

Cosolargy Newsletter April 2025

COSOLARGY INTERNATIONAL
THE SACRED TEACHINGS OF LIGHT

COSOLARGY NEWSLETTER APRIL 2025

Hello Gene,

Welcome to our monthly bulletin with information of interest to friends of Cosology International. In this issue, we bring you up to date with current and future events and provide a little background on our founder, the late Gene Savoy Sr, and his explorations into solar cultures, along with some uplifting words of inspiration.

If you are curious about the solar techniques and activities of our Community, contact us by using the Contact Form on the [Cosology International website](#). It will be forwarded to the appropriate representative for your area.

In these trying times, if you would like to have a prayer said for you or others, click the Prayer Request button at the end of this newsletter.

The Origins of Cosology

Quotes from Gene Savoy, Sr.

"The Man [Gene Savoy, Sr.] and The Youth, who bore the casket, fell to their knees three times, and their strength did ebb. During life, Jamil+ had been light as the wind; in death, his fragile remains had become heavy as stone. And they were mystified.

"They reached the burial ground at the summit, and sat down to rest at the base of a great rock hewn by the stone masons to form a receptacle for The Child.+ Few precincts of the world could equal the natural beauty of the hill which, from earliest times, had been a holy shrine to the people. Situated in a time-honored spot, known as the spacious land between the four rivers, with the towering snow-capped Andes visible to the north and the spreading fertile valleys lying to the south, the pinnacle caught the first rays of the rising sun as it came up over a green height to the east, and it remained illuminated while the sun inclined toward the west disappearing behind the purple heights of the Cordilleras. And when the moon arched through the sky, it could be seen clearly day or night from one end of the horizon to the other. No king could claim a more venerable resting place for his earthly remains."
