

“The Science Delusion” : Rupert Sheldrake’s banned TED TALK

On January 12th, 2013, Rupert gave a talk entitled The Science Delusion at TEDxWhitechapel. The theme for the night was “Visions for Transition: Challenging existing paradigms and redefining values (for a more beautiful world).” In response to protests from two militant materialist bloggers in the US, the talk was later taken down by TED and placed in a special corner of their website.

Since then the TALK has been seen by over half a million viewers and raised all kinds of questions, charges, and debates. All of it is collected on a page at www.sheldrake.org.
