

COSOLARGY INTERNATIONAL
THE SACRED TEACHINGS OF LIGHT

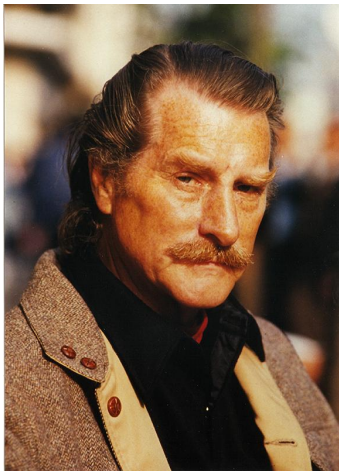

COSOLARGY NEWSLETTER December 2021

Greetings!

Welcome to our monthly bulletin with information of interest to friends of Cosolargy International. In this issue we bring you up to date with current and future events and provide a little background on our founder, the late Gene Savoy Sr, and his explorations into solar cultures, along with some uplifting words of inspiration.

If you are curious about the solar techniques and activities of our Community, contact us by using the Contact Form on the [Cosolargy International website](#). It will be forwarded to the appropriate representative for your area.

In these trying times, if you would like to have a prayer said for you or others, click the Prayer Request button at the end of this newsletter.

The Origins of Cosolargy

Quotes from Gene Savoy, Sr.

The Synoptic Gospels of Matthew, Mark, and Luke disagree on the teachings and purpose of the ministry of Jesus. Some say that he established a new religion based on his person. Others claim that his religion was a matter of having faith in the Fatherhood of God. Still others say that it revolved around the concept of the coming Kingdom of God. There was much conflict in the Church then, and there still is now.

The original teachings of Jesus were whole and dynamic. He taught a system that could bring about not only the transformation of the individual into a spiritual being of Light, but also the transformation of the world into a world of Light, and the establishment of God's Kingdom on earth. This was his goal as Messiah, just as it had been the hope of the sect that bred him in the wilderness.

Jesus was not a simple man who suddenly proclaimed himself to be the Messiah and then faded away. He was a man of considerable knowledge, a Master teacher of an established sect that went beyond the Judaism of the Pharisees and the Sadducees. Had his teachings and secret doctrines survived to the present day, their impact upon human thought would have altered the course of human events, and the world might indeed be a different place than it is.

Connecting With God Through Scripture Studies

Study All Scripture

This is the fourth article in our series on connecting with God. This one will cover connecting with God through the study of scripture and holy books. If you would like to read the other three first, [click here](#).

Surprisingly, there are many Christians who have never read the Bible entirely, let alone thoroughly studied it. They rely on a preacher or priest to do that for them. They may have read a few favorite Bible verses, but rely on the preacher for the rest. But the preacher can't get you into Heaven, the priest can't awaken your spiritual faculties, you have to do that yourself. I don't know if the same is true of Hindus, Buddhists, and Muslims, but I do know that few people study the scripture of religions other than their own. Real scripture study, the kind that can help you connect with God, means looking beyond the scripture and teachings of your own church and studying others as well. Even just with Christianity, there are many versions of the Bible, and real Bible study means looking at several of them. Then we should look beyond the standard Christians to the Gnostics, Coptics, and other groups that have scripture of their own. The Holy Spirit can be found in nearly all scripture if you know enough to look for it. A loving God does not limit Himself to one group of people. Develop a personal relationship with scripture, and you will get more from it. In scripture, there is good news and bad, and we should study it all.

Steamboat Hot Springs in Reno, NV

Travel Nevada has given our Steamboat Hot Springs another boost by featuring it in their "Nevada Pride" holiday shopping list. Here is a brief excerpt from the article.

Does it get better than soaking in Steamboat Hot Springs, the longest-standing therapeutic hot springs resort in the state of Nevada? We're talking about a place so historic, Mark Twain himself is responsible for its moniker. Nah, we didn't think so, either. If you can believe it, the springs themselves have been active, and soaked in by early pioneers and those responsible for making Nevada a state, all the way back to 1857.
