

Sun Tones

The sun becomes two; left looks to the right; the suns come together as two become one.

The sun becomes two; right looks to the left; the suns come together as two become one.

Look to the North; the suns come together.

Look to the South; the suns come together.

Look to the East; the suns come together.

Look to the West; the suns come together.

Back to the Source, the suns come together.

Two become One, as the suns come together.
