

“The Milky Way’s stars reveal a hidden history of two galaxies in one”

From your place inside the Milky Way, you are living within a galaxy that keeps a detailed chemical diary. Every star holds clues about when it formed and what the galaxy was like at the time. Over the past decade, data from the Gaia space telescope and massive sky surveys have given astronomers an unusually sharp view of those records. With millions of stars tracked for motion, age and composition, a strange pattern has stood

out: the stars in the Milky Way's disc do not follow one smooth chemical trend.

The Sacred Writings of Light

"I am Kison, son of Nesubot and Nektorab, a citizen of Hakarnak. I am he, who brought the Sacred Writings from the swamplands and gathered men together, who are the Sons of Light.

"Now the wisdom of olden times is replanted in the land, though it sits without in the courtyard. Yet among those behind the pillars, many know who among them sees clearly. Great secrets are hidden deeply, but they are not unknown, and the day will come when the soil will give up its treasures.

"I am not one who takes his ear in his hand when darkness clouds his heart. I came from out of the land of security to a place, where all men would raise knives against me, were their eyes opened.

"In baskets of barley, on the backs of asses, came the Sacred Writings containing words to guide the wise and knowledge to dispel the powers of darkness. No magic could prevail against the superior spells I carried, and the treasures remained unseen.

"Men sit beneath the trees and nod their heads solemnly and roll out long books to read things that evaporate in the air. I deride not the books, but one blow of the sword can destroy ten thousand strokes of the pen.

"Those in high places persecute us, not because of the whole of the writings, for much is common to all, but because we seek to change the established order of things. We seek to change the ever present state of affairs.

"Because, too, we have a God who is not the holder of property or a God of the rich and powerful. Who benefits from the riches and estates of other gods? The gods or their priests? Would they who benefit, therefore, welcome the words of God? Such is not the nature of men, and we have the nigh impossible task of changing the natures of men."

Sacred Writings from the Swamp Lands

We don't know what particular area Kison is calling swamp lands, but we know this part of the Kolbrin Bible was written by priests of ancient Egypt. These are obviously not just average priests, but priests of the ancient Mystery Schools that existed in Egypt.

Gathered Together People of Light

What Kison means by this is that those who left Egypt and headed to lands to the North (probably Greece) where they gathered together people of Light to study the sacred teachings. When he says "Sons of Light," we must remember that until recently, this could refer to both men and women. Some of the ancient schools accepted both men and women, while others accepted only men. It is not clear which was true of these new schools established in Greece.

Sits in the Courtyard

At first, the teachers who left Egypt had to teach in the open in Greece. But only a limited number of the teachings were revealed in public. As their popularity grew, they began to establish new Mystery Schools where carefully selected students could study the full Teachings of Light.

A Place Where Men Would Raise Knives

The Sacred books had to be carefully carried into Greece, hidden in baskets of barley so they would not be seen by those of certain religions who would have turned against these Egyptian priests if they knew what they were carrying into their land. It should be noted that while some teachings were in the books, they were often written in allegory so the uninitiated could not understand them. In addition, the most important teachings were never written down, but passed on

only verbally.

Persecuted

These teachers were persecuted by the government because they sought to change the order of things, much as do spiritual people today. While governments, even today, say that it is allowed to kill other people under certain conditions, or when the government declares war on them, spiritual people knew that was not true. When God said that we should not kill, he did not make exceptions. They were also persecuted because most spiritual teachers taught that individuals should not own property, and when students joined the schools, they were required to give all their property and money to the school to be shared by all.

Success

Yet despite all these problems, we know that the Egyptian priests succeeded in starting new Mystery schools in Greece. Eventually, those schools spread to Rome. To some degree, God protects those who do His work on earth.

“The Christmas Tree cluster”

We'd be remiss to have the holiday season pass by without showcasing the lovely Christmas Tree cluster. The area of sky in this photo goes by a number of names, including the Christmas Tree cluster, the Cone nebula and NGC 2264. The image above shows a region of space about 30 light-years across. Astronomers at ESO's La Silla Observatory, in the Atacama Desert of Chile, captured this image.

“Long-lasting gamma-ray burst is a unique puzzle”

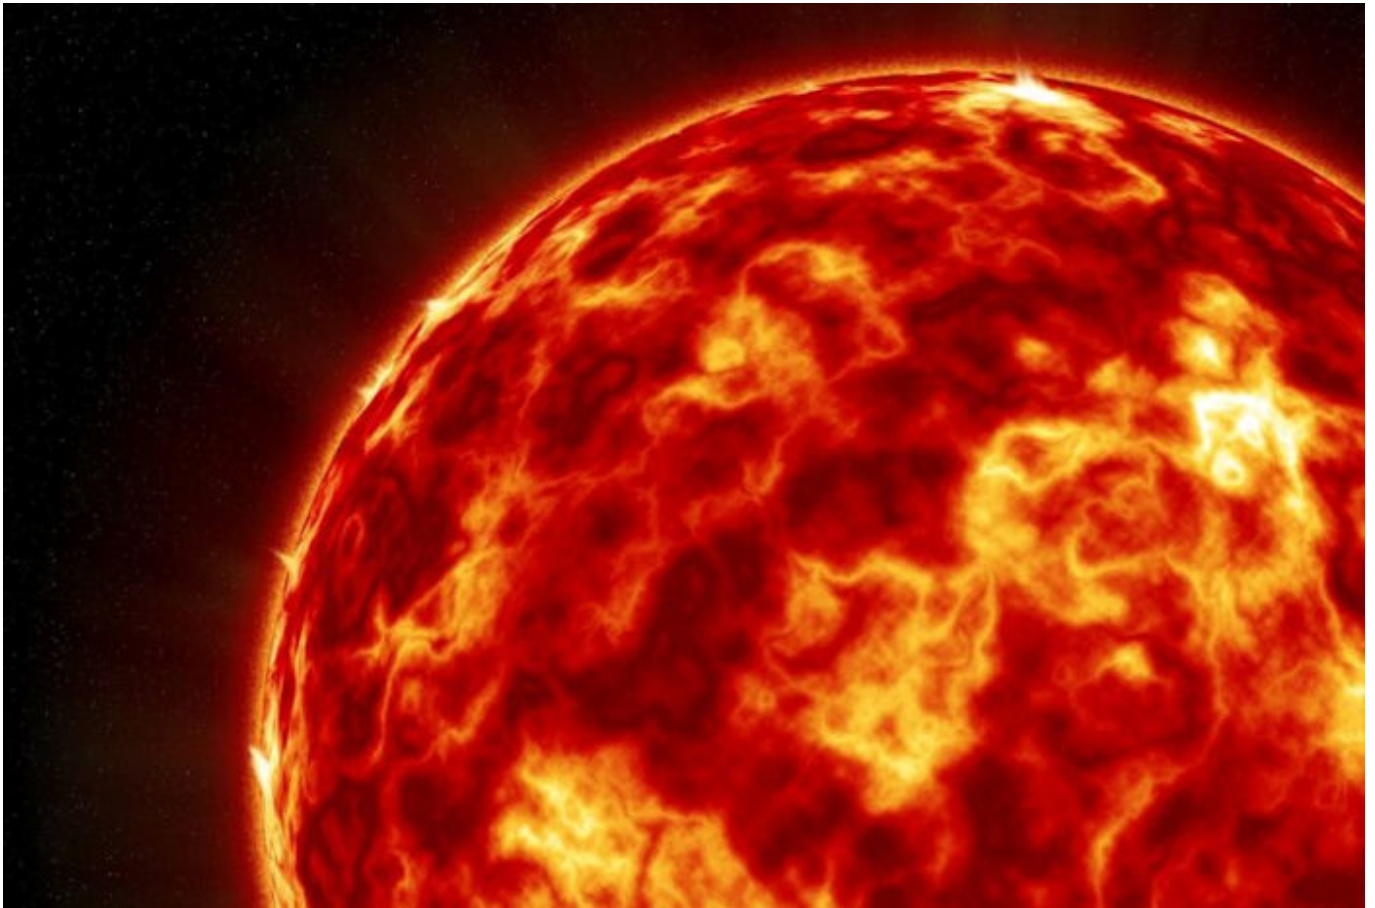

- Astronomers spotted a gamma-ray burst – named GRB 250702B – on July 2, 2025. It’s the longest gamma-ray burst ever recorded, lasting at least seven hours, nearly double the previous record.
- The rare, long-duration burst may reveal new ways to

create gamma-ray bursts. And it suggests there may be previously unseen types of cosmic explosions.

- **One explanation is that a black hole** about three times the sun's mass – with an event horizon just 11 miles (18 kilometers) across – merged with a companion star.

“New evidence for monster stars from the cosmic dawn”

For 2 decades, astronomers have puzzled over how supermassive black holes already existed less than a billion years after the Big Bang. If these black holes formed from collapsed stars, the stars would have needed to be dramatically more massive than any we've ever observed.

And now, astronomers say they've found the 1st strong evidence that such colossal stars *did* exist.

May the Sun Ever Rise in Glory

*“Praise to the Great Lords of Eternity who, once such as we,
now sit in the Everlasting Halls. Sanctified forever be the
name of The One God, to Whom Alone shall be given reverence
and glory, Who Alone is worthy of worship.*

“Greetings, my Companions in Suffering; may the sun ever rise in glory over your fields. May you enjoy peace and prosperity here, and rise in splendor to a life of beauty in the Region of Light.

“May your servants be ever dutiful and your sons upright. May the women of your household be ever diligent and neat, chaste and modest.

“Two generations have passed into judgment since the wild dogs came swiftly in the night and scattered the seeds of wisdom to the winds.

“The Great Land shall no more know the true greatness of wisdom. The black soil shall not nourish its seed. The seed shall spring up and burst forth into leaf in foreign lands, among strange people.

“Our destiny lies Northward, and such is foretold in the Sacred Writings. I go and my household, and Jothan the Sartisian with his household. My brother Kabel also and his daughter, with Karob and Agab of the house of Moshes.

“We go by way of Kambusis and the waters of Jabel, over the wild wilderness to the Mountains of Winds. Beyond them we journey into Kindia, where there are pines.

“We shall take the records of the Eastern Quarter and the Guardians, who remain with us.”

-The Kolbrin Bible (MAN:28:1-8)

Great Lords

The Great Lords this is talking about are not gods, but advanced spiritual beings who have left the physical realm and now sit in Heaven, which the quote calls “the Everlasting Halls”.

The One God

The quote was written in ancient Egypt, where most believe that a pantheon of many gods was worshiped. The quote tells us that some were aware that there is only One True God, the God in Heaven, the God of Spirit, not matter.

May the Sun Ever Rise

Naturally, we want the sun to always rise. If it didn't, we would be in trouble. But these ancient priests of Egypt were talking about the spiritual sun as much as the physical, though they don't say it.

Rise in Splendor

The priest is here wishing for you to rise to a life of splendor in the Region of Light, another way of saying Heaven, as that is the realm of Light. It must be noted that Light is capitalized in the quote, indicating that it refers to Spiritual Light, not ordinary light.

Wild Dogs

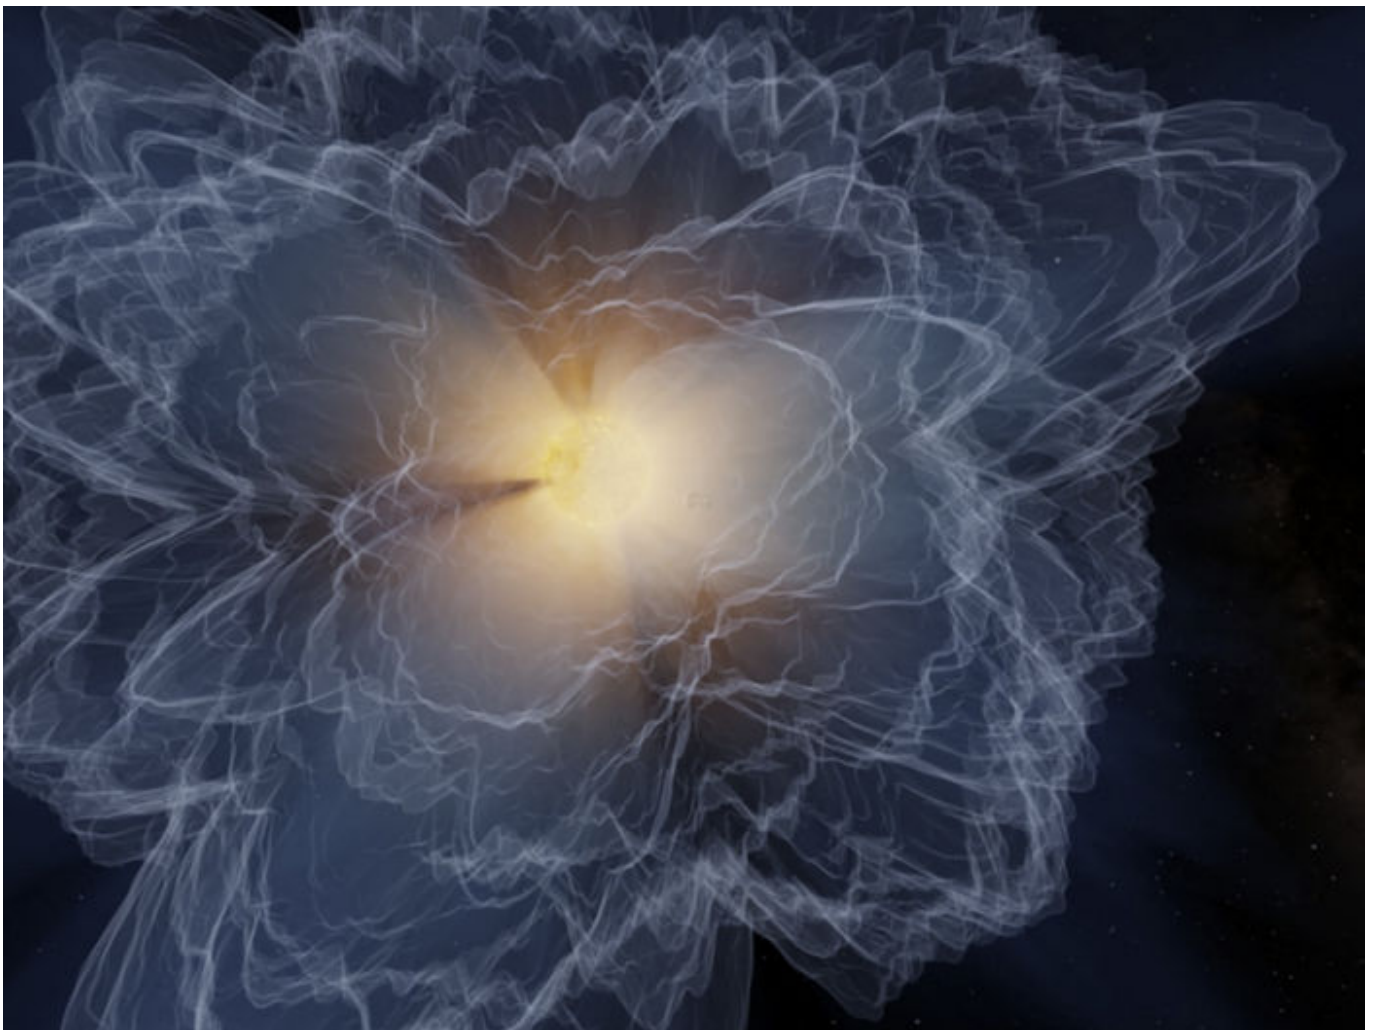

The "wild dogs" that came in the night to scatter the seeds of wisdom are not actual dogs, but barbarians who opposed the wisdom schools of ancient Egypt. Who these barbarians were, we don't know.

Destiny lies Northward

Those who fled from the Barbarians headed north, probably to Greece and India (which is called Kindia in the Quote). In these new lands, the remnants of the ancient priesthood of Egypt began new schools of wisdom and spiritual development. They brought with them the "records of the Eastern Quarter" which were most likely records of their schools, who attended them, where they were located, their initiation rites, and so on. Those records would help in establishing new schools in the new lands they traveled to. By so doing, they assure that

the Spiritual Sun will forever rise in glory.

“Astronomers create 1st map of the sun’s outer boundary”

Astronomers have produced the first continuous, 2-dimensional maps of the outer edge of the sun's atmosphere, a shifting, frothy boundary that marks where solar wind escapes the sun's magnetic grasp. By combining the maps and close-up measurements, scientists from the Harvard Smithsonian Center for Astrophysics (CfA) showed that the boundary grows larger, rougher and spikier as the sun becomes more active.

**“Superstorm squeezed Earth’s
plasmasphere to record low –
disrupting tech around the
world”**

A powerful solar storm arrived last May and pushed Earth's protective systems harder than anything seen in more than twenty years. When waves of charged material erupted from the Sun and slammed into the planet on May 10 and 11, 2024, the impact set off a chain of rapid changes in the space around you. What scientists uncovered from this event offers the clearest picture yet of how an extreme [solar storm](#) can squeeze Earth's plasma layers, distort the upper atmosphere, and disrupt the technology people rely on every day.

“New model reveals how supermassive stars shaped the early universe”

For decades, we have been taught that the universe is expanding faster and faster. That belief has influenced our view of distant galaxies, how cosmologists have built their theories, and how researchers have described a mysterious, repulsive force we reference as dark energy. This idea even won scientists the Nobel Prize in Physics. Recently, however, new evidence suggests that this narrative could be more complex and much more personal than we may have once thought.

The Wise Children of God will be Protected

"These are God's words on the Hidden Portal, struck by one who slept within the temple and who knows the will of God. If they be heavy, they are also sound:

"'My children shall pass across the wilderness and sea, and my wisdom shall go with them. The whirlwind shall not strike them, nor shall they be consumed by the sea monsters. When all this generation and its children shall be as swathed

*bodies in their coffins, my children shall not be
at rest.'*

“‘They shall come to a land of many waters, where gold is found and there is copper in abundance. There they shall erect a temple to the glory of God, and they will prosper and increase. Their women shall be honoured by the water beast and rejoice in their good fortune.’

“‘These are the words they shall remember and strike on marble at the temple gate. These are the words they shall engrave forever:

“‘Good deeds must outweigh wicked ones on the Great Scales; otherwise, the spirit is doomed to darkness.’

“A man is expected to strive for perfection on Earth, but not to achieve it. Let him be judged according to his efforts.

“Bewail not if prosperity departs from you; it passes from the good, for they have passed its test.

“The day of the Destroyer will come again and the land shall be laid waste.”

-The Kolbrin Bible (Man:26:2-9)

The Hidden Portal

We in Cosolargy know that the real Hidden Portal is the Spiritual Sun, or the Sun of Righteousness, from which the Light of God streams forth to all of us. While this Light reaches all people and all beings, very little of it is absorbed unless one actively prepares to receive it. The quote may be referring to a lesser portal, which was probably the entrance to a secret temple in ancient Egypt.

Wisdom Shall go With Them

This paragraph is saying that some of those who are students of the great wisdom schools of ancient Egypt shall travel to other lands and bring the teachings with them. That doesn't mean that the teachings would be revealed to the general public, but that secret wisdom schools would be established in other lands. When the quote says these travellers will not be struck by the whirlwind or consumed by monsters, it is an allegorical way of saying they will be protected from the forces and beings of evil.

Land of Many Waters

This description of their destination could apply to Greece since a large part of this country is islands. We know that temples of wisdom were built in Greece and that ancient Greece became a land of wisdom and prophecy. If one visits Greece today, one can still find the ruins of some of these centers of prophecy, such as the one at Delphi. It is also true that copper and gold was found in Greece. In fact, large deposits of both of those metals have recently been found in Greece.

Good Deeds

It is true that anyone who wishes to save their soul must engage mostly in good deeds. That doesn't mean that one can engage in evil acts, then overcome the karma by doing good. Once a person has awakened to truth, they should avoid evil deeds as much as possible. Evil deeds of the past may be forgiven, but the karmic debt must still be paid.

Strive for Perfection

It is good to strive for perfection, especially spiritual perfection. It is true that it is almost never achieved during our physical life, but we should try anyway. Contrary to popular belief, the search for "perfection" continues after physical death if we have made sufficient effort to awaken and

develop our spiritual faculties while physically alive. If you decide to wait until you die before developing your spirit, it will be too late.

Day of the Destroyer

Spiritual leaders say that we are close to the beginning of a new Golden Age of Man. Unfortunately, as we approach that period, the beings and forces of darkness will fight tooth and nail to maintain their control over the Earth. Those who are following the True Teachings of God will be protected from the worst of it, but we may still have to deal with some suffering and hardship. When that happens, we must remind ourselves that better times are to come.
