The Summer 2014 graduation ceremony for Clinical Pastoral Education (CPE) students took place on Wednesday, August 20, 2014 in the chapel at St. Mary's Regional Medical Center. Bishop Gene Savoy Jr., who sits on the Professional Advisory Group (PAG) at St. Mary's, was in attendance.

CPE is a required educational unit for most seminarians and theological students who are pursuing a career in the ministry.

Following the graduation ceremony for the seven graduates of the program, PAG members met for their regular meeting to discuss Fall class requirements.
