Volume XIX No. 6

Dear Associate:

Symposiums I, II & III have been well received and old Associates from earlier days who corresponded with the Mystery School of the Andes in Peru have been able to participate in oral instruction and meet with personnel.

Those who have joined the school in the last three years and who are restricted to correspondence have realized immense benefit from the personal contact. Each seminar consists of about 12 hours of oral instruction over a three-day period.

The sound department has acquired a Telex cassette duplicator and professional recording equipment. Copies of the three seminars will be available by the middle of the month on 60-minute cassette tapes of excellent quality.

Transcripts of the Seminars which are word-for-word copies of the tapes, including diagrams, are being printed. These scripts are averaging 100 to 150 pages in length in clear, easy-to-read Gothic type. We found the transcripts a little bit more than we bargained for and just as difficult to prepare for the text as book-length volumes which resulted in a 6-week delay on Seminar I. Each script is bound with a durable, black plastic cover. These transcripts are excellent quality, exciting reading and most instructive.

TAPES AND TRANSCRIPTS BRING THE SEMINARS right into the privacy of one's home. They eliminate the expense of travel and time, and many are taking advantage of this savings. It also permits those who may only be able to participate in a select number of Seminars to learn from the entire program. Those not familiar with the cassette program are urged to obtain a tape player. The tapes are helpful in getting the most out of the voice instruction.

The Community's new advertising program which may be followed in the February issue of PSYCHOLOGY TODAY is to be continued on a monthly basis. The 1/3 page vertical insertion advertises THE DECODED NEW TESTAMENT. Ad copy will also appear in the March issue of THE ATLANTIC MONTHLY and the April issue of HARPERS MAGAZINE. THE SATURDAY REVIEW is running a special story on psychic phenomena in the February 22nd issue and our advertisement will be run in that edition. Associates can expect to see the Community's programs listed in the leading national magazines from now on.

A NEW MOTION PICTURE DEPARTMENT is currently being organized by the Community. Several scripts are under consideration and films will be made by members of the Community in collaboration with artists, directors and technicians friendly with the Community. Copies of the films will be made available to Overseers for showing in their respective communities when completed.

PASTORSHIP PAPERS AND COMMUNITY CHARTERS are now available to those Ordained. This makes possible actual pastorships in different communities, which have many advantages to the individual. For information write the Community.

Ordinations to those who have completed at least 18 months of studies are being extended. Associates who have not been ordained should make arrangements to do so. The Seminars have been designed so that the Associate can receive oral instruction while at the same time discussing the many advantages to the ordained. The Community is planning many co-op programs in which individuals may involve themselves. May we suggest that if you have not been ordained or if you have doubts or questions, telephone (area code 702) 786-7827 and ask for Rev. Loren Lewis, Rev. David Carrothers or Rev. Refa Smith. Questions will be answered in a most helpful and friendly manner. We are here to inform with dignity and consideration.

Community Fellowship Programs in which the individual can actually establish a project chartered by the Community is available to those who have graduated and are considering ordination. Exciting, practical and fulfilling. Call above number for information.

URGENT FIRST EDITION COPIES OF THE DECODED NEW TESTAMENT will not be available much longer due to a heavy advertising program that is reaching 4 to 10 million readers monthly. Once the first editions are gone they will never be available again. A real collector's item that will grow in value. Be sure to order your copy now. Copies of THE CHILD: CHRIST are also available as are cassettes of Jack Kruschen's recording of THE CHILD: CHRIST.

The economic situation in the United States and in the world is such that it behooves the Associate, Graduate or Ordained to consider our Ministerial Program for Overseers. Pastorship Papers are granted which allows one to take advantage of tax deductions and ministerial co-operatives in which added income can be realized. Do call for free information and special packet on this highly confidential material. God helps those who help themselves, or so goes the saying.

DAMAGED CORRESPONDENCE OR PACKAGES will be replaced at once if the Associate will return with a written request.

Changes of address should be directed to the Center at the earliest opportunity to assure prompt delivery of papers, books and tapes.

New papers are being printed and bound with black soft-plastic covers. Large easy-to-read type is being used and comments on materials and type being used would be appreciated. Suggestions, criticisms and viewpoints will dictate future materials to be used as well as type faces.

The printing department is a little behind on release of papers to replace old ones. They are coming off the press just as soon as hands can print, gather, bind and mail. Unfortunately demands have been very heavy on the printing department of late. They wish to extend their apologies and promise to work at a faster pace this year.
