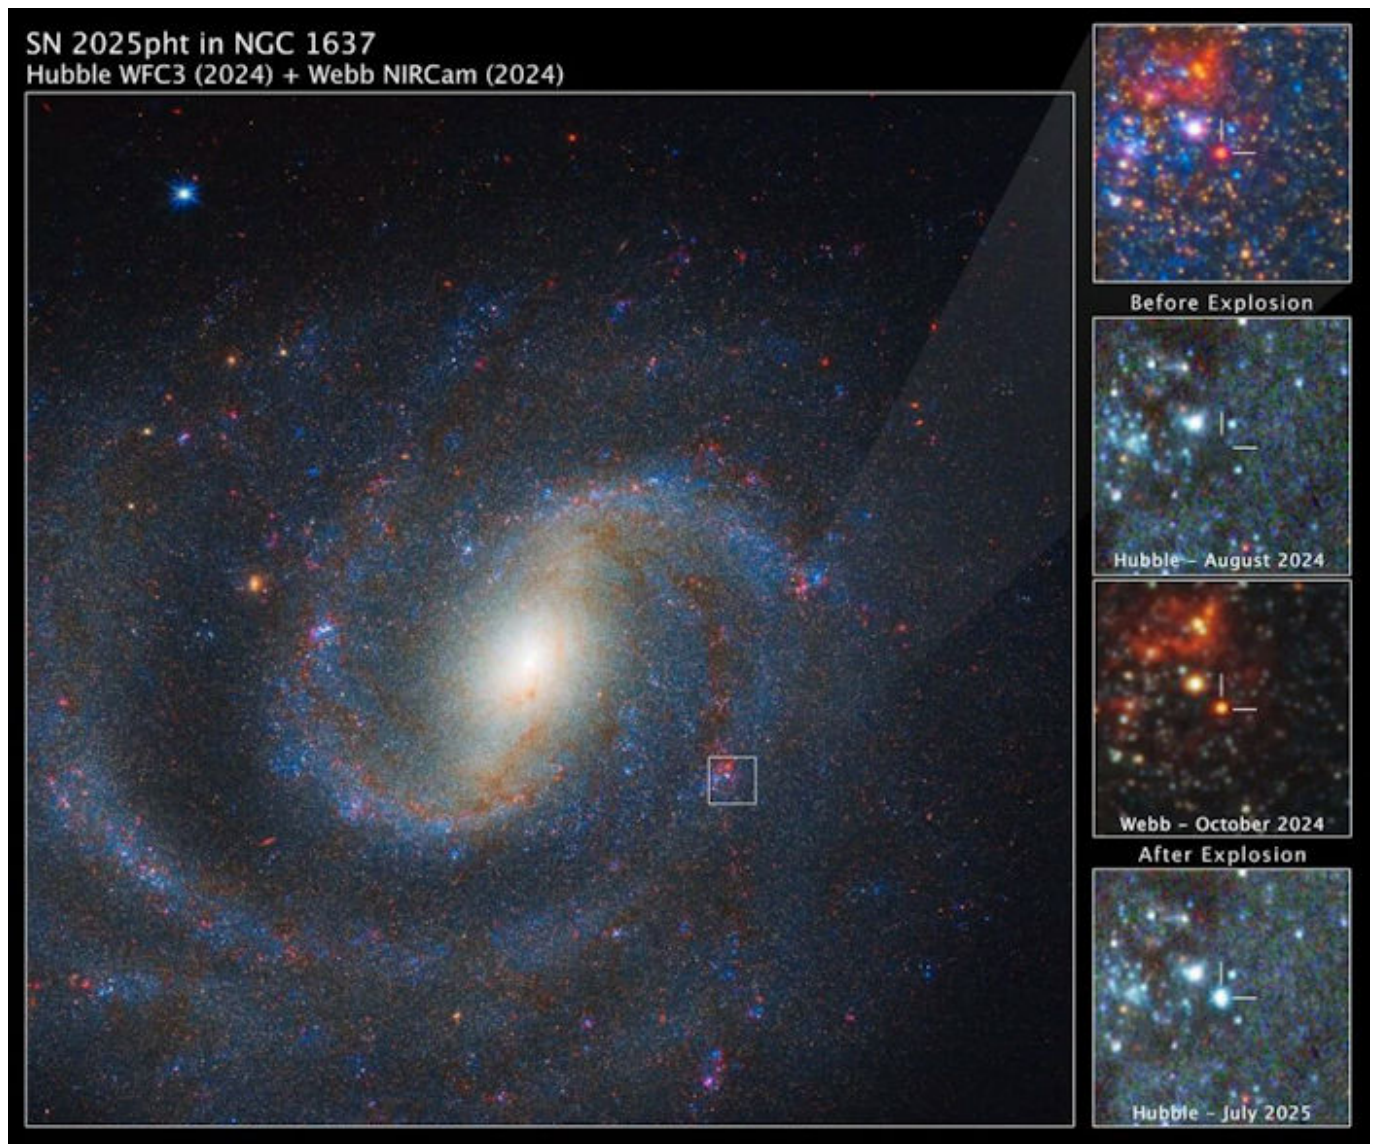

Much as we see with politicians today, while some may rule in peace and plenty, they are not wise persons filled with divine knowledge, so they rule in darkness. The Great Light, being God's Light that comes to us through the Spiritual Sun, went out. But now that Light has returned in the form of the Sun of Righteousness, which grows stronger every day and is helping

to awaken more and more people. We can help by bringing that Light into us, then sending some out to others filled with thoughts of peace, love, and harmony.

**“This Supernova Progenitor  
Hid Behind a Surprisingly  
Thick Veil of Carbon Dust”**

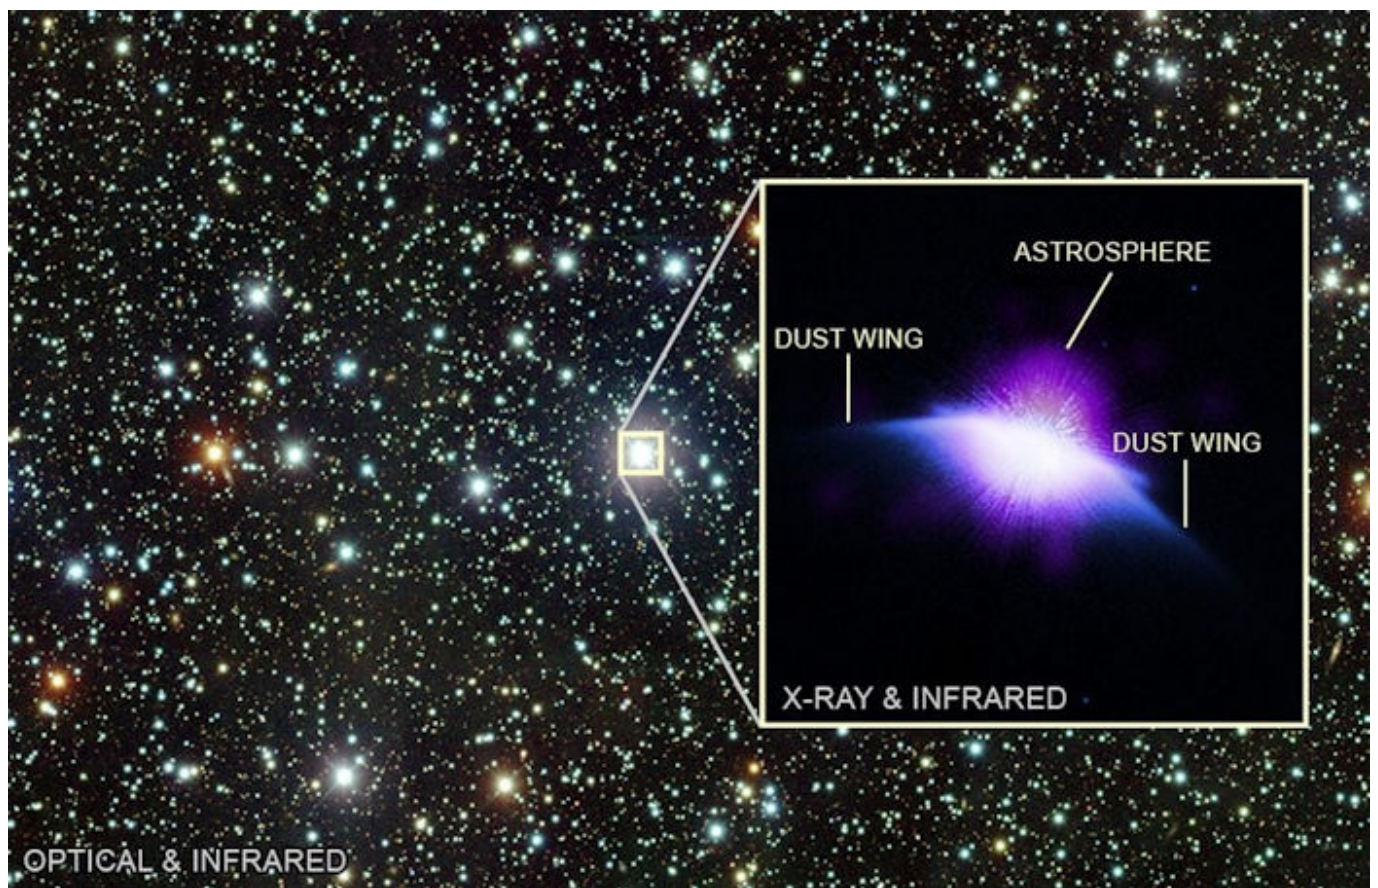

Supernovae are bright. So bright that they can outshine all the other stars in their galaxy for months. But sometimes their precursor objects are hard to spot, hidden behind thick shrouds of gas and dust. Astronomers used Webb to observe a Type II supernova in the galaxy NGC 1637, located about 30 million light-years away. They looked at archival data and found a red supergiant star in the exact same location as the supernova. So now Webb has shown the before and after, the final moments of a star before it explodes as a supernova.

# “NASA Telescope Spots a Young Sun-Like Star Inflating Its Astrosphere”

Stars are constantly emitting radiation and stellar winds which can shape their surroundings. If those winds are powerful enough, they can even prevent other stars from forming. Astronomers have observed a young star blowing out a bubble around it, filled with hot gas. Our Sun's bubble is called the heliosphere, so this would be called an “astrosphere.” The star's wind is about three times faster

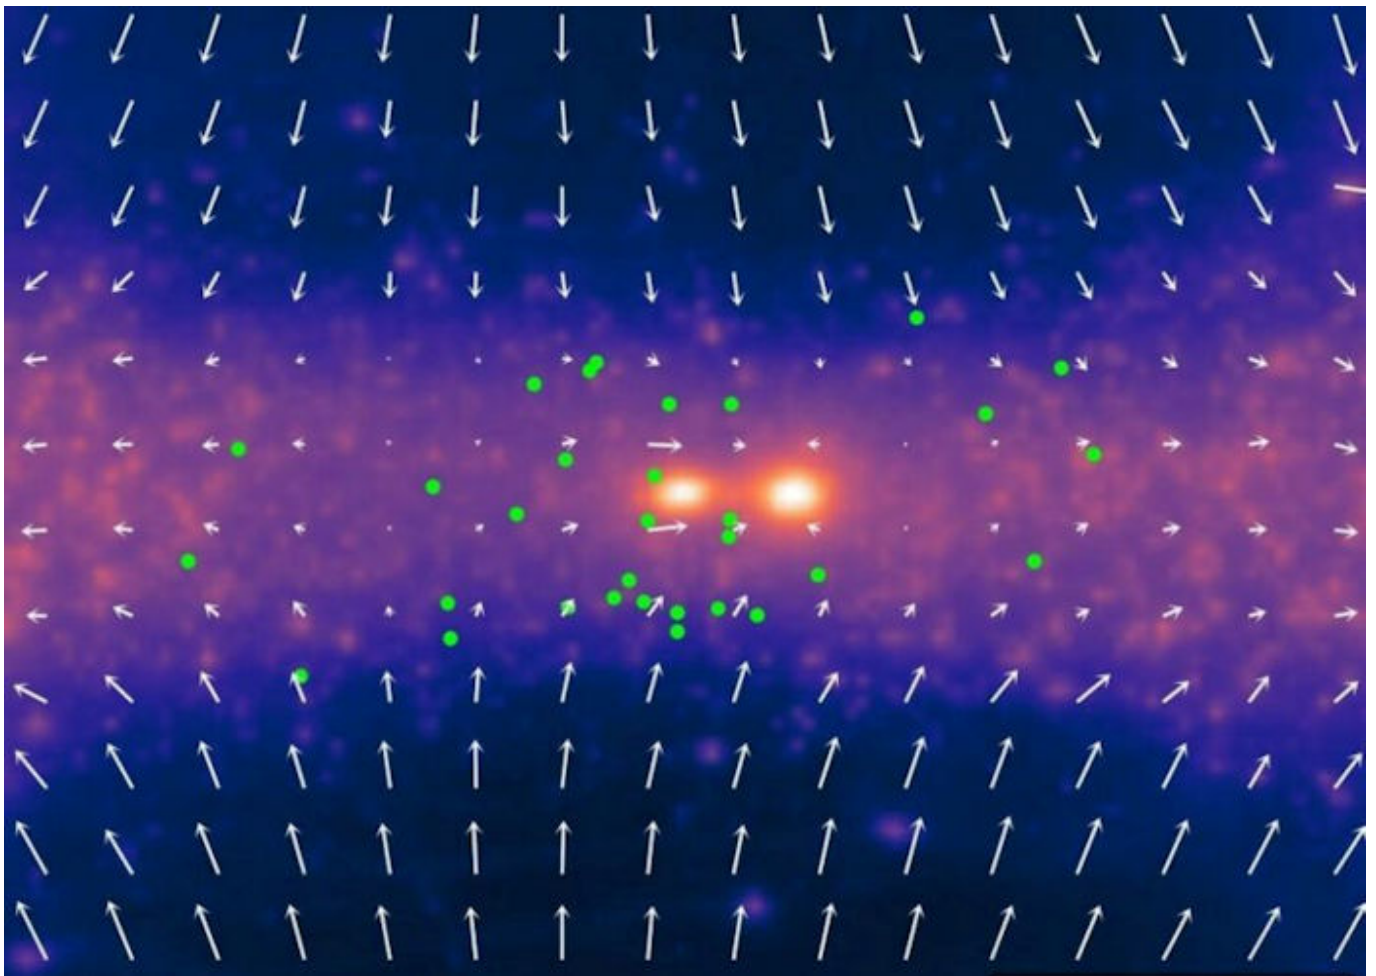

than the solar wind, 25 times more dense, and might be a good example of what the Sun looked like early on.

## “Milky Way and Andromeda held in dark matter sheet”

It's well known that the Andromeda Galaxy is moving toward us. But most other large, nearby galaxies are moving away, despite the gravitational pull of the Local Group (the Milky Way,

Andromeda and a host of smaller galaxies). Why? Astronomers now think they have the answer.

New simulations suggest the Local Group is trapped inside a 32 million [light-year-long](#) sheet of dark matter.

# Before Creation only God Existed

*“About the days of Nun, we have no knowledge. Before creation commenced there was the One Father/Mother Being and from this Divinity came the heavenly Twins. From these were born three, and the three became many. Thus, even in the beginning it was*

*divinely ordained that brother and sister might be wed. From the first Heavenly Twins were born those whose destiny it was to be eternally married. For theirs was the divine right of eternal and undying love, a love unknown to mortals, but to which, if they would be more than mortal, they must aspire. This love is the Light of Life, the Light of the Earth, the Sun of the Spirit.*

*“The Originating Divinity is called many names among men, and in Egypt His names are hidden in other names. Among the Chosen Ones, He is called The Craftsman Creator, but men and women name Him differently among the people. Likewise, some say ‘Him’ while others say ‘Her;’ it is all alike, for these are no more than the words and distinctions of mortal man. Heaven is the sphere of God, the true abode of His Spirit in essence. There is the Heaven above, which is the High Heaven, and the Heaven below, which is the reflection of the High Heaven. The true Center of God is in Newit.”*

*-The Kolbrin Bible (MAN:33:7-8)*

## **Before Creation**

Before creation, God was the only thing that existed. God has always existed, and always will. The quote refers to God as “Father/Mother”, which is accurate. God is unlimited, so to think of God as being only male or only female is putting limits on God.

## **Heavenly Hierarchy**

The quote says that from the one God came the heavenly twins. From the twins came three, then five, then ten, and so on. This established a Heavenly hierarchy of Light Beings. These Light Beings, or angels, were 100% spirit. It was only later that some descended into matter, becoming the fallen angels. While the quote says it was ordained “brother and sister might be wed,” this doesn’t mean literally that one should marry

their brother or sister. It means that a male should marry a female. That, however, is not necessarily God's Law, but it is the law of the people who wrote this section of the Kolbrin Bible.

## **Eternal Love**

Eternal Love is not only the divine right of the Heavenly Twins, it is also the divine right of all of us. God's love for us is eternal, and our love for God should be eternal and unlimited also. When we develop that kind of love, we will also love all people, regardless of their race or creed. We will love all beings, including animals and plants. We will love all of creation, even the distorted part created by the Demiurge, for it too is one with God, and will eventually return to that condition.

## **Light of Life, Sun of the Spirit**

The author of this part of the Kolbrin Bible knew that God is Light, and that God's Light flows to us through the Spiritual Sun. Now that we are in the End Times, that Light is the Sun of Righteousness, which grows stronger every day and is helping in the process of converting matter back into Spirit.

## **Heaven**

Heaven can be called the center of God, the highest level of consciousness, or the One. It is all the same. I can find no other reference to "Newit", but it either refers to Heaven or the Godhead. We don't need to confuse ourselves with the names men give these things; just know that the goal of spiritual development is Oneness with all and universal Love.

# “How Supermassive Black Holes Stifle Star Formation In Neighbouring Galaxies”

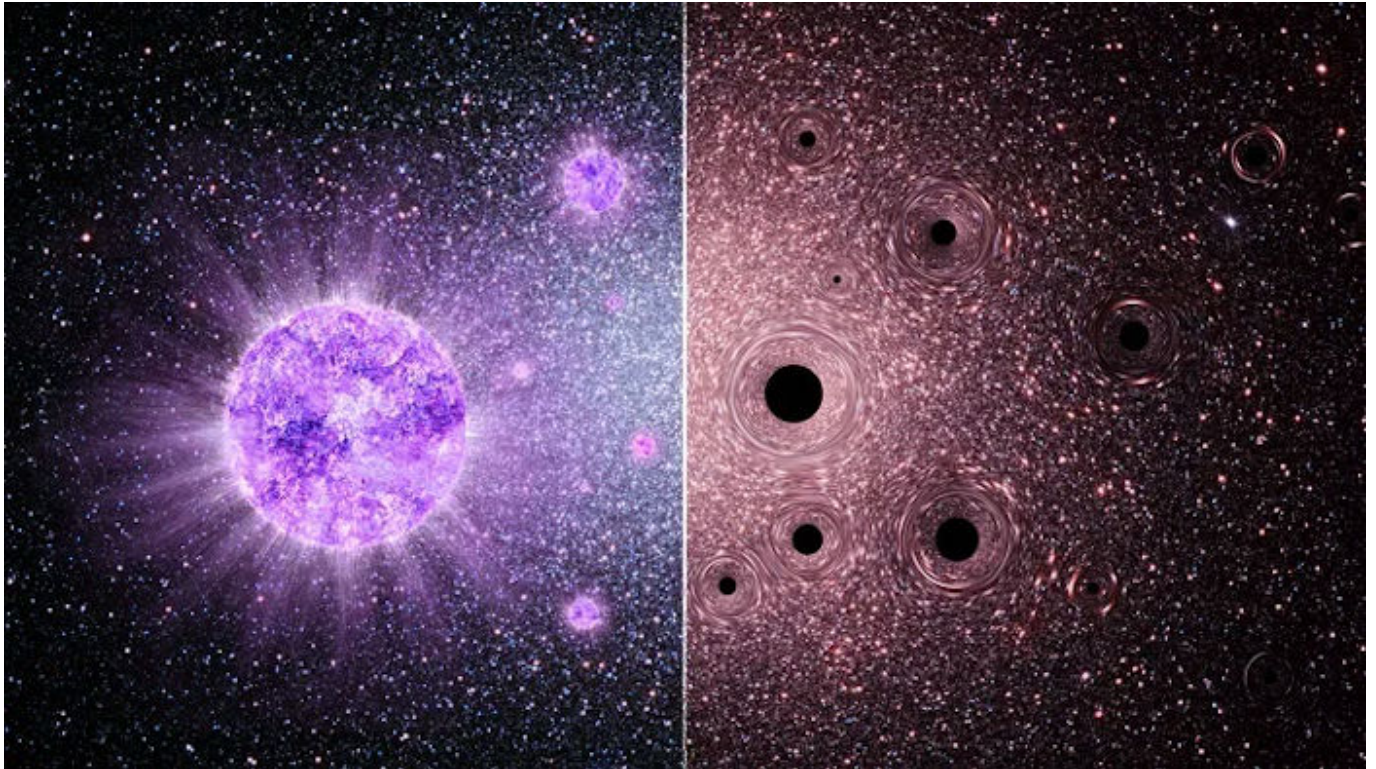

Astronomers know that supermassive black holes (SMBH) can inhibit star formation. These behemoths, which seem to be present in the center of large galaxies like ours, inject energy into their surroundings, heating up star-forming gas. Gas needs to be cool to collapse and form stars, so active SMBH put a damper on the process.

# “Ancient Massive Stars Enriched Early Clusters and Birthed First Black Holes”

The early Universe was a dramatically different environment than what we have today. The first stars formed from the primordial hydrogen and helium left over from the Big Bang and could have grown to immense sizes, living short lives and detonating as supernovae. In a new paper, researchers looked at what could have happened when stars with more than 1,000 times the mass of the Sun could form, and the impact they'd have had on their surroundings.

# “The Galaxy Cluster That Grew Up Too Fast”

Our current models of the Universe assume that large galaxy clusters were built up slowly over time, piece by piece from individual galaxies bound together by gravity. They should

take billions of years to come together, but a new observation from JWST and Chandra found a galaxy cluster that was already assembled just a billion years after the Big Bang. At this relatively young age it had already assembled 20 trillion times the mass of the Sun.

## Bedazzled by Material Things

*“My land, what have you become? You have left the true path of your faith and wandered into strange byways. You are bemused and bedazzled with things that disturb the senses, and have become like a ship adrift without oars. You have*

*abandoned the spirit that inspired you and sought satisfaction among lifeless things of Earth. You have spurned the stern discipline required to win the hand of love and trodden the well-worn path of carnal satisfaction. You have turned to the ways of the harlot, and out of your harlotry, you have wrought destruction. You no longer delight in the serene mystery of the stars above; your pleasures are in the filth beneath your feet. Where once you gazed upward in awe, now you look downward in degradation. O that this is the self-chosen fate of my land!*

*“I go, for go I must. I depart, for destiny demands it. When his motherland collapses about him like an undermined palace built on a foundation of mud, then it is not a time for hesitation. One man cannot stem a flood with his hand. When his habitation falls apart, it is time to seek another. Perhaps nations, like men, grow old and decay. My land is old, a hundred and twenty generations have passed through it since Osireh brought light to men. Four times, the stars have moved to new positions, and twice the sun has changed the direction of his journey. Twice, the Destroyer has struck Earth and three times the Heavens have opened and shut. Twice, the land has been swept clean by water.”*

*-The Kolbrin Bible (Man:33:4-5)*

## **Left the True Path**

We know that this part of the Kolbrin Bible was written by Egyptian priests, so the land that has left the true path is Egypt. Leaving the true path is not something that happens overnight, but gradually over a period of time. To some degree, people can only blame themselves for wandering into what the quote calls “strange byways,” but we also have to understand that the dark forces and beings help lead people astray, and that can’t be ignored. Some people wonder why God created evil and darkness, or why he allows it to exist. You

can't have free choice if there is only one thing to choose from. God has to allow the dark ones to control us to some degree in the physical realm so that we can turn from darkness and choose Light.

## **Bemused and Bedazzled**

I don't think it is accurate to say that people are "bemused and bedazzled with things that disturb the senses". It is actually things that bring pleasure to the senses that we are attracted to. It is accurate to say that in most cases, such people are like ships adrift without oars that are "blown by the wind" in random directions as they seek more and more gratification for the physical senses, ignoring their spirits in the process.

## **Mystery of the Stars**

The mystery of the stars is really a reference to the Spiritual Sun. When people become materialistic, they do turn away from the Sun and look downward to the material things of lower dimensions.

## **I Must Depart**

The author realizes that to stay in the fallen land of Egypt is not wise, since there is no way a small number of people can bring it back to its former spiritual greatness. As he says, it is possible that nations, like people, grow old and decay. Egypt was a very old civilization, and that might be what happened there. This may be similar to what happened to the once great civilization of Atlantis. From a materialistic viewpoint, it may have been a war or a plague that destroyed Atlantis (it did not sink into the sea), but this may have happened because their great spiritual civilization had descended into materialism and was no longer protected by God.
