

# Pray with Love and Music

*“Love, this is the first impulse of Genesis, the first impulse of life. Love is the Divine impulse. It is the nicest thing. It is the first thing that comes in life, the first thing that creates the universe.*

*“We all have to love God. Without love of God, we will be foreign to one another.*

*“There are teachers now who say, ‘Pray to the Lord and He will listen to you.’ If you pray to Him according to all rules of music, He will listen to you, but if you do not, your prayer will remain here on Earth, It won’t go to the other world. In other words, your prayer must be sent to God with Love. Without love, you cannot get the right tune.*

*“Musical love must take part in the prayer. These things you do not know. You think you can get to paradise without music. No, no. You cannot get into paradise without music. A person who is not musical cannot get into paradise. He can catch a glimpse from the doorstep, but won’t be able to cross it.”*

## Pray with Love

Many people pray to God, asking Him for various things, or to help them in various ways, but have no love for God. Real

prayer is expressing your love for God, not begging Him to give you things. For starters, God has already given you the greatest gift He has to offer: eternal life in the spirit. He has also shared His creative power with you, although you probably don't know how to use it wisely. In addition, asking god for material things is pointless because matter is the realm of the Demiurge, not the realm of God. If matter is what you want, talk to Satan.

## **Love Creates**

It is true that love creates and the universe, the spiritual one anyway, was created by God's Love. Man sometimes creates out of greed, desire, or simple need. God has no needs and no greed. He creates because for Him, creation is an act of Love.

## **Without Love of God**

Douno says that without the love of God, we are foreign to one another. What he means is that we cannot truly know others without love and we cannot truly know ourselves if we do not love ourselves. I am not talking about the narcissist who cares only for himself. That isn't real love. We need to have a real love for ourselves and others, and the only way to get that is to develop a true love of God. In order to have a real love for God, we must know God, we must connect with God. We do that by awakening our spiritual faculties with the Light of the Spiritual Sun. Then we continue to develop the spirit and soul until we reach the high level of consciousness known as Christ Consciousness or Universal Consciousness. When that happens, we truly know God and we will truly love God once we know Him.
