

**“Einstein–Rosen bridges are not wormholes but quantum links between opposite directions of time”**

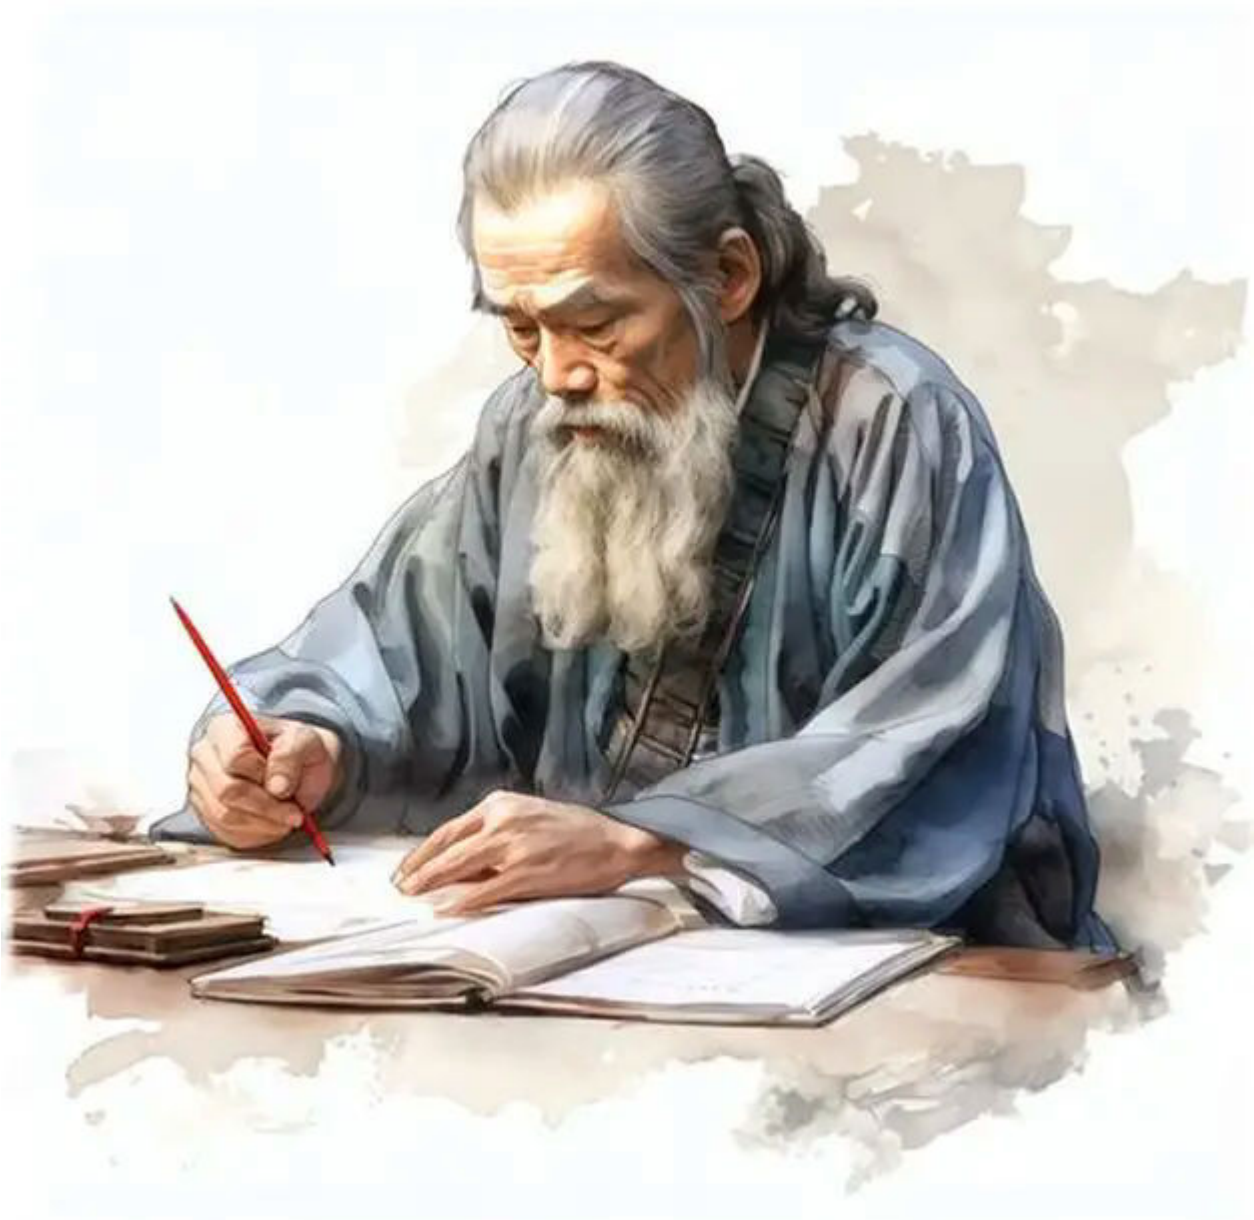

In an effort to bring together the domains of gravity and quantum theory, Albert Einstein and Nathan Rosen proposed a striking concept in a 1935 paper. In that work, they described an abstract mathematical structure they referred to as a

“bridge” between two perfectly symmetrical regions of spacetime. Their goal was not to create a mechanism for traveling long distances in space, but rather to analyze the coexistence of matter, gravitational forces, and the extreme gravitational environments associated with such conditions.

## **Writings from the Days of the Wise Ones**

*"Odidef of Onekhefu found many scrolls from the olden times. The Inspector of Temples discovered writings from the days of the Wise Ones, many things from the past and utterances by Lords of the Kohar. He caused them to be copied and placed in the houses of record. Some were guarded from the eyes of men. The writings dedicated to the name of The Great God were sought out. Nekat, a scribe at Yano, wrote them down; they are set forth by his hand. They are not lost and will live when he and his sons and his son's sons rest in Morningland. He will abide in Amentuth in peace.*

*"The physician must know the courses of the Watchers. He must know their times and their comings and goings. He must know*

*the secret of the Lord of Forms and the way of the Guide of Souls. He must know who are the Owners of Forms and who are the Formless Ones.*

*He must know their abode. He must know the road and the four ways of entry. He must know the nature of the double power. He must be a master at drawing forth the spirit. He must know the outside of man, the things which flow over it. He must know the inside man, the substances which fill it. He must know the heart, the muscles that move out from it, controlling every action of the body."*

*-The Kolbrin Bible (MAN:32:1-3)*

## **Scrolls from the Olden Times**

What the author considers the olden times is not clear, but we know that the writers of this chapter of the Kolbrin Bible are priests who came from Egypt and moved to some are to the north, probably Greece.

## **Writings of the Wise Ones**

We can assume that these Wise Ones were the highest-level priests or teachers in the ancient temples of spiritual knowledge. As has been the tradition for thousands of years, only limited Spiritual Knowledge was ever put to writing. The most important knowledge was passed along orally from generation to generation.

## **They are not lost**

The great teachings are not lost. They were, according to the author of this chapter of the Kolbrin Bible, will be kept safe until a future time when they can be understood again. Gene Savoy, Sr., brought much of that teaching back to us after much research and revelations. Yet, we have beentold that not everything has been revealed yet.

## **The Physician Must Know the Way of the Guide of Souls**

While this may refer to one who heals physical ailments, I think it is primarily meant to mean one who cares for Spiritual illnesses, which is why the good physician must know the “way of the Guide of Souls”. He also must know who are the owners of forms and the formless ones. I think this line is considering forms to be physical in nature, although spiritual beings have forms also. So by that interpretation, God is the owner of the Formless ones, while the Demiurge is the owner of Forms. But even physical matter has some spirit in it, and now that we are in the End Times, it is gradually being changed back into its spiritual origin.

So study the writings of the Wise Ones, but also practice Spiritual Techniques. Studying alone isn't enough.

## **“Event Horizon Telescope probes source of 3,000-light-year-long black hole jet”**

The Event Horizon Telescope (EHT) is a global collaboration of radio observatories famous for capturing the 1st direct visual evidence of a black hole. New EHT observations have now traced the origin of the powerful jet in the galaxy M87 to near the galaxy's central supermassive black hole.

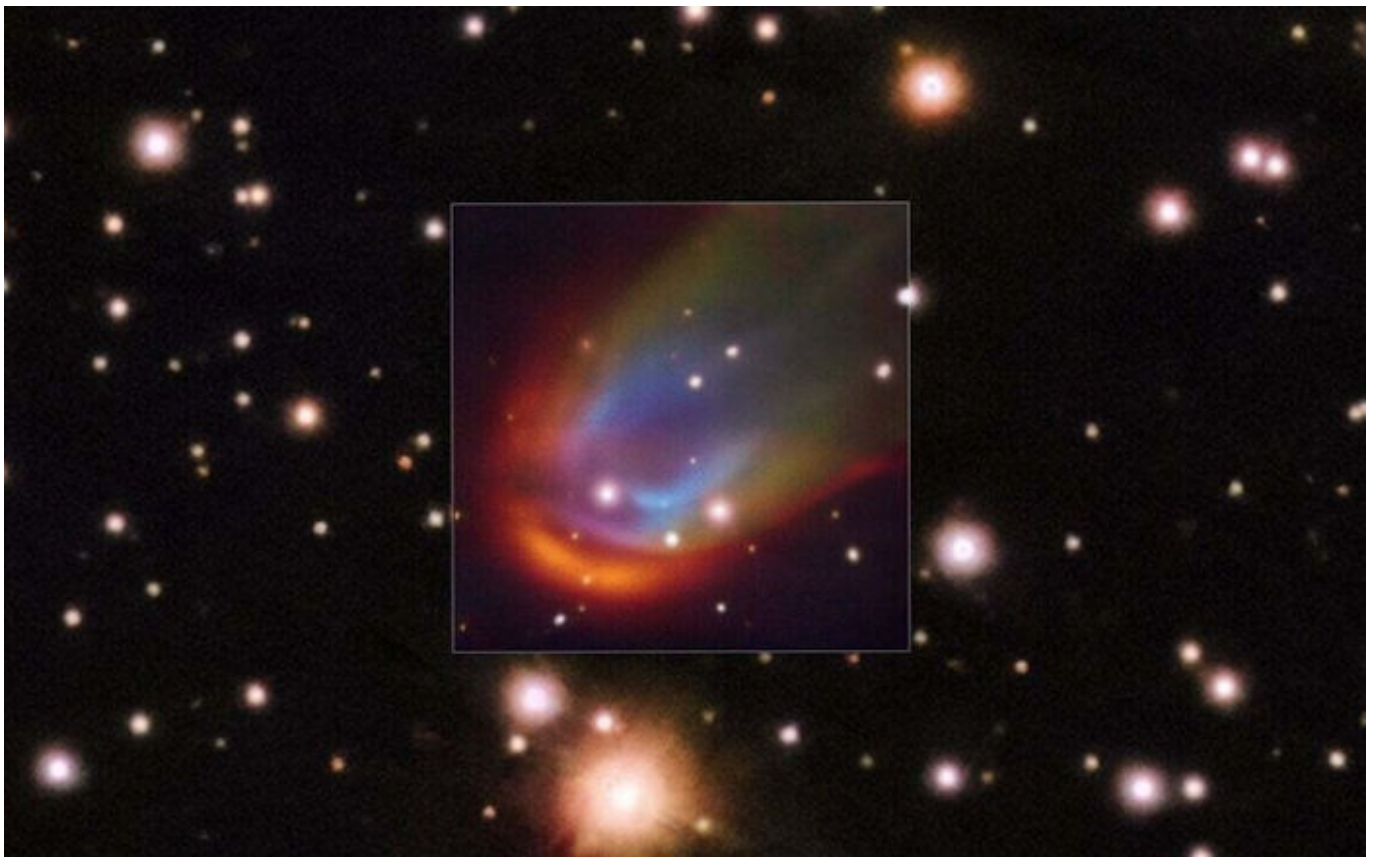

The work links the famous bright ring seen by the Event Horizon Telescope with a compact region that likely marks the base of the jet.

Expanded telescope baselines – especially including the ALMA telescope in Chile – provided crucial detail.

# **“Astronomers spot an ‘impossible’ shock wave around a dead star system”**

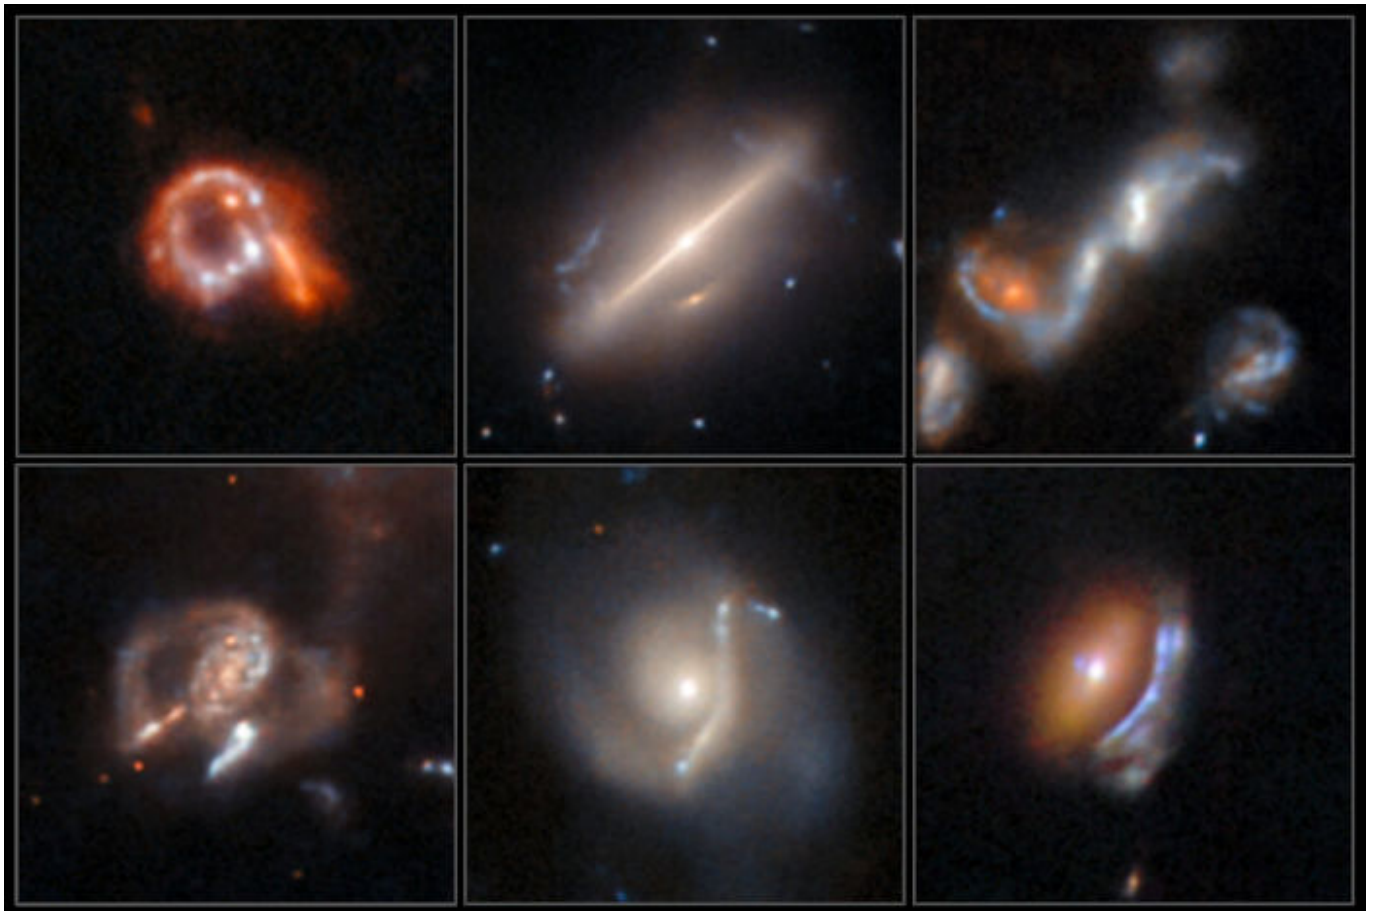

Astronomers at Durham University and collaborators at the University of Warwick used the European Southern Observatory's Very Large Telescope to spot something that should not exist: a bright bow-shaped shock wave wrapped around a compact dead star system called RXJ0528+2838. The

finding suggests this tiny stellar remnant is pushing material into space far more strongly than current models allow.

## **“AI reveals cosmic anomalies in Hubble’s archive”**

A team of astronomers has used a new AI tool to comb through archived data from the Hubble Space Telescope, revealing hundreds of strange, previously undocumented objects.

The team analyzed nearly 100 million Hubble *cutouts*, or cropped Hubble views measuring just a few dozen pixels a side. And within 3 days they had identified some 1,300 unusual objects, over 800 of which had never been documented by scientists.

## **The Ancient Temples Taught Spiritual Wisdom**

Ramesseum – Egypt Tours Portal

*“In the old books, it is said that the Old Motherland was ruled by the Queen of Light, who was supreme above all. The temple tales tell that the lesser gods came to dwell among mortals when the Mistress of Brightness ruled in Kelathi, that they were sheltered in temples, and priests were appointed to minister unto them. It is said that places of instruction were setup within the temples, but few men were taught the inner knowledge. It was rightly held that it would be a danger to those without wisdom, and it had*

*to be safeguarded. Is this not the tale told in the Book of Beginnings? It is said that Kelathi lay within the borders of Kahemu, but could it not have been the land of similar sounding name outward from Pontas beyond Godsland?*

*“Is it not said of both that they were engulfed in fire and water? In the Book of Beginnings, it is said: The generations passed, and a vast amount of knowledge and wisdom was accumulated and preserved in purity. It was the heritage of mankind, but though man had learned to cherish the*

*light of Truth and walk wisely with it, nevertheless then as now, false priesthoods flourished. They pandered to the carnal desires of the undeveloped and exploited the weaknesses of the ignorant. Their iniquity built up a vast weight of evil in the Netherworld, which projected itself into the material of Earth, so that the powers which upheld it became unstable. This caused all the southern part of the Old Land to sink down into heaving waters.”*

*-The Kolbrin Bible(MAN:31:7-8)*

## **Queen of Light**

Since this part of the Kolbrin Bible was written by ancient Egyptian Priests, we can assume “the Old Motherland” was Egypt. It is not clear who this “Queen of Light” was, but it makes sense that at a time when Egypt had many mystery schools, or temples, that they would be ruled by a person of Light. In other words, she was a very advanced spiritual person.

## **Lesser Gods**

While the author calls these beings “lesser gods,” they were probably not gods at all, but highly advanced spiritual people.

## **Few Were Taught the Inner Knowledge**

Just as Jesus taught basic moral teachings to the public and limited the advanced teachings to his apostles and deciples, the ancient mystery schools didn’t teach advanced spiritual knowledge to just anyone who asked. In most such schools,

students were accepted on a trial basis for a period of two or three years. During that period, they were taught only the basics. At the end of the trial period, the teacher would decide if they should move on to more advanced teachings or not.

## **Book of Beginnings**

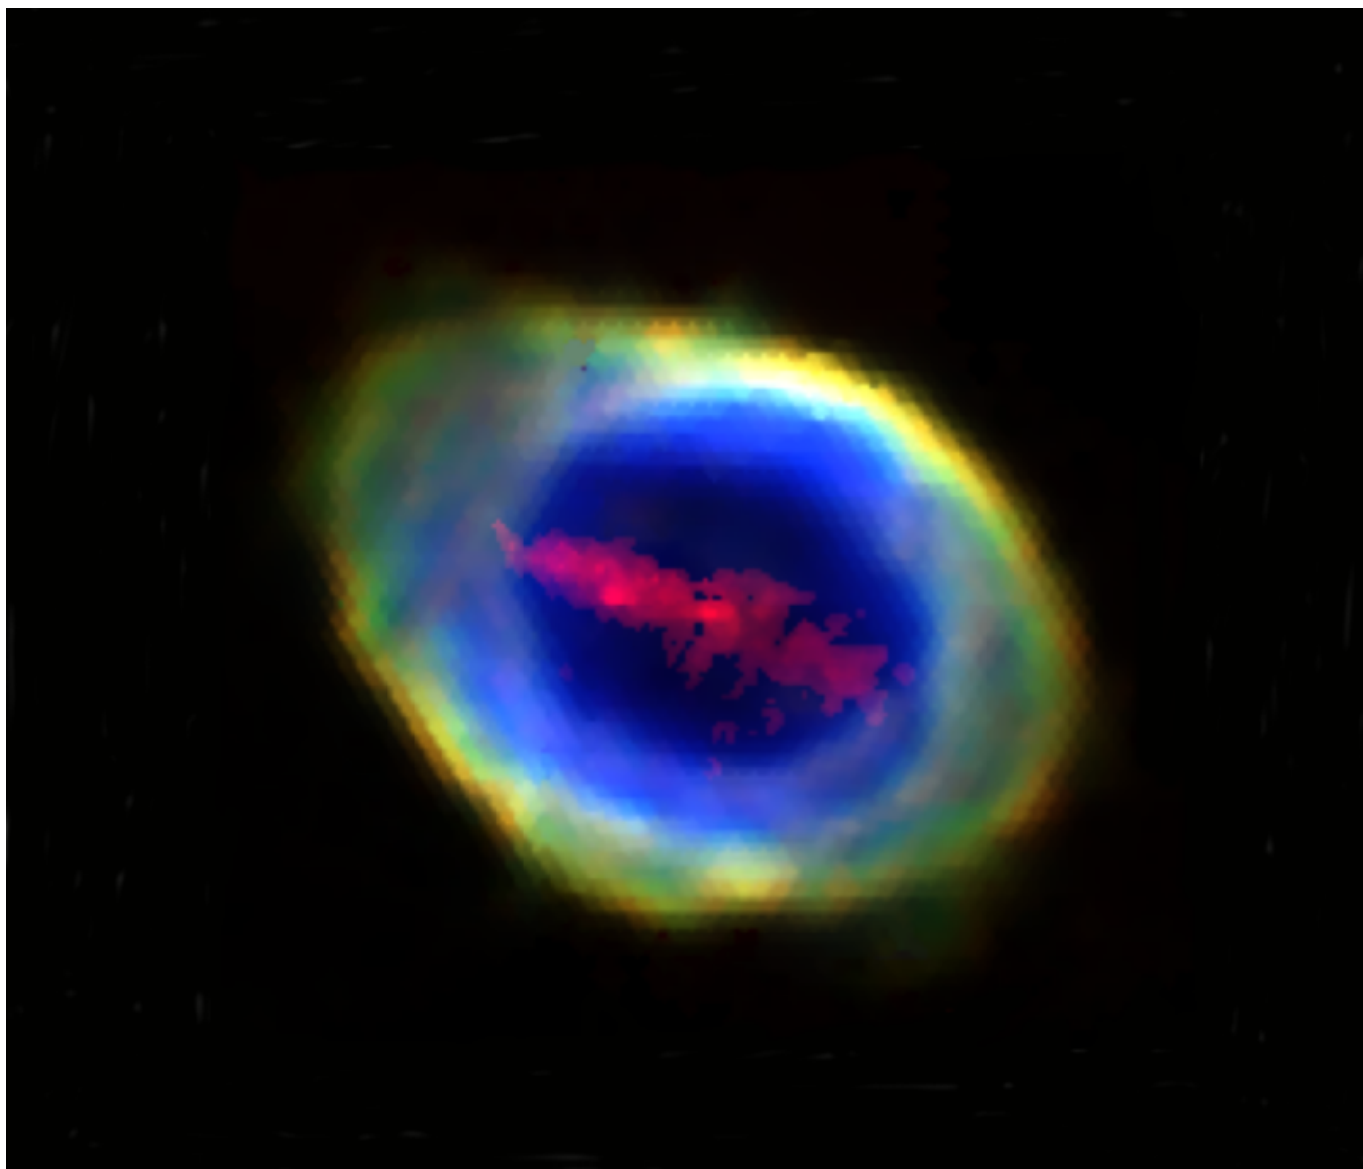

This Book of beginnings seems to be both a book of spiritual knowledge as well as a book of the history of the mystery schools. A great amount of wisdom was accumulated and preserved. Whether it was preserved in books, or only shared orally is unclear, but it is known that these temples forbid writing down much of that knowledge, unless it was written in allegory to prevent the wrong kind of people from learning such knowledge.

## **False Priesthoods Flourished**

We see much of this today. In fact, nearly all churches and religions today do not teach the spiritual truths at all. Some churches today don't even teach spiritual development, but just moral and social rules for existing in the material world. While such teachings are useful, they do nothing for awakening and developing the Spirit.

**“Iconic Ring nebula holds a mysterious iron bar, study finds”**

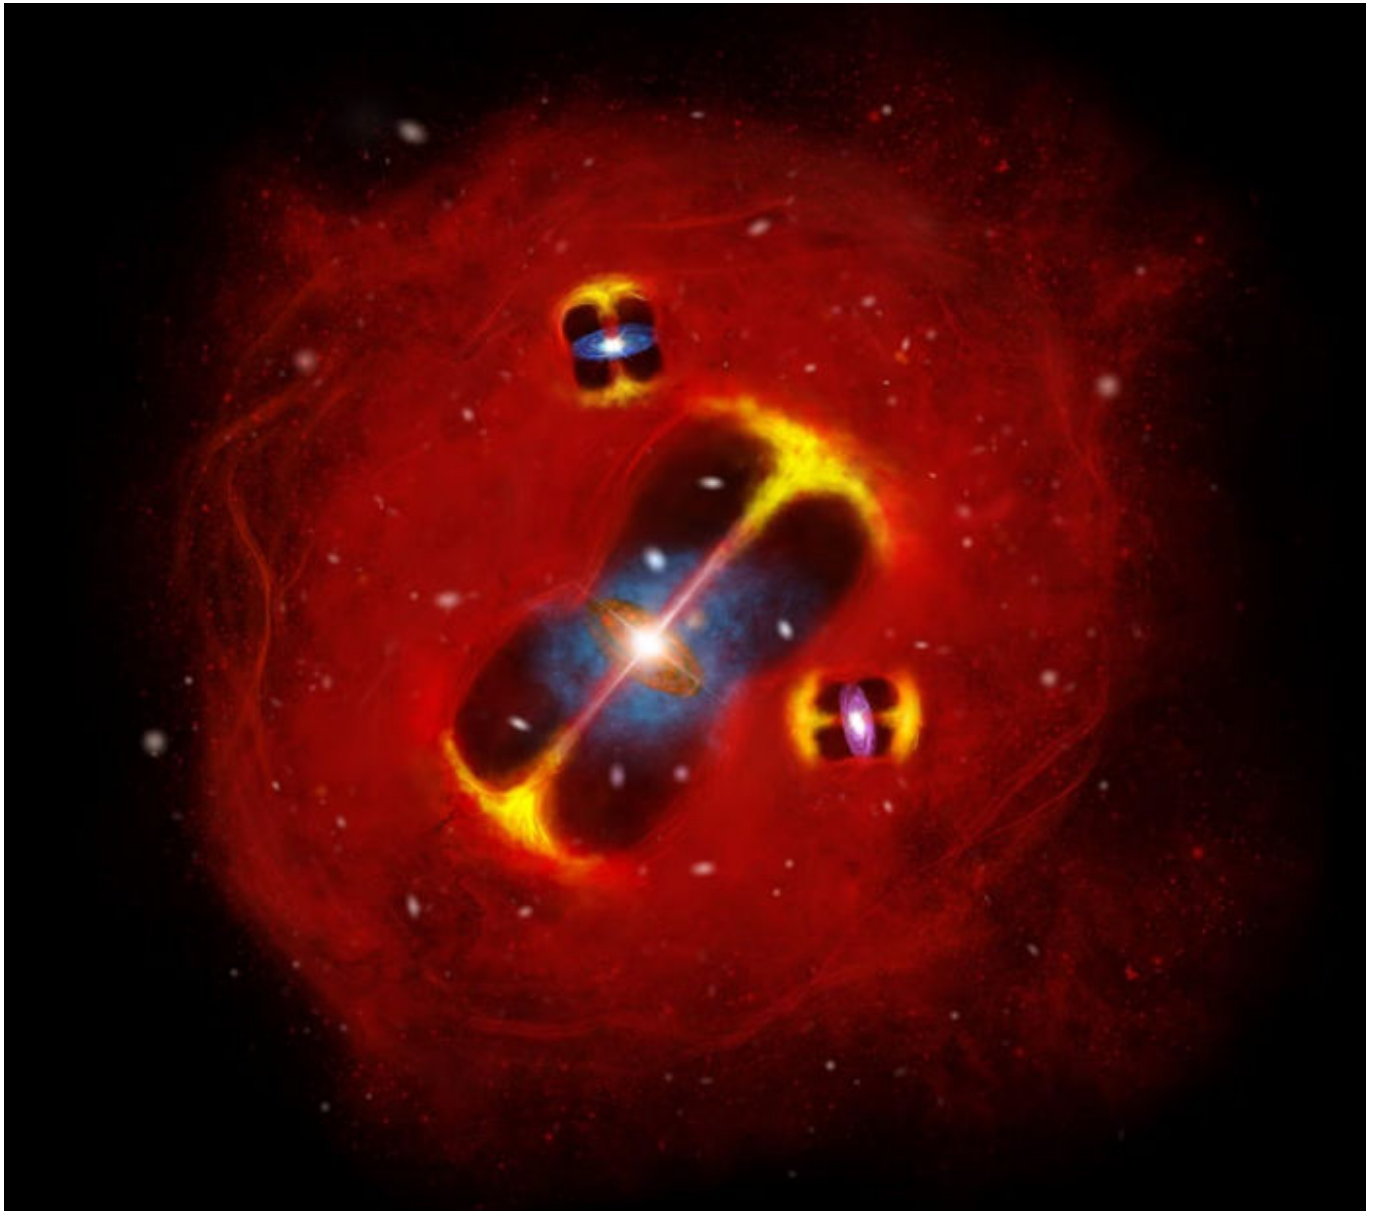

The iconic Ring nebula has been thoroughly studied by professional and amateur astronomers alike for centuries. And now, researchers say it's been holding a secret all this time.

The Ring nebula is a vast ring of gas and dust blown off by a star as it ran out of fuel, leaving behind a tiny white dwarf. And at the center of this ring, the new study has revealed, is a mysterious bar-shaped cloud of iron.

# Glorify God with Thoughts and Deeds

*“These writings are dedicated to The Great God Who is Eternal. May they live forever among things that survive to serve man. May they be an enlightening lesson and a warning to those who follow, for now a dark night of ignorance and fear overshadows the land. Your servant bows to Your will, O Great God Who is benevolent towards those who serve with purity of intent.*

*“We who remain loyal glorify You, not with mere words, for*

*the time of hypocrisy has passed, but in our inmost thoughts and in our deeds. We remember You as the sun rises to Your glory in the morning and, as in the evening, it sets into Your peace. Teach us that there is joy in being Your servants. Keep us under Your protecting wing.*

*“Great Spirit Who made the Nile to flow, the great water, which never wearies or ceases from its journeying. Its movement is as everlasting as the wind. May the stream of my life be filled to overflowing with the waters of righteousness. Loose the shackles of wickedness, which hold me captive. Let not the string of my lute be broken while I play, and let not my labors be ended before their fulfilment. Though men hail me for a greater thing than any that has been done before, it will not be my memorial. Time will eat away my name, but let many mornings dawn on my waking, that I may complete the task entrusted to me. Remove the fears that lurk about me in the solitude. Cut off the bonds of affliction that bind me down. Let my spirit roam free. We who remain loyal know Your laws and the Great Law, which is as firm as the hills of immortality. In the days to come great songs will be sung unto You, even as they were sung in the days of old.*

*“The priests can no longer be held in restraint by Umotif, and dark days threaten us. It is a time of foreboding, yet there is peace throughout Kahemu. The state of men in high places is such that the beauty of Truth has to be concealed from them, lest they profane even her purity.”*

*-The Kolbrin Bible (MAN:31:1-4)*

## **God is Eternal**

Foolish people will ask, “Who created God?” or “What existed before God?” If you understand what God is and what the Realm of Spirit is, you would know those questions are foolish. No one created God. If some being did, that being would be

greater than God. You can say that God is self-created. Likewise, nothing could exist before God, nothing could exist without God. God is the source of all creation. Even the fallen realm of matter was part of the spiritual realm created by God before the Demiurge altered it and changed it into matter.

## **We Glorify You**

Those who remain faithful to the true spiritual teachings of the ancient Mystery Schools remain loyal to God and glorify God, never placing the Demiurge, or any other false god, ahead of the true God of Light and Spirit.

## **The Sun Rises to God's Glory**

While the author of this chapter of the Kolbrin Bible doesn't say so, it should be clear that when he says "The sun rises to God's glory, he is talking about the Spiritual Sun.

## **Loose the Shackles of Wickedness**

At the time this was written, Egypt was under the control of evil and wicked leaders. We are seeing much of this in our world today, so we can empathise with the author asking God to help save those who serve God from the evil ones.

## **Let many Mornings Dawn on me**

The author is asking God to give him a long life in the physical realm. He understands that the longer he lives here, the more he can help to achieve God's Goals and spread the Truth and Wisdom of God to those who are ready to hear it.

## **Great Songs**

In the coming Golden Age of Enlightenment, great songs will be sung to God, as the Powers of Light finally defeat the powers of darkness forever, and the dark realm of matter will become Spirit again. So glorify God, who is the only one who can save us.
