If you are curious about the solar techniques and activities of our Community, contact us by using the Contact Form on the [Cosology International website](#). It will be forwarded to the appropriate representative for your area.

In these trying times, if you would like to have a prayer said for you or others, click the Prayer Request button at the end of this newsletter.

The Origins of Cosology

Quotes from Gene Savoy, Sr.

"The Man remained in the upper room the rest of the day, recalling the events that had transpired since The Child had come into the world. When light faded and night came down upon the Andes, he returned to the Garden, now filled with beautiful bouquets of wild flowers plucked from the hillsides by a multitude of Indians come down to honor the memory of The Child. And the flute players, lamenting the passing of the golden-haired infant, and all the other children of the heights and valleys filled the air with selected refrains. And the drummers beat sullenly day and night as if signaling the gods of ascending spirits.

"With the coming of dawn on the second day, Jamil's remains were prepared for burial. And his father, in company with The Nurse, anointed the twelve openings of his immaculate body—his hands, feet, and forehead—with oils and placed salt on his tongue with a precious stone of jade. And while they were doing this, those gathered in the Garden below noted the peace and calm in the upper room."
