

“Surprise Spiral Shape Revealed in The Darkness Surrounding The Solar System”

The edge of the Solar System is a strange place, full of oddities we've only just begun to probe. But perhaps the oddest of all is the Oort Cloud, a vast field of icy debris extending out to 100,000 times the distance between Earth and the Sun.

We have a rough idea of the size and shape of this field, but the fine particulars elude our understanding. Now, a new computational study has revealed a surprising structure – a spiral generated by the tidal forces exerted by the Milky Way galaxy itself.

Land of Lawlessness and Betrayal

“Even the halls of judgment are no longer inviolate; the decrees are cast forth to be stamped underfoot by ignorant men. Even things that sustain the spirit now serve to prepare sustenance for the belly. Records are falsified, so that no man knows the true from the false. The tallies of produce are no longer taken, and corn becomes the property of any man. He who lies readily gets the best; he who acts the deceiver gets most. Ignorant men have raised themselves to high estate by falsehood and deceit. None

raises hand or voice against them, and therefore their ways are acclaimed and emulated. Truth is mocked and justice vilified.

“A man fears his brother as a foe and his son as a betrayer.

He plows his field bearing shield and sword. Men walk abroad girded for battle, but now the day has dawned when henceforth even manly defense is denied them. When a man is slain by the side of his own brother, he who lives flees to save his limbs. When a woman is ravished, they who see turn away. The screams of maidens fall on deaf ears.

“Spearmen gather in bands, but the standards they bear are not those of justice and Truth. Bowmen stand alert, and arrows are loosened in their quivers. The men of blood exult, for it is their day. If a man of high estate be unguarded, he is slain, and if rich he is robbed. If a highborn woman be unprotected through lack of kindred or gold, she becomes a harlot. In the marketplace men say, ‘Better a well fed harlot than a goddess dead from hunger.’”

-The Kolbrin Bible (MAN:30:12-14)

Stamped Underfoot

The quote above was written thousands of years ago, but we see many of the same problems today. Since these writings are all about spiritual matters, we can assume that the reference to judgment is not about civil judges but about those who were in charge of judging the students of the spiritual Mystery Schools of the day. In those times, such judges also made rules for the general population to follow if they wanted to remain in the good graces of God, but as the quote says, their decrees were ignored and stamped underfoot by those who were turning away from the spiritual and toward the material.

Records are Falsified

It has long been noted that history books, especially those about the history of wars, are written by the victors. While they may not be false, they are rarely accurate as they almost always vilify the losers. In addition, today we no longer have news media that sticks to simply telling the facts. Instead,

they are full of opinion so depending on which newspaper you read, or news program you watch, you can get completely opposite views of an issue or event.

High Estate

We are certainly seeing in today's world many instances of ignorant men and women being elected to high office, or putting themselves in those offices. Sadly, many ignorant and uneducated people think it is a good idea to have such people as their leaders.

It is also true, as it was at the time of the quote, that most men are afraid to say anything against these despots for fear of punishment for doing so.

Standards are not those of Justice and Truth

We are also seeing this today. People are once again wearing the swastika with impunity, as well as other symbols of white supremacy. In addition, flags that once flew to represent truth, justice, and equality, are now used to represent the opposite. And armies do march to do evil and protect the despots rather than protecting the innocent. Fortunately, a new age of Spirit is coming, and all of these horrors will end.

“A massive cotton candy-like exoplanet stumps astronomers”

Low-density “cotton candy planets” continue to be a cosmic puzzle for astronomers. Despite being 50 percent bigger than the gas giant Jupiter, exoplanet WASP-193b is seven times less dense. This extremely low density is comparable to that of light and fluffy cotton candy, according to a study published May 14 in the *Nature Astronomy*.

“Webb Space Telescope Tracks Fireworks Around Our Galaxy’s

Black Hole”

The supermassive black hole at the center of our Milky Way galaxy may not be as voracious as the gas-gobbling monsters that astronomers have seen farther out in the universe, but new findings from NASA’s James Webb Space Telescope reveal that its surroundings are flaring with fireworks.

JWST’s readings in two near-infrared wavelengths have documented cosmic flares that vary in brightness and duration.

A Priest of the Lord

"I am a priest of the lord and serve him as priest. I offer him the offering of his thought. His thought is not like the world, not of the flesh or of those who serve in the flesh. The lord offers his goodness, his stainless heart and lips, his inner world that is faultless. Let hearts not oppress hearts, nor souls harm souls. Don't bribe a stranger, because that stranger is you. Don't trick your neighbor. Don't take the clothing from him that hides his nakedness, but dress in the grace of the lord generously and walk in paradise and from his tree make a garland for your head. Loop it around your hair. Be happy and rest in his rest. His glory will go before you. You will inhabit his kindness and grace and be fat in truth with the praise of his holiness. Praise and honor his name. I raised my arms high to the grace of the lord, for he cast off my bonds. My helper had raised me to his grace and salvation. I discarded darkness and dressed in the clothing of light. My soul acquired a body free from sorrow, free from torture and mutilation. The lord's thought

restored me. I fed on his incorruptible fellowship. In the light he raised me. I went to him, near him, praising and shouting his name. He made my heart flood into my mouth. I was rescued from my chains and fled to you, my god. You are the right hand of my salvation and my helper. You held back those who rose against me and they disappeared. Your face was with me. I was saved by your grace. But in the eyes of many I was abhorred and excluded. In their eyes I was lead. I assumed strength from you and drank your help."

-Songs of Solomon

I Serve God as a Priest

The function of a priest or minister is to serve God. We serve God by obeying His will and by doing His work on earth. We also serve God by sending thoughts of Peace, Love, Joy, and Truth to others. When we help the downtrodden, the rejects of the social system, and those who are ill or handicapped, we are serving God. Most of all, we help God when we help others turn away from materialism and toward the spiritual life that God wants all of us to have.

His World is Faultless

God's World, also called the Kingdom of God or heaven, is faultless. It is a place where there is no death, no disease and no suffering. It is a place of Truth where no lies exist. It is also a place of Knowledge. Knowledge of all that is real. It is not a place of rest. The souls who have reached that level still continue to work helping others.

That Stranger is You

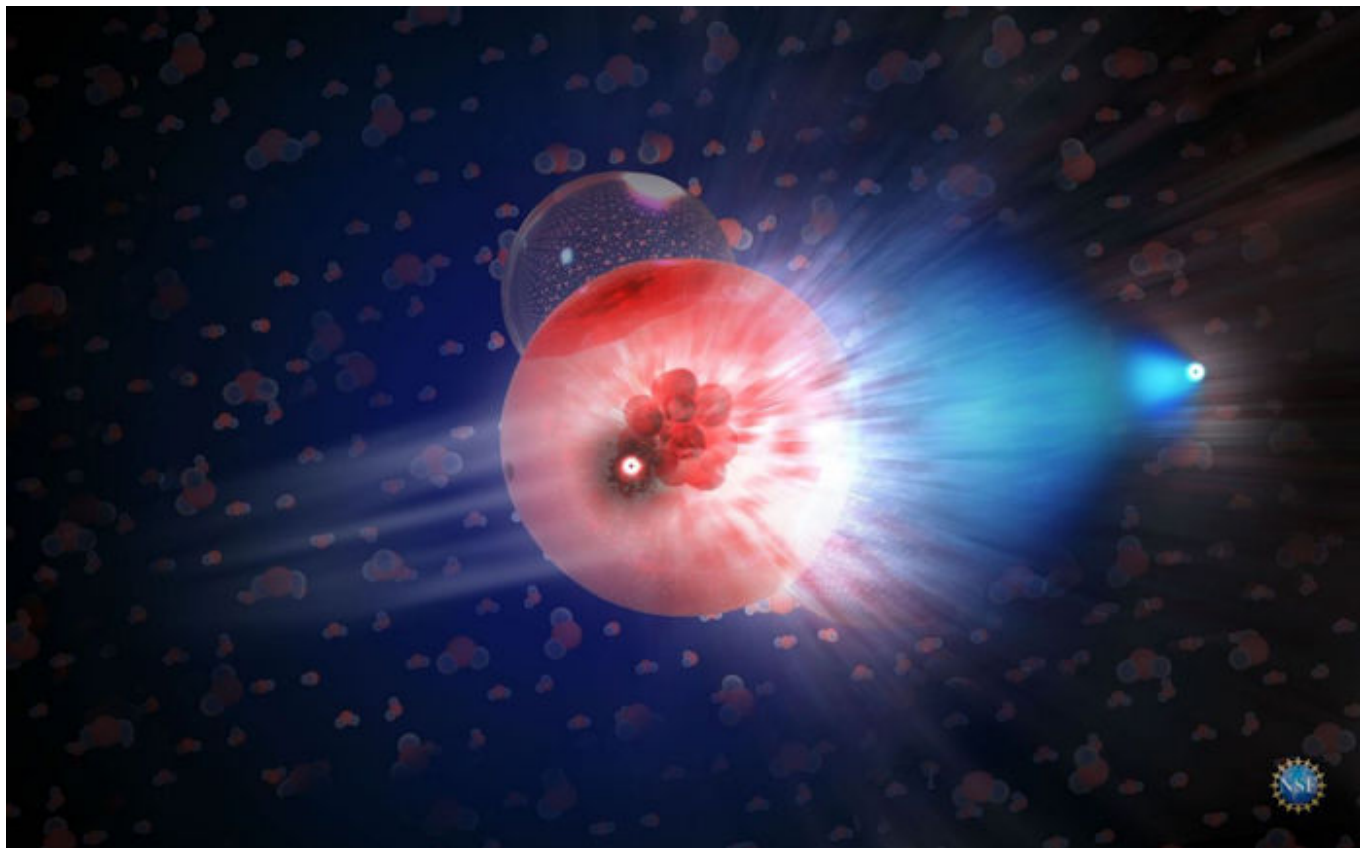

When you bribe a stranger, trick your neighbor, or cheat another person, you are only doing it to yourself. That is because, ultimately, we are all part of the One Whole creation of God. The modern science of Quantum Physics has shown that things can be connected together, even at a great distance.

But in actual fact, all things are connected together in the great matrix of life. So, even when you harm an animal, you are hurting yourself.

Discard Darkness and Dress in Light

Some people who think they are spiritual believe we need to accept Darkness as a part of what we are just as much as Light. That philosophy is wrong. We do need to acknowledge that we have a dark side, but we don't embrace it; we discard it as much as possible, as the quote says. There will always be some darkness in us, but we should not let it get its way. When we slip up and do something dark, we should forgive ourselves and embrace the Light. Don't give up on yourself just because you slip a little. Keep moving forward to the Light. That is how you live as a priest of God.

“An Unfinished Detector has Already Spotted the Highest-Energy Neutrino Ever Seen”

When it comes to particles, only photons are more abundant than neutrinos, yet detecting neutrinos is extremely difficult. Scientists have gone to extreme lengths to detect them, including building neutrino observatories in deep, underground mines and in the deep, clear ice of Antarctica.

One of their latest efforts to detect neutrinos is KM3NeT, which is still under construction at the bottom of the Mediterranean Sea. Though the neutrino telescope isn't yet complete, it has already detected the most energetic neutrino ever detected.

“Radiation From an Exploding Star May Have Altered Evolution on Earth”

If a star explodes in space and no one is around to see it, does it wreak a change on terrestrial evolution?

Yes, maybe – if you’re a microbe quietly minding your own business in Lake Tanganyika in the highlands of eastern Africa.

A new study has found that an explosion in virus diversity 2.5 million years ago in Lake Tanganyika occurred at the same time radiation from an ancient supernova bathed Earth in cosmic rays.

“NASA May Have Found The Fastest Planetary System We’ve Ever Seen”

In the Milky Way’s central bulge, about 24,000 light-years from Earth, a peculiar pair of objects appears to be hurtling through space at breakneck speed.

Evidence suggests these objects are a high-velocity star and its accompanying exoplanet, a new study reports. If that’s confirmed, it would set a new record as the fastest-moving exoplanet system known to science.

The Physical Body cannot Ascend into Heaven

“Some are afraid that they will ascend from death naked, and they want to climb back to life in their flesh. They are unaware that those who wear their flesh are naked, and those who strip are not naked. ‘Flesh and blood cannot inherit the kingdom of god.’ What will we not inherit? The flesh we wear on us. Then both are wrong. You say the flesh won’t ascend. Tell me, what will rise so I can honor you? You say spirit in the flesh and light in the flesh. What is the flesh? You say there is nothing outside the flesh. Then rise in the flesh, since everything exists in it. In this world those wearing garments are better than garments. In heaven the garments are better than the wearers.”

“Through water and fire this wide realm is purified, and the visible cleaned by the visible, and the hidden by the hidden, but there are elements concealed in the visible. ...

“The heavenly man has more children than a man on earth. If the offspring of Adam are many and die, how many more are the offspring of perfect beings who do not die and are born each second? The father makes a child. The child cannot make a son. He has not the power to make children. One recently born is not a parent. The son has brothers and sisters, not children. In this world there is a natural order to birth, and one is nourished by ordinary means. We are nourished by the promise of heaven, from the mouth of the word. If the word emanated from the mouth, it is perfect. By a kiss the perfect conceive and give birth. That is why we kiss. From the grace in others we conceive. ...

“It is impossible to see anything in the real realm unless you become it. Not so in the world. You see the sun without being the sun, see sky and earth but are not them. This is the truth of the world. In the other truth you are what you see. If you see spirit, you are spirit. If you look at the anointed, you are the anointed. If you see the father, you will be father. In this world you see everything but yourself, but there, you look at yourself and are what you see.”

-The Gospel of Philip

Ascending Naked

You have to read and understand the entire sentence here to realize that what it means by “naked” is without the physical body. Those who believe they can ascend while still in the physical body need to read scripture more closely.

Nothing Outside the Flesh

Some people believe their physical body is all they have, so it must be able to ascend into Heaven, but they are wrong. Only the Soul ascends into Heaven, and then only if it has been properly prepared and nurtured.

Purified by Water and Fire

Yes, we are purified by water and fire, but not the physical elements bearing those names. This is an allegorical reference. We are purified by God's Word and God's Light. That is the water and fire that purifies the Soul.

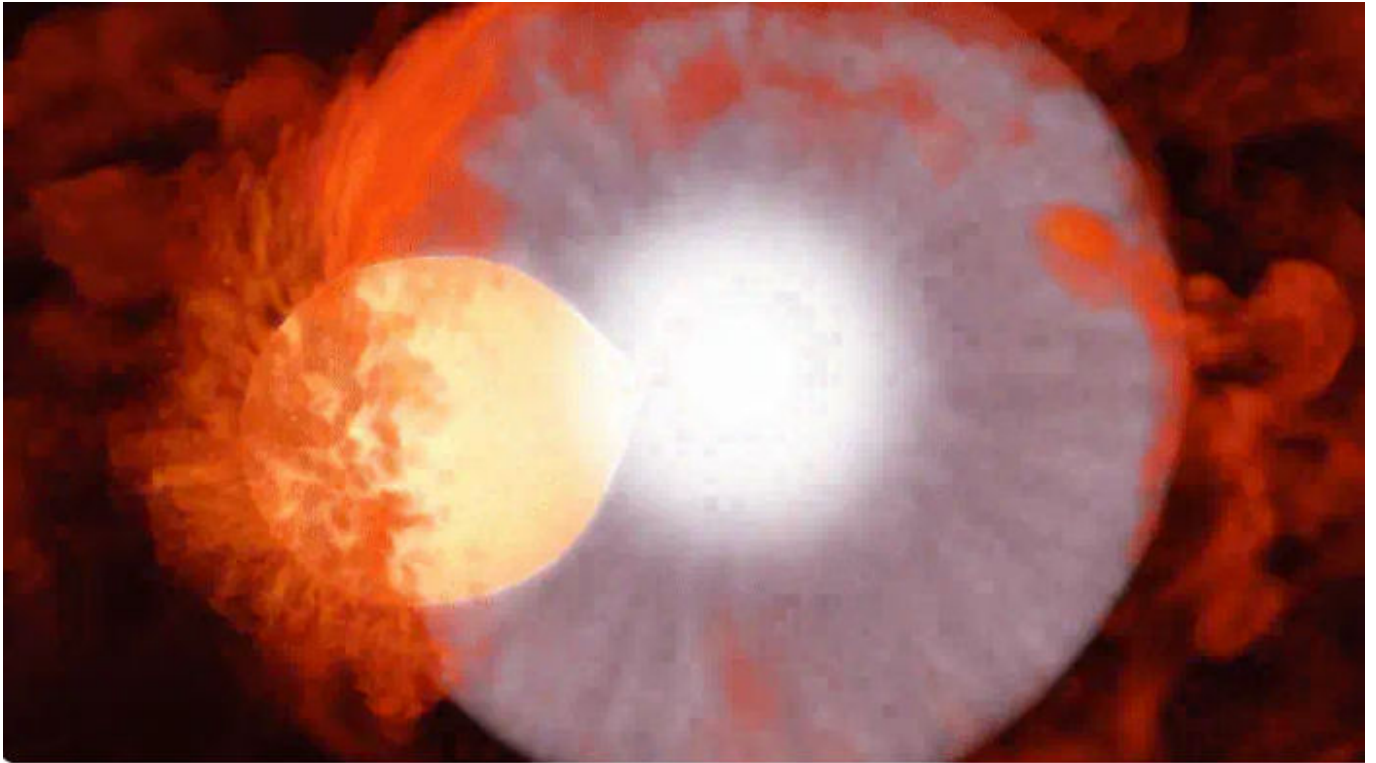

More Children

How can a person in heaven have more children than a person on Earth? How can they have any children with no physical body? It is because when you have succeeded in ascending to Heaven, you become one with God, one with the All, therefore, all souls are your brothers and sisters, all are your children, all are your spouses because all are in the One.

Impossible to See

Philip says it is impossible to see anything in the real realm of spirit unless you become it. I think that may be an exaggeration. We can see spirits at times when we practice spiritual development techniques. Perhaps what Philip means is that we cannot really understand the spiritual until we are part of it. It's like a primitive person seeing a car for the first time. They do see it in a limited way, but they don't understand it.

“Why won’t the Blaze Star explode?”

Have you ever heard of the Blaze Star? It’s a star in the constellation Corona Borealis, the Northern Crown, that was supposed to go *nova* last year. Well, we’re still waiting. But when it finally does erupt, it’ll be a once-in-a-lifetime show in our night sky.

The eagerly awaited Blaze Star nova is a real opportunity for keen night sky observers to witness a “new star” in the sky ... but only for a few days before it fades away again.
