

“Incredible Image Reveals a Cosmic Hourglass Shimmering in Space”

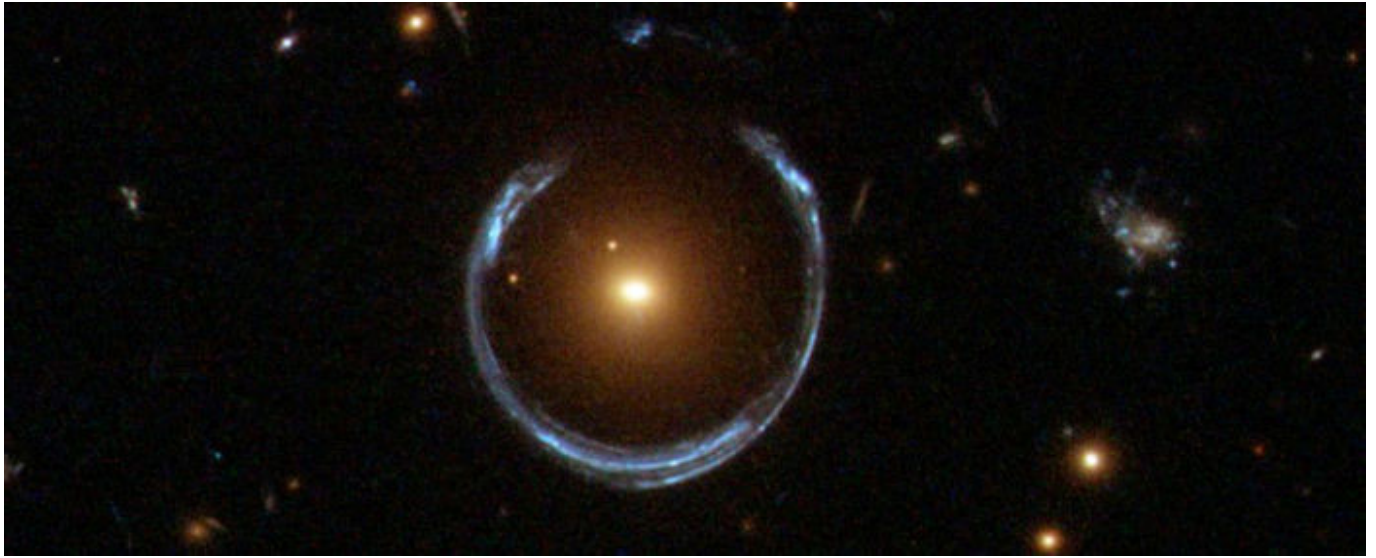

Young stars are like young kids. Their energy is often unruly and can express itself chaotically.

In this incredible image, we can see the unrestrained energy of two young stars about 650 light-years away as their energetic jets create a distinct hourglass shape with clumps and swirls of gas and dust.

“Black Hole The Size of 36 Billion Suns Could Lie at The Heart of Cosmic Horseshoe”

In 2007, astronomers discovered the Cosmic Horseshoe, a gravitationally lensed system of galaxies about five-and-a-half billion light-years away.

The foreground galaxy's mass magnifies and distorts the image of a distant background galaxy whose light has travelled for billions of years before reaching us. The foreground and background galaxies are in such perfect alignment that they create an Einstein Ring.

New research into the Cosmic Horseshoe reveals the presence of an Ultra-Massive Black Hole (UMBH) in the foreground galaxy with a staggering 36 billion solar masses.

“Surprise Spiral Shape Revealed in The Darkness Surrounding The Solar System”

The edge of the Solar System is a strange place, full of oddities we've only just begun to probe. But perhaps the oddest of all is the Oort Cloud, a vast field of icy debris extending out to 100,000 times the distance between Earth and the Sun.

We have a rough idea of the size and shape of this field, but the fine particulars elude our understanding. Now, a new computational study has revealed a surprising structure – a spiral generated by the tidal forces exerted by the Milky Way galaxy itself.

Land of Lawlessness and Betrayal

“Even the halls of judgment are no longer inviolate; the decrees are cast forth to be stamped underfoot by ignorant men. Even things that sustain the spirit now serve to prepare sustenance for the belly. Records are falsified, so that no man knows the true from the false. The tallies of produce are no longer taken, and corn becomes the property of any man. He who lies readily gets the best; he who acts the deceiver gets most. Ignorant men have raised themselves to high estate by falsehood and deceit. None

raises hand or voice against them, and therefore their ways are acclaimed and emulated. Truth is mocked and justice vilified.

“A man fears his brother as a foe and his son as a betrayer.

He plows his field bearing shield and sword. Men walk abroad girded for battle, but now the day has dawned when henceforth even manly defense is denied them. When a man is slain by the side of his own brother, he who lives flees to save his limbs. When a woman is ravished, they who see turn away. The screams of maidens fall on deaf ears.

“Spearmen gather in bands, but the standards they bear are not those of justice and Truth. Bowmen stand alert, and arrows are loosened in their quivers. The men of blood exult, for it is their day. If a man of high estate be unguarded, he is slain, and if rich he is robbed. If a highborn woman be unprotected through lack of kindred or gold, she becomes a harlot. In the marketplace men say, ‘Better a well fed harlot than a goddess dead from hunger.’”

-The Kolbrin Bible (MAN:30:12-14)

Stamped Underfoot

The quote above was written thousands of years ago, but we see many of the same problems today. Since these writings are all about spiritual matters, we can assume that the reference to judgment is not about civil judges but about those who were in charge of judging the students of the spiritual Mystery Schools of the day. In those times, such judges also made rules for the general population to follow if they wanted to remain in the good graces of God, but as the quote says, their decrees were ignored and stamped underfoot by those who were turning away from the spiritual and toward the material.

Records are Falsified

It has long been noted that history books, especially those about the history of wars, are written by the victors. While they may not be false, they are rarely accurate as they almost always vilify the losers. In addition, today we no longer have news media that sticks to simply telling the facts. Instead,

they are full of opinion so depending on which newspaper you read, or news program you watch, you can get completely opposite views of an issue or event.

High Estate

We are certainly seeing in today's world many instances of ignorant men and women being elected to high office, or putting themselves in those offices. Sadly, many ignorant and uneducated people think it is a good idea to have such people as their leaders.

It is also true, as it was at the time of the quote, that most men are afraid to say anything against these despots for fear of punishment for doing so.

Standards are not those of Justice and Truth

We are also seeing this today. People are once again wearing the swastika with impunity, as well as other symbols of white supremacy. In addition, flags that once flew to represent truth, justice, and equality, are now used to represent the opposite. And armies do march to do evil and protect the despots rather than protecting the innocent. Fortunately, a new age of Spirit is coming, and all of these horrors will end.

“A massive cotton candy-like exoplanet stumps astronomers”

Low-density “cotton candy planets” continue to be a cosmic puzzle for astronomers. Despite being 50 percent bigger than the gas giant Jupiter, exoplanet WASP-193b is seven times less dense. This extremely low density is comparable to that of light and fluffy cotton candy, according to a study published May 14 in the *Nature Astronomy*.

“Webb Space Telescope Tracks Fireworks Around Our Galaxy’s

Black Hole”

The supermassive black hole at the center of our Milky Way galaxy may not be as voracious as the gas-gobbling monsters that astronomers have seen farther out in the universe, but new findings from NASA’s James Webb Space Telescope reveal that its surroundings are flaring with fireworks.

JWST’s readings in two near-infrared wavelengths have documented cosmic flares that vary in brightness and duration.

A Priest of the Lord

"I am a priest of the lord and serve him as priest. I offer him the offering of his thought. His thought is not like the world, not of the flesh or of those who serve in the flesh. The lord offers his goodness, his stainless heart and lips, his inner world that is faultless. Let hearts not oppress hearts, nor souls harm souls. Don't bribe a stranger, because that stranger is you. Don't trick your neighbor. Don't take the clothing from him that hides his nakedness, but dress in the grace of the lord generously and walk in paradise and from his tree make a garland for your head. Loop it around your hair. Be happy and rest in his rest. His glory will go before you. You will inhabit his kindness and grace and be fat in truth with the praise of his holiness. Praise and honor his name. I raised my arms high to the grace of the lord, for he cast off my bonds. My helper had raised me to his grace and salvation. I discarded darkness and dressed in the clothing of light. My soul acquired a body free from sorrow, free from torture and mutilation. The lord's thought

restored me. I fed on his incorruptible fellowship. In the light he raised me. I went to him, near him, praising and shouting his name. He made my heart flood into my mouth. I was rescued from my chains and fled to you, my god. You are the right hand of my salvation and my helper. You held back those who rose against me and they disappeared. Your face was with me. I was saved by your grace. But in the eyes of many I was abhorred and excluded. In their eyes I was lead. I assumed strength from you and drank your help."

-Songs of Solomon

I Serve God as a Priest

The function of a priest or minister is to serve God. We serve God by obeying His will and by doing His work on earth. We also serve God by sending thoughts of Peace, Love, Joy, and Truth to others. When we help the downtrodden, the rejects of the social system, and those who are ill or handicapped, we are serving God. Most of all, we help God when we help others turn away from materialism and toward the spiritual life that God wants all of us to have.

His World is Faultless

God's World, also called the Kingdom of God or heaven, is faultless. It is a place where there is no death, no disease and no suffering. It is a place of Truth where no lies exist. It is also a place of Knowledge. Knowledge of all that is real. It is not a place of rest. The souls who have reached that level still continue to work helping others.

That Stranger is You

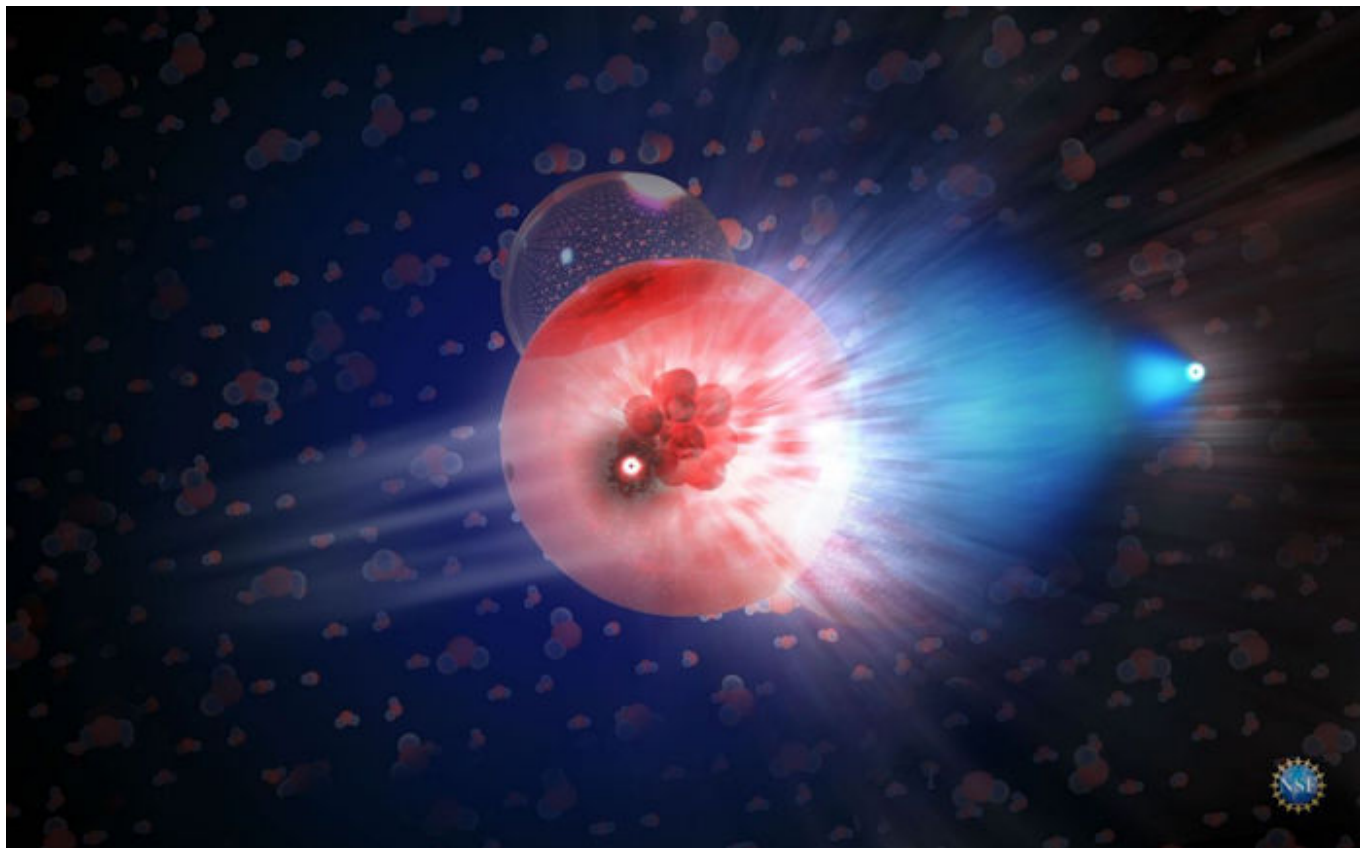

When you bribe a stranger, trick your neighbor, or cheat another person, you are only doing it to yourself. That is because, ultimately, we are all part of the One Whole creation of God. The modern science of Quantum Physics has shown that things can be connected together, even at a great distance.

But in actual fact, all things are connected together in the great matrix of life. So, even when you harm an animal, you are hurting yourself.

Discard Darkness and Dress in Light

Some people who think they are spiritual believe we need to accept Darkness as a part of what we are just as much as Light. That philosophy is wrong. We do need to acknowledge that we have a dark side, but we don't embrace it; we discard it as much as possible, as the quote says. There will always be some darkness in us, but we should not let it get its way. When we slip up and do something dark, we should forgive ourselves and embrace the Light. Don't give up on yourself just because you slip a little. Keep moving forward to the Light. That is how you live as a priest of God.

“An Unfinished Detector has Already Spotted the Highest-Energy Neutrino Ever Seen”

When it comes to particles, only photons are more abundant than neutrinos, yet detecting neutrinos is extremely difficult. Scientists have gone to extreme lengths to detect them, including building neutrino observatories in deep, underground mines and in the deep, clear ice of Antarctica.

One of their latest efforts to detect neutrinos is KM3NeT, which is still under construction at the bottom of the Mediterranean Sea. Though the neutrino telescope isn't yet complete, it has already detected the most energetic neutrino ever detected.

“Radiation From an Exploding Star May Have Altered Evolution on Earth”

If a star explodes in space and no one is around to see it, does it wreak a change on terrestrial evolution?

Yes, maybe – if you’re a microbe quietly minding your own business in Lake Tanganyika in the highlands of eastern Africa.

A new study has found that an explosion in virus diversity 2.5 million years ago in Lake Tanganyika occurred at the same time radiation from an ancient supernova bathed Earth in cosmic rays.

“NASA May Have Found The Fastest Planetary System We’ve Ever Seen”

In the Milky Way’s central bulge, about 24,000 light-years from Earth, a peculiar pair of objects appears to be hurtling through space at breakneck speed.

Evidence suggests these objects are a high-velocity star and its accompanying exoplanet, a new study reports. If that’s confirmed, it would set a new record as the fastest-moving exoplanet system known to science.
